Oct. 21 (Sun) - with my life whirl away, I think to myself "how easy to live" and "a sweet death" (to violence) about the time she comes me unconscious (conscious water and red color) she screams (I remember that) and runs for help. She comes, an ambulance hospital. Where five stitches are put in my wrist. Poor Rina stays by my side as instructed (my question is still what BAD) far into the night, I think "go home" (my mood is bad) but she stays, she is my friend. She has a stomach with pain at this moment I notice she is...

Oct. 22. Hospital I am in a small room with about 4 others (like a prison) 2 balconies and a nurse. The room is very dark as well as the bathroom. Only 2 other patients (2 women) are in the room. The other are out of sight I go into the bathroom. It's very clean and bright. Later in afternoon I am visited by Rina, she comes in with two doctors as they ask me most of the medical questions. Did you know what you were doing? Yes, yes did you know? No, no. I thank them about the food the doctors think that this is about 6:00 PM later they leave, I am alone with a nurse (amongst the mentally ill) she encourages me and tells me she says she will help me to get transferred to another section of hospital (not for insane) where food is good.

Oct. 23. Transferred to ordinary ward, (dark, good food) but nurses suspicious of me. (they know). Afternoon I am visited by Rosa a woman of the nurse, who asks about my health, very beautiful, excellent nurse, very friendly and kind, she makes me very glad to live here. Later Rina visits.

Oct. 26 An elderly American at the hospital came searching about the person's reason. Afternoon I am in the room with him I had not registered as most secret and I am in the room because of presence in Moscow and at hospital.

 they shall become effective only after conflict

 seem to be preparing to simply liquidate

 more or less taken for granted.

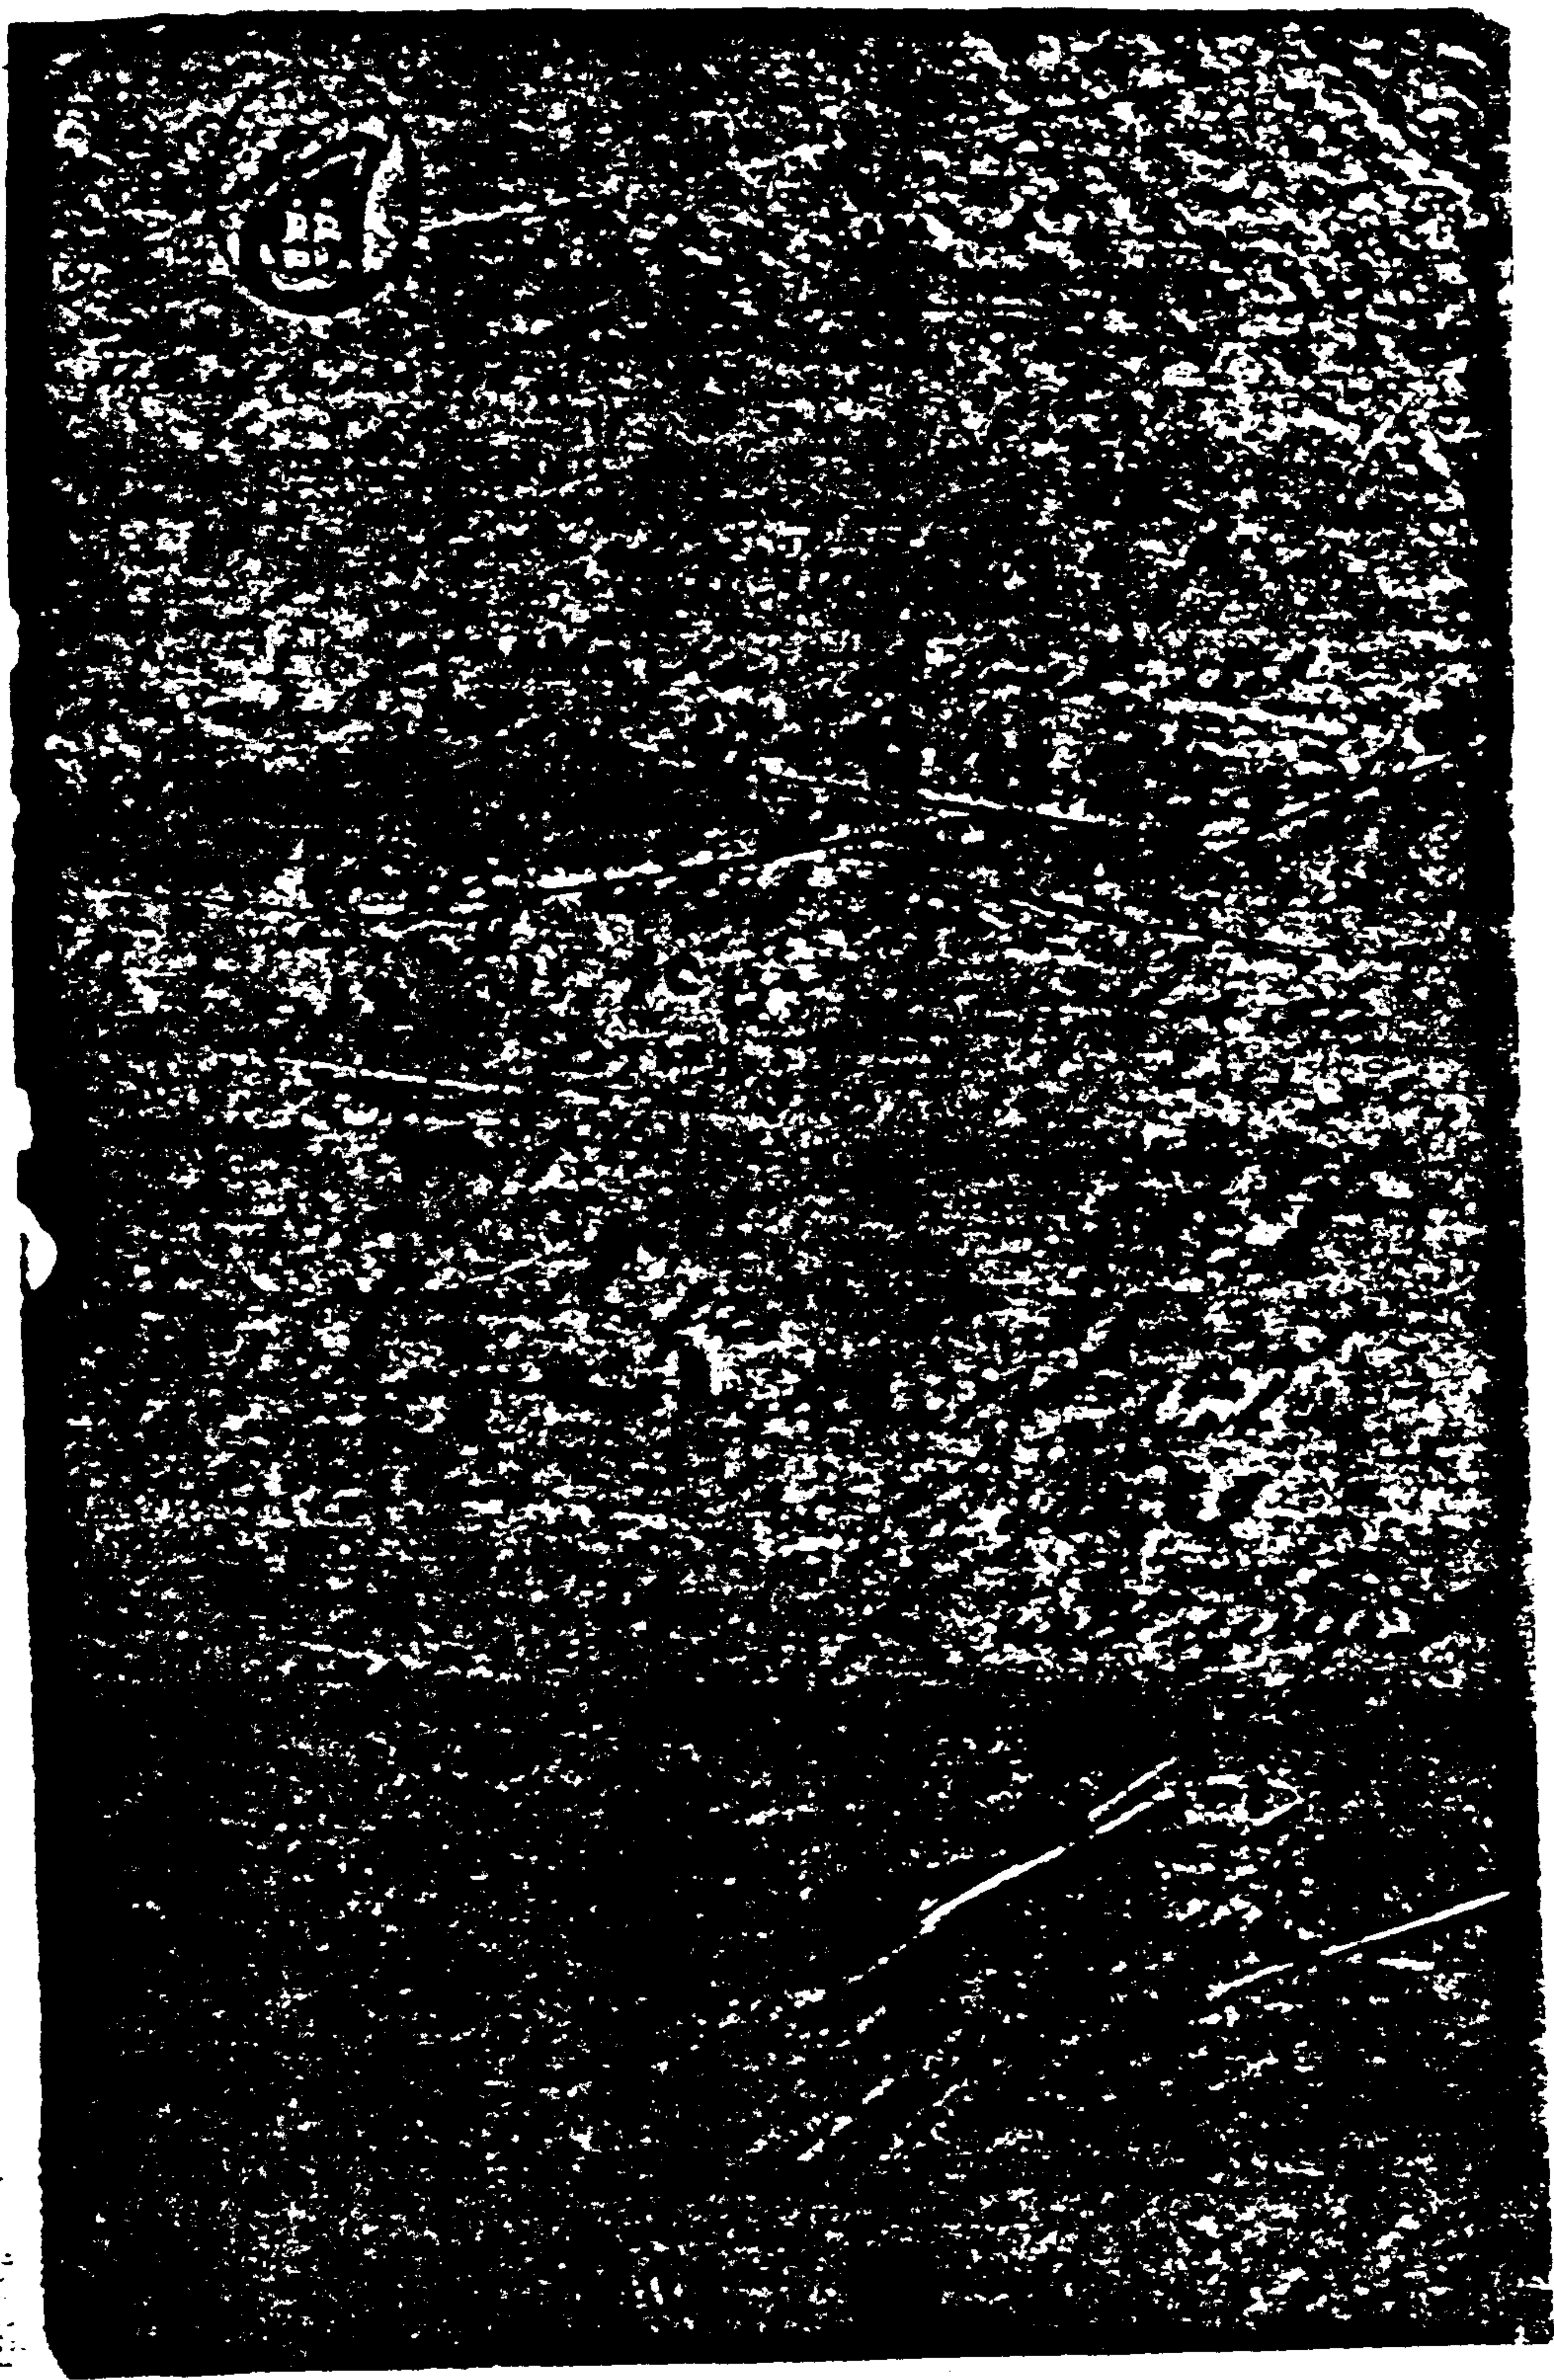

These road groups will appear
 remaining hard core of financial

 They will probably be made

death they be labor connected,
they are all products of the two systems.
