

New what is supposed to have happened was that a duplicate issue was said to have been made of a certain oil stock... and Booth made the duplicate issue while my father was ill and away from the office. It was a "Wizard Oil Company" who filed most of the \$80 dollar charges relating to duplicate stock. I remember one man's name connected with that company as being Skillern... who later owned a chain of Skillern Drug Stores in Dallas... there were other prominent men, whose names I have, etc. My Dad said that all he needed was one day at the office, and he could prove what had happened... and Booth was determined that Dad would not return to the office and uncover his act of duplicity. Later, officials of Wizard Oil Company were entertained in the Booth home, and my Dad walked in on the group. I think there is a way of checking up on that oil lease, seeing who got the \$3,000,000 my father was cheated of, etc.

One thing I do recall the LORD told me of... He told me that if my father had been permitted to sell that lease, obtain the \$3,000,000 cash that he would have become rich and famous, and would have accumulated masses of wealth... that his name of Hackwerth would have sprung up into prominence... that if this had happened, the LORD would not have been able to accomplish his secret work... the work being of producing a woman to confound the wise... such a woman being made to seem so very foolish, etc. When I understood this, learning it was the perfect will of the LORD for my father to be degraded and kept down all his life, etc., I wept very bitter tears, as I recalled his life and his disappointments and trials... yet always cheerful and his hope never lagging! And at the same time the LORD told me the enemy had slain my mother and her second husband; that Carl C. Booth had done this deed... and in time the LORD would show me the reasons therefor. I can understand all of this so much better now... for how much better to go down into history as the father of one ordained by the LORD... even the seed being hidden in my father's giver... how much better that... than to possess great wealth! And it was from my mother's womb I was taken by the LORD... how much better to go down into history as being the mother of one anointed and foreordained... even that one whom God declares to be his servant "O Israel" with a work out for such a one as I am... the woman given birth by my precious mother... how much greater this is than to amass wealth, then be forgotten, etc.

Now, regarding Carl C. Booth: the last I heard of him was when I called my aunt, Nettie Mae Ralston Booth, to say to her that the LORD had told me to tell her to be very careful... that her life was in danger, etc. At the time she told me that she was planning to move back into her place on 2121 Bennett Street... that "Uncle Carl" was suffering from arthritis. I let her know plainly that the danger would come from him. Then my sister in Albuquerque wrote me last week she had heard from "Aunt Nettie Mae Booth." (My sister was sixty years old on Feb. 14, 1967... Aunt Nettie Mae's birthday is on Feb. 13th... Carl Booth, as the informant on my mother's death certificate gave his wife's birthday of Feb. 13th as being that of my mother... showing how he connected the two of them together in his mind at that time of March 30, 1925.)

I do believe that Carl C. Booth has in his files or hidden papers the story of Kennedy's assassination... that even he has hopes of becoming famous (after death?) of being another Booth responsible for a President's assassination, even as I have heard him say he wished he had been the Booth to murder Lincoln... claiming that Booth escaped and was related to him... that he lived out his life in Chappell Hill, Texas, or something or somewhere like that, etc... that the Catholics had been behind the murder of Lincoln... and I know that Booth had an affinity for Catholic priests, etc. I know there was a connection between the present Sheriff Bill Decker and Booth, even with the late Ed Cobb who was County Clerk in Dallas... he worked with my mother in the Courthouse up to her death in 1925... Decker ran the elevator... and mother used to say the two of them (Decker and Booth) entered her office at night and changed the land records, etc. (Even recently I learned how fierce the Dallas Morning News is in taking up for Decker. And Captain Will Frits investigated my mother's murder... he knows the story of Carl Booth; and he also was responsible for things concerning Kennedy and Oswald!)

I re-read where the LORD told me He would reveal Booth as my mother's murderer, and bring all these hidden things to light. I think the truth will be that both my father and mother were to be put out of the way, as well as myself... this began with ruining my father... then murdering my mother and her second husband... I know Booth was responsible for both acts... but to trace it through him to the "communist" plan for world conquest did seem to me too far-fetched... now it seems most reasonable. I think it was Booth who had me shot at so many times via a foreign-made long distance rifle... and the LORD saved me each time.

I know the Bible plainly declares that Eisenhower is involved... that he had me taken away... that he had intelligence with them who turned from me... that he caused Johnson to be set up in office, replacing Kennedy; and there had to be confederates to carry out orders!
