"MY DUTY"

My duty as a Police Officer covers many fields.

Most of these require Patience, Tact, and Diplomacy, which takes most Officers many years to acquire.

My duty takes me into all walks of life and many trying situations. I find that enforcing the Laws of the land and our City, is only the beginning of a Police Officer's duties. At the end of each tour of duty, I find I have learned scmething I did not know the day before.

Respectfully submitted,

J. D. Tippit / Patrolman #848
