Dear Sir:

Though I'm only a citizen of the U.S. and an honorary Texan - I feel that we should all assist in lifting some of the stigma placed on Dallas because of the President's assassination. It can not be changed that it took place, but perhaps if your dept. could come up with some information not included in the Warren Report - it may replace some additional confidence in the Dallas Police Dept. -

I noticed two things that may place you on a new tact toward getting all the information in the killing. I'm satisfied he did it - but not the conclusions reached as to why! -
