

March 2, 1964

Dear Mr. Ruby:

Human illnesses
and emotions are often
beyond our power to control,
the awareness of this, is
surely something God's
Supreme knowledge does
understand. As one of
my acquaintances your
friends, I sincerely hope
mortals may recognize
this fact. I shall con-
tinue to pray for you each
day - sending my best wishes
and good luck your way.

God lead you when
the way seems filled
With loneliness
and dread,
And send the sunshine
of His love
To light the path ahead.
