Dear Friend and Pal

I just want you to know what you did was the only way.

California is for you. The Medal of Honor is for you.

Don't worry, old pal I knew you in Los Angeles.

We were in your place of business in San Diego when you mentioned you were going to Texas to see your sister back in 1949.

I advise all Texans are a bunch of back-biters and you - all - and such.

Texans invariably say HOUDY but on the other hand, uncalled for ROUDY. Keep your mouth shut
