I was reading a murder story in one of the Nov, 63 issues of a Detective Magazine. Also noticed the features of which I think might or could be of Lee Oswald. I have compared with other pictures in the news papers, thought I would send it to you. As your department would be the proper authority to check.

It may not be Lee Oswald but I felt I should send this to you.

I can obtain the issue if you'd like.
Thanking you kindly
