Mr Ruby, -

I can not figure
why you will so
foolish, to shoot & kill
Oswald - that's what we
have Courts, & Electric Chair
for you could not have
rated a death more
than if with the death of
President J. Kennedy.
I would not be in your
place for \$1,000,000.00
If Oswald, would have
been sent to - Chair, now
it's you & is your fault.
