Dear Jack, &

We want you to know you haven't been out of our thoughts for one minute. We are all hoping and praying that you will soon be a free man. In the meantime try to keep up your health and spirits.

All our friends are very sympathetic. I don't know what else to say right now, Jack, but again keep your spirits up and take care of yourself. If you can write, do so.

Your sisters,
All our love to you.
