Dear Uncle Jack,

How are you? Well I guess. I guess I must have foot the other day but that's better now.

Did you see my mom? She is tall, got one with the brown hair.

Yesterday Mary took us to the Chicago Historical society and it was interesting. We saw alot of stuff - mostly about Abraham Lincoln. We saw a bracelet that was burned in the Chicago fire and at first I thought it had diamonds in it but as I read the caption underneath it it said they were amethysts. They looked like diamonds because I guess when it was burned the amethysts turned white.

A KID
JUDITH KANWASKY

P. S. I'll explain about the ITH. You was my real name is Judith and when I was little I thought my middle was ITH.
