I was reading a murder story in one of the Nov. 63 issues of a Detective Magazine. Also noticed the features of which I think might be a candidate of Lee Oswald. I have compared with other pictures in the news papers, though I would send clip to you as soon as I can. I would like to have proper authority to check.

It may not be Lee Oswald but I should send this to you.

I can't attach the name it may be.

Thanking you kindly,
