Dear Gentlemen,

My name is Brad Barnes and I am an 8th grader at McLean Junior High in Fort Worth, Texas. In my history class I was called upon to do a report on our late president, John F. Kennedy. The reason I am writing this letter to you is that I thought that you at the Dallas Police Dept. ought to have more information about the assassination than any other person or group of persons anywhere. If you have any pictures or any reports that you can send me, I would be deeply grateful. I would be happy to pay for any postage or handling charges. Again, I would be deeply grateful for any information that you could send me at all.

Sincerely yours,

Brad Barnes
