Subject: Oswald shooting

Sir,

On this date just prior to Oswalds being brought down for transfer I was assigned to the basement of the City Hall. I was standing by the last window on the left end of the Jail Office when Oswald was brought down. Just after he was taken out the door to the drive I heard what sounded like a shot. I then saw two or three Officers attempting to get Oswald back into the jail office. As I attempted to assist these officers the rush of the other officers bringing in the suspect carried me into the Jail Office. I then attempted to assist Dets. B H Combest and Jim Lavell with Oswald until the ambulance arrived. I was then ordered to Parkland Hosp. where I spent the rest of the day.
