

Stump Water

By PENN JONES JR.

... just returned from four
... in California, and this hat
... shrunk. We do not have
... head. No.

... anyone out there was so
... us.

... were on Side Lights, a TV
... at Bakersfield, California
... hour and again on the
... Sahl show in Los Angeles
... hour. Sahl was off his
... for about two days. 31,000
... and letters in two days
... 39 week contract renewed.
... people had to be turned
... from the TV studio (seated
... Bakersfield. No seats left.
... Sahl's show, we were on the
... with Sylvia Meagher,
... S. Arnoni both of New
... ty. Sylvia has done more
... than most on the assassin-
... and has done it more
... ly than anyone.

... Arnoni, who spent more
... x years in Hitler's con-
... on camps, is editor of
... **MINORITY OF ONE**, a
... magazine which accepts
... ertising. Arnoni is doing
... ossibly can to try to make
... ntry retain a little of its
... and former greatness.

... have not had the pleasure
... ing the full page ad in
... W YORK TIMES which
... of Dallas bought to de-
... elf. We did, however, see
... n which informed us that
... ve call him Big Daddy

... Since we have not seen
... Dallas ad, we will have to
... to imagine what Dallas could
... te improve its image. These
... off-hand suggestions and our
... probably will not be seriously
... sidered by Dallas, but are of-
... in the kindest sympathy.

... Example: "Everything
... say about us is true. We are
... democratic. We are self cente-
... We did provide an atmos-
... which made it possible for
... President to be murdered.
... we promise to try to start
... better. We are going to put
... truth in the pulpit and in
... papers."

... Example: "Yes, all you
... about us is true. And if we
... not do better in the next two
... months, we promise to dig
... big hole, jump into it and pull
... the hole in behind us."

... **Don Dallas doesn't believe in
... our suggestions!**
