Dear Chief Batchelor, I hope when these
few lines reach you they will find you
well and not working too hard, I am well
but work hard every day for my neighbors
and watch all of these teenagers who stay
hooked from school and those who do
not work and also these adults who roam
these streets and if I see anything going
I can not call in since I am for
law and order and a peaceful man in which
these three men Capt. Will Fritz, Capt. Geo.
L. Thompson and Capt. Gassitt will prove
my statement is true to you and also to them
and half of the radio patrol officers. I have
painted you a picture of president Kennedy
and Mrs. Kennedy and also a picture of Mrs.
Kennedy and her second husband, Mr. Oswald
for the radio patrol. Now I hope you
will let a patrol officer come to 25305 Lawrence
Street and pick them up.
