Re: J. D. Tippet
Police Department

Gentlemen:

The following is a progress report on the above named patient last seen by me in my office on 8/19/60.

There has been marked improvement in the guarding of the right hip motion and patient has begun walking today a little bit without too much pain. It is recommended that the patient continue his drug for the remainder of the dosage that he has, that he increase his activity gradually over Saturday, Sunday and Monday and that he return to work on Tuesday if pain free. He is to return this office in two weeks for possible final evaluation of the present complaint.

Enclosed please find a statement for services rendered to date.

Very truly yours,

HAROLD A. MITTON, M.D.
