Mr. Rubin (Buckingham)

As you state freely from how come you
and the Dallas police, can take the law
in their own hands.

What is behind each of these incidents, besides
your own certainly hope and fear. That you
and your group, will be prevented to the
point of the law.

No doubt, that animal, after murdering
to me, he had accomplished, and
General President John F. Kennedy, as he
was not shot, as he would not take
as the Dallas police, allowed you to shoot
him.

His wife and family, does not need
your opposite corner, and that was only a
game.

Best again hope you and your group will
be prevented Mr. E. M. Sackor
