Dear Chip Curry,

As a Scion of Texas! I'm Pleasant,  
I am enclosing herewith 2 copies  
of a story that is appearing here in  
our local paper. I don't believe  
these things simply - There are people  
here in Long Beach that ask me if it  
would be safe to walk down the  
street in Dallas? See Ruby's story  
Dallas is a jungle. Dallas is a city  
of hoodlums, etc.  
I will assume these things are not  
helping Dallas.
