Dear Sir:

My Senior Civics class at the end of the year has to turn in a term paper, and as my teacher has chosen the life of John F. Kennedy and his assassin, Lee Harvey Oswald.

My friend I also want you on Lee Harvny Oswald and his assassin Jack Ruby. She would like to know if you could send her a snapshot of both assassins and a little information about where they were born and what kind of child hood they had.

This information would help both of us out on our term papers. If you cannot help we would you be able to tell us where to write for such.
Thank you for your time.

Respectively yours,
Steve Coey
