companions travelling the gold rush country, attending Bar Assoc meetings - & nearly being married - except he had two grown children bigger than I was. So Dale gave me this and another place here & put care. And one of his 600 fervent love letters said he had made a will, & I would always have something to live on. Gov. Warren - at that time appointed him as Superior Court Judge of Merced County Northern California. When he finally finished 1 1/2 terms as Judge he retired to travel the world - <sup>he was</sup> I had broken my knee & could not keep up with the travel involved. He spent time in Africa big game shooting. His sister & her daughter's husband being with & in the American Govt employ. But part of a year there and around the world was too much for him, and much sooner he was on his way back to me & quiet life, & after the Stanford game with his family he dropped dead. His son, who is also an Atty (Stanford) decided to destroy the Will.
