Mr. Ruby,

you may feel happy in getting all those letters you lawyer mentioned on T.V. Sunday, about how great a person you are for the cold blooded shooting of deamed, but I happen to be one of the "Canks" that think you are enemy but as bad as deamed!

you had no right in taking the law into your own hands; the lawyer and courts are to handle people who break our laws; not you.

Mrs. Ed Flocke
