A3

Mr. William F. Kelly  
Chief of Police  
Charleston Police Department  
Charleston, South Carolina

Dear Chief Kelly:

I regret that we do not have available at this time any photographs or printed material relative to the assassination of President Kennedy.

We have, of course, furnished copies of our investigation to our State Attorney General and the special commission appointed by President Johnson. The remaining copies we have must be retained for this Department's files.

Very truly yours,

J. B. Curry  
Chief of Police
