Gentlemen:

An inquiry has been made to me with respect to a supposed interference by me to the effect that there was animosity between the FBI and Secret Service while I was at the Warren Commission during the time that testimony was being given to the Commission by Robert Oswald.

In order that this matter may be crystal clear, I want to categorically state that I have made statements more than once that I felt the FBI and Secret Service have done a magnificent job in the investigation of the assassination of President John F. Kennedy and if anyone gained the impression at the Warren Commission or elsewhere to the contrary, such was erroneous on their part. If anyone has made a statement to the effect that I left the impression that there was any animosity between these two agencies, it is their impression solely and not mine. Since I became involved as counsel in this matter, it has been my distinct impression that the two agencies have and are cooperating fully and, certainly, insofar as Robert Oswald and Marina Oswald are concerned, during the time I have been their counsel, the two agencies have worked together in a most harmonious manner.

I would like to further state that when I became counsel for Robert Oswald and Marina Oswald, that I did it with their full understanding and written consent that any information which came into my possession, pertaining to the investigation of the assassination of President John F. Kennedy and the events thereafter, would be turned over to the FBI.

Sincerely yours,

William A. McKenzie

RPG/ds

On February 19, 1964, ROBERT LEE OSWALD, 1009 Sierra, Denton, Texas, made available to SA's BARDWELL D. ODUM and ARTHUR E. CARTER a notebook diary prepared by him in his handwriting, a copy of which was made. The contents of this notebook diary are hereinafter set forth:

"8-28-63

"Thomas Jefferson

"Born April 2 1743 o.s (April 13th)

Died July 4th 1826

"From his Autobiography.

"Nothing is more certainly written in the book of fate, than these people (Negroes) are to be free; nor is it less certain that the two races, equally free, cannot live in the same government."

"I served with General Washington in the legislature of Virginia, before the revolution, and, during it, with Dr. Franklin in Congress. I never heard either of them speak ten minutes at a time, nor to any but the main point, which was to decide the question. They laid their shoulders to the great points, knowing that the little one would follow of themselves." In a body to which the people send one hundred & fifty lawyers, whose trade is to question everything, yield nothing, and talk by the hour, how can it be otherwise?

"How the good should be secured & the ill brought to rights, was the difficulty. To refer it back to a new Convention might endanger the loss of the whole. My first idea was, that the nine States first acting, should accept it unconditionally & thus secure what in it was good, and that the four last should accept on the previous condition, that

~~100-10461-23~~

DL 100-10401

"certain amendments should be agreed to; but a better course was devised, of accepting the whole, & trusting that the good sense & honest intentions of our citizens, would make the alterations which should be deemed necessary.

"Were not this great country already divided into States, that division must be made, that each might do for itself what concerns itself directly & what it can so much better do than a distant authority. Every State again is divided into counties, each to take care of what lies within its local bounds; each county again into townships or wards, to manage minute details; and every ward into farms to be governed each by its individual proprietor. Were we directed from Washington when to sow, and when to reap we should soon want bread. All know the influence of interest on the mind of man, and how unconsciously his judgment is warped by that influence. To this bias add that of the esprit de corps, of their peculiar maxim and creed, that "it is the office of a good judge (or anyone with power - my own idea to add the preceding abstract statement) to enlarge his jurisdiction", & the absence of responsibility;

"I do not charge the judges with wilful & ill-intentioned error, but honest error must be arrested, where its toleration leads to public ruin.

"But it saves the Republic, which is the first & Supreme law." Jefferson spoke in regard to the impeachment of judges but I believe this should apply to all public offices, whether state or Federal.

"December 6, 1963

"For the history of the pass 2 weeks as seen thru my eyes & heard with my ears & felt with my body I write for future references for myself & for future members of the family.

"Friday - November 22, 1963

"I was out to lunch, on this never to be forgot day, with Bill Darwin, Burnette Henry, Bob Oesch & Bud Adams all of the Rene Birch Co. As we were leaving the Jay's Grill in Denton the cashier commented 'Have you heard (Speaking to all of us) that the President had been shot'. This was approx 1:00 P.M. As we walk__ to the car generally we all had doubts if it were true are not. Soon as we entered the car the radio was turned on & it was real enough but at this time the reports were not stating how serious the President was or Gov. Connally.

"We were on the yard of the 'Old' Denton Plant when a man from the sample dept. said that President Kennedy was dead. It seems untrue or hard to believe it was unreal & I'm sure none of us there really grasped the full meaning of that statement.

"We return__ to the New Denton Plant with vary__ degree's of comment's from everyone in the car. Soon as we stepped from the car someone said we should have our flag at half-mast. This was done promptly.

"After about 1/2 hour in the office we went out in the yard at the New Plant and returned to the office approx 1/2 - 3/4 hr. later.

DL 100-10461

"I returned to my desk & worked on some papers for about 15 min & left my office & walked up to the front desk or rather into Marvin Ellis office & Nina Providence the receptionist is located there also had a portable radio going. I remember that the radio announcer said Lee's name & Miss Providence said 'Oswald' with shock & realization in her face -- then the second time Lee's name -- then it hit me my statement was 'That's my kid brother.' I turned & went to my phone & called Vada & asked her if she had heard. She had not. I explained briefly & told her I would be home shortly.

"I received, before leaving the office, a phone call from Wilt Osborne credit manager in Fort Worth stating 'Bob brace yourself your brother has been arrested' to this I replied 'Yes I know I just heard.' He advised me that my mother was trying to reach me & gave me a number to call. I called & we agreed to meet in the Baker Hotel in Dallas & that a Star-Telegram report would take her there.

"I left the office & came home & on arrival Vada & I agreed best to call her folks & have them pick up the kids & herself (at first Vada insisted on going with me -- I am thankful I would not let her go).

"I called the Fort Worth General Office & asked for Harry Regen but he was on a long distance call so I asked for Bill Darwin & advised him I needed to go to Dallas & he stated yes he had heard & something like Do what you need to do & don't

DL 100-10481

"worry about the office, also the F.B.I. had called the office for me.

"I called the F.B.I. Fort Worth office and spoke to a Mr. Jennings & informed him that unless he wanted me to do something else I was going to Dallas & he asked that I go to the F.P.I. Office in Dallas soon as possible. I advised him I would arrive around 5 P.M.

"It was approx 5:15 P.M. as I rang the night bell at the F.B.I. Office. Strange but I do not recall the agent__ name who interviewed me for 2 hours of when was the last time I saw Lee? Or when was the last time I wrote him or heard from him? This was a an interview with no preure applied to me. His first statement was I had a right not to answer any questions. My reply was I didn't need a lawyer & he could feel free to ask any question. On completion of our talk I asked where was Lee being kept & he said 'Dallas City Jail or Police Station.'

"I walked into the Police Station around 7:15 P.M. & went upon in a_ elevator but it was the wrong floor.

"I found a Capt. of Police in Traffic Division eating his dinner & asked where I could find someone in charge of the case. I then introduce_ myself. He stop__ eating & tried to call upstairs but all the lines were busy, so he said he would take me up. As we stood waiting on the elevator I reach__ into my left-hand rear pocket for a handerchief & apparently or a_ least I feel almost certain that the Capt. thought I was reaching for a gun because he turned as to prepare

DL 100-10461

"himself but then he saw it was a handkerchief. We went upstairs and he found Capt. Frits who was in charge of the case. We shook hands & he asked that I wait in another office. The office I went into was where mother was & a Star-Telegram reporter & 2 or 3 P.B.I. Agents. Two of the Agents name were Brown.

"Mother & I talked briefly & after about 30 min. we were taken across the hall to where Marina & the 2 children were (this was the first I knew of the new baby). A Mrs. Paine was also present. We talked a little & shortly Mrs. Paine-- who the police had been talking to came out of the office & Mrs. Paine introduced us. I did not like the appearance of Mrs. Paine nothing really to put my finger on but I just had a feeling.

"I still do not know why or how but Mr. & Mrs. Paine are somehow involved in this affair.

"Shortly thereafter Mother, Marina & children & the Paines left to go to the Paine's house in Irving & I advised them I would stay there & see them tomorrow.

"I stood around for a short while & finally started a conversation with a Cummings (I believe this was his name). We of course, discuss the happen of the date and I do not feel we were in any type of 'formal or informal interview we were just talking. This office did state he did arrive at the movie shortly or during Lee's arrest. He did give me my first first hand report & generally it was as announced in the radio & thru the press. That

DL 100-10461

"he was capture_ in the theatre after shooting a policeman later identified as Tippitt. Also he was thought to be involved with the President's death. We talked about 30-45 min & I finally decided I could gain nothing this night -- this night of unspeakable horror.

"I walked to my car about 7 blocks away (I was not known to reporters at this time & was not bothered at all) & I just started to drive to drive down Highway 80 to Fort Worth & returned to Dallas by the turnpike the only stop I made was a_ midway for gasoline. I do not recall my thoughts other than I was attempting to arrange my thoughts & my fears in my own mind.

"I arrived back in Dallas approx 10:30 PM & check__ into the Staler-Hilton Hotel, which is located across the street from Dallas Police Station. After checking in I went to my room & then decide_ to eat something, which I did in the coffee shop_ I had a ham sandwich.

"After eating I decide_ to go back to the Police Station this was approx 11:15 P.M. maybe 11:30 PM anyway I asked to see Capt. Fritz again and was taking_ to his office but again he was busy, however as I stood outside of his office an F.B.I. Agent who__ name I do not recall asked if he could not speak with me and of course I said yes. We sat in a small office & another F.B.I. Agent came in & we start__ & covered more or less the same ground covered by the original interview with the exception of one thing the man__ name who had come to my house in Ft. Worth while Lee was there this was Mr. Peter Gregory (I later became to know him, at least a little bit, and find him to be a fine person). At approx 11:55 one agent left and returned and said

DL 100-10461

"12-7 Robert you might as well know now they are charging your brother with the President__ death (he had all ready been charged with Policeman Tippitt__ death)_ I looked at my watch_ it was a few minutes after 12 midnight.

"I left the Police Station a few minutes later & as I walked to the hotel approx 1/2 block away my body suddenly began to shake all over - however I regained control by the time I reach__ the entrance to the hotel. This young body of mine had then started to react to this unbelievable day & during the next 7 days especially my young body_ mind & soul was aged a great deal.

"I went to bed this Friday night of November 22, 1963 but I know I never really went to sleep.

"Saturday November 23, 1963

"I started moving about at 7 AM took a shower & because I didn't have a comb, razor or anything I went to the drugstore & purchase_ a comb & hair oil returned to my room combed my hair & left for a shave in the hotel barber shop.

"The barber who shaved me & the barber in the next chair had a discussion on the past day's happening. I listened intensely & even now (2 weeks later) I cannot recall but one point & that was made by the barber who shaved me. The point was even the crime Lee was charge_ with he deserves like anyone else a just & fair trial. I never commented to any part of the discussion but I did leave my barber a 50¢ tip.

9
DL 100-10461

"I went, without breakfast, to the Police Station and after hanging around for 30-40 min I thought that since charges had already been made that the District Attorney's office might be the place to contact. I called from the first floor of the Police Station & was advised by an Asst. D.A. that the D.A. was not in but expected shortly & for me to come to his office.

"12-11-63 when I arrive_ the D.A. Mr. H. Wade was there & I was shown right in & also met 1st Asst. D.A. Jim Bowie. We talked for about 1 hour or so mostly general things about when & where Lee__ trial would be held & would it be a Federal case or not. The answer was no to Federal case since it was not against Federal law to kill a President. All of our conversation was pleasant & not to_ infuriating on either side.

"I received a call from Mother while I was at the D.A.'s office & she advised that she was at the Baker Hotel (I believe) & was with Life Magazine reporters. She stated the_ Capt. Fritz had agreed for us to see Lee around 12 noon. I left the D.A.'s office at approx 11 AM & went to the hotel. I remembered I walk__ there I believe it was 6 or 7 blocks.

"When I came to the hotel room 2 Life men were there one F.B.I. Agent by the name of Odum & an interpeter (She was a mess just to see this interpeter). Marina apparently did not want to talk to the F.B.I. at this time so we made ready to go to the jail to see Lee.

"We arrived approx 12 noon & were asked to wait for a little bit before we could go up. As we were

"waiting a man asked if he could talk with me. This was Mike Howard of the United States Secret Service. Mr. Howard stated that he would like certain facts about Lee & myself. I indicated I would be more than willing to answer any & all questions the best I could. We had an interview that lasted perhaps 1 hour or so, with vary___ degrees of interruption. He mentioned that Mr. Kennedy was interested in our background etc. at the very first part of the interview. Later as we talk__ I mentioned to him that perhaps thru this direct means I could express my deepest sympathy on the death of the President my voice broke & I could not finish. Mr. Howard stated he knew what I was trying to say.

"Mother & Marina & the children went up to see Lee & I was told I would go later.

"About this time a Mr. Kelley came into the office where Mr. Howard & I were talking. Later I found out this was Inspector Tom Kelley of United States Secret Service. We talked for a few minutes off & on as we were having a few interruptions again.

"Mike Howard, Mr. Kelly & myself talked about whether or not Lee upon seeing me would say anything to me because he (Lee) did not at any time admit to any part of the whole unbelievable mess. I stated I would do my best. (Do not misunderstand here my whole intention then as now was to find out the truth & nothing else).

"Approx 3:15 PM I went up to see Lee & as we came face to face thru the glass he motioned for me

11

DL 100-10421

"to pick up the telephone which we were to talk thru. His first statement to me was 'How are you' I reply O.K. & I asked if he was O.K. (He did have cuts & bruises on his face) He stated that he was O.K. & that they were 'treating me well.' I do not recall everything we say I did try to point out to him that the evidence was overwhelming that he did kill the police officer Tippitt & possibly the President. To this he replied do not form any opinion on this so called evidence. All the time we were talking I searched his eyes for any sign of guilt or whatever you call it. There was nothing there -- no guilt no shame no nothing Lee finally aware of my looking into his eyes he stated 'You will not find anything there.' I tried to talk about his family (Marina & the babies) He said 'How about the little one I want a boy but you know how that goes.' He asked that I not come every day to see him but he did want me to come though & visit with him. He talked about the Paines as his friends & that they would take care of Marina & children. I stated what he considered to be his friend were not necessary mine, I did this to try to get thru to him, to me his answer was mechanical & I was not talking to Lee I knew. A police officer finally tap Lee on the shoulder & Lee said that was all & his last words were 'See you.' These were to be the last words I would ever hear from him.

"Mr. Tom Kelley & Mike Howard were waiting outside the door for me & as we enter the elevator & the door closed I said 'He did not say anything because (I forgot this up above) the first thing Lee said was that the line is tapped. Mr. Kelly said if it was he would not be asking me what was say_.
