Mr. David W. Belin  
President's Commission on Assassination  
200 Maryland Avenue NE  
Washington 2, D.C.

Sir:

In regard to the third hull which I stated has GD for George Doughty scratched on it, Captain Doughty does not remember handling this.

Please check again to see if possibly it can be VD or VED for Vince Drain.

Very truly yours,

J. C. Day  
Lieutenant of Police  
Identification Bureau
