FOR REPLY REFER TO
DIEB-vhr

7 MAR 1962

Mr. Lee H. Oswald
Kalinina Street, 4-24
Minsk, U.S.S.R.

Dear Mr. Oswald:

Your letter of 30 January 1962 addressed to the Secretary of the Navy concerning your separation from the Marine Corps Reserve on 13 September 1960 has been referred to me for reply.

A review of your file at this Headquarters reflects that a board of officers was convened by the Commander, Marine Air Reserve Training, Naval Air Station, Glenview, Illinois, for the purpose of determining your fitness to remain a member of the Marine Corps Reserve. Referral of your case to this board was premised on reliable information which indicated that you had renounced your United States citizenship with the intentions of becoming a permanent citizen of the Union of Soviet Socialist Republics. The Commander, Marine Air Reserve Training, made reasonable effort to inform you of your right to appear before the board in person, representation by counsel of your choice and to present any evidence or statements you believed pertinent to your case.

In the absence of reply from you concerning your rights as noted above, the board, nevertheless, convened and met on 8 August 1960 at which time a recommendation was submitted that you be separated from the Marine Corps Reserve as undesirable. This recommendation was concurred in by the Commander, Marine Air Reserve Training and approved by this Headquarters. Your discharge as undesirable was directed by this Headquarters on 17 August 1960 and effective 13 September 1960.

Your discharge certificate as undesirable is attached. Earlier delivery of your certificate could not be accomplished since your whereabouts previously was unknown.

Sincerely,

Dear Friend:

Thank you for your prompt reply. Enclosed are your card and receipt, along with our thanks and welcome.

Your interest in helping to form an FPCC Chapter in New Orleans is gratefully received. I shall try to give you some basic information now so that you may have a better picture of what this entails.

For one thing, I am enclosing a copy of our Constitution and By-Laws for all Chapters and Student Councils. You will note that there is considerable autonomy for an organization our size. We try and let all Chapters operate according to the local requirements. Naturally, there are minimal regulations which must be met.

(All Chapters can receive literature in bulk at a discounted rate and resell at the retail price and use the proceeds for further Chapter activities.) Credit is extended and payment is not required with the order. We do expect payment within a reasonable period so that we may continue our end of the operation.

It would be hard to conceive of a chapter with as few members as seem to exist in the New Orleans area. I have just gone through our files and find that Louisiana seems somewhat restricted for Fair Play activities. However, with what is there perhaps you could build a larger group if a few people would undertake the disciplined responsibility of concrete organizational work.

We certainly are not at all adverse to a very small Chapter but certainly would expect that there would be at least twice the amount needed to conduct a local executive board for the Chapter. Should this be reasonable we could readily issue a charter for

256

799 BROADWAY NEW YORK 3, N. Y. OLdgoe 4-8293

New Orleans Chapter of FPCC. In fact, we would be very, very pleased to see this take place and would like to do everything possible to assist in bringing it about. We feel that the south-east is a very difficult area to work because of our lack of contacts. Our only southeastern Chapter right now is that in Tampa, Florida which I originally organized before coming up to work in the National Office.

I for one am convinced of the possibility of such an enterprise but know from experience that it is quite a problem and requires some sacrifice on the part of those involved.

You must realize that you will come under tremendous pressures with any attempt to do FPCC work in that area and that you will not be able to operate in the manner which is conventional here in the north-east. Even most of our big city Chapters have been forced to abandon the idea of operating an office in public. The national office here in New York is the only one in the country today and the New York City Chapter uses our office too so it is the only Chapter with an office. Most Chapters have discovered that it is easier to operate semi-privately out of a home and maintain a P.O. Box for all mailings and public notices. ((A P.O. Box is a must for any Chapter in the organization to guarantee the continued contact with the national even if an individual should move or drop out.)) We do have a serious and often violent opposition and this procedure helps prevent many unnecessary incidents which frighten away prospective supporters. I definitely would not recommend an office, at least not one that will be easily identifiable to the lunatic fringe in your community. Certainly, I would not recommend that you engage in one at the very beginning but wait and see how you can operate in the community through several public experiences.

We will be able to give you some assistance from here, but not much. It is up to the local Chapters to handle their own affairs. You should have at least access

799 BROADWAY NEW YORK 3, N. Y. (Area 4-8293)

to a mimeo machine to prepare public material if you are going to operate. A good typewriter is essential and above all people that will carry out the million and one mechanical functions necessary to make it a going operation.

Note: when you contact people by mail we recommend that only first class be used and that no full name go on the return address on the outside of the envelope.)

You will notice how we work our's here on the national level. Many people will respond better with this type of protection against nitty neighbors and over curious postmen. These may sound like small things to you, but I can assure you that we have gone through this a thousand and more time the length and breadth of the country and have learned a great deal over the last three years through some bitter experience.

Naturally, I would like to communicate with you a great deal more concerning yourself so that we can get to know you and possibly be of some assistance to you as we get more information.

We hope to hear from you very soon in this regard and are looking forward to a good working relationship for the future. Please feel free to discuss this matter quite thoroughly with me.

Fraternally,

V. T. Lee,
National Director.

Dear Mr. Oswald:

We have your clipping requesting application for membership in the Socialist Workers Party.

We are sorry for the delay in answering your letter.

Our constitution requires that there must be a minimum of five members before a branch of the Socialist Workers Party can be formed and it is not our practice to take in individual members where no branch yet exists. Unfortunately we don't have any branches at all in Texas.

We very much appreciate, however, your request for membership in the party and wish to continue on a basis of close sympathetic relation with you until such time as a branch of the SWP can exist in Dallas. Pending the necessary basis for such a local structure, we suggest that you concentrate on seeking subscribers to the Militant and promoting the sale of socialist literature obtainable through Pioneer Publishers. Through contacts you may be able to develop on this basis let us hope it will be possible before too long to welcome a Dallas, Texas branch into the party.

In line with the above I am taking the liberty of sending a number of subscription blanks to the Militant so that you can have full advantage of our introductory offer of 4 months for only \$1. We have had great success nationally with our subscription campaign. Also, you yourself should be sure to subscribe to both the Militant and International Socialist Review as you will find them excellent sources of socialist literature and information.

Please keep in touch with us.

With best wishes,

Sincerely,

Farrell Dobbs

Our constitution requires that there must be a minimum of five members before a branch of the Socialist Workers Party can be formed and it is not our practice to take in individual members where no branch yet exists. Unfortunately we don't have any branches at all in Texas.

We very much appreciate, however, your request for membership in the party and wish to continue on a basis of close sympathetic relation with you until such time as a branch of the SWP can exist in Dallas. Pending the necessary basis for such a local structure, we suggest that you concentrate on seeking subscribers to the Militant and promoting the sale of socialist literature obtainable through Pioneer Publishers. Through contacts you may be able to develop on this basis let us hope it will be possible before too long to welcome a Dallas, Texas branch into the party.

In line with the above I am taking the liberty of sending a number of subscription blanks to the Militant so that you can have full advantage of our introductory offer of 4 months for only \$1. We have had great success nationally with our subscription campaign. Also, you yourself should be sure to subscribe to both the Militant and International Socialist Review as you will find them excellent sources of socialist literature and information.

Please keep in touch with us.

With best wishes,

Sincerely,

Farrell Dobbs

Dear Mr. Oswald:

Your letter of August 28th to Elizabeth G. Flynn was turned over to me for reply. Since I received your letter of September 1st indicating that you are moving to Baltimore, I suggest that when you do move that you get in touch with us here and we will find some way of getting in touch with you in that city.

While the point you make about your residence in the Soviet Union may be utilized by some people, I think you have to recognize that as an American citizen who is now in this country, you have a right to participate in such organizations as you want, but at the same time there are a number of organizations, including possibly Fair Play, which are of a very broad character, and often it is advisable for some people to remain in the background, not underground. I assume this is pretty much of an academic question now, and we can discuss it later.

Sincerely yours,

Arnold Johnson

Your kind offer is most welcomed and from time to time we shall call

Dear Mr. Oswald:

Your letter and reproductions were turned over to me by the SWP office.

I am familiar with reproductions and offset printing processes. It is clear from your work that you are skilled at blow-ups, reversals and reproduction work generally. Do you do any other phases of the process as well as photography? What about layout and art work?

We have access to a small offset shop here in New York. Generally, when we need any copy work done we have taken it there directly. However there might very well be occasion when we could utilize your skill for some printing project. It would, of course, necessarily have to be a project in which we would have flexibility as to time. It is not easy to do anything in which there is pressure to get a job out immediately through correspondence between New York and Texas. Such work must be done locally, out of necessity. However, for a longer term project it might be possible to ask your aid.

Could you write to me directly at the above address? I would like to know what size camera you have; how large a paper print you can make; how large a negative; and any other technical information that you can give us that would help us judge how your aid could be most effective. If you have any questions please ~~xxx~~ feel free to me and I will try to respond promptly.

With best wishes for a year of progress

WHAT IS THE N.Y. SCHOOL FOR MARXIST STUDIES?

The New York School for Marxist Studies was organized four years ago. Its aim is to offer a scientific approach to the great changes facing our nation. The era in which we live has been described as the Age of Anxiety for Conformity or Cybilism; such titles reflect the growing intellectual and moral disaffection in our country. Dr. Pauline Hirschman's answer was the establishment of a Committee for National Purpose, which was charged with discovering, as far as possible, our answer to a renewed determination to teach and study Marxism, which we think offers valid answers.

WHAT IS SCOPE?

A number of years ago a Students Committee on Progressive Education—SCOPE—was organized to give an answer to the much heard phrase on the lips of today's youth—"YOUTH WANTS TO KNOW."

Never has knowledge been more necessary for young people than in their search for a place in tomorrow's world. The members of SCOPE believe that all youth—teenagers, college students, young workers—ought to know, and so are trying to provide conditions in which to broaden our knowledge and improve our understanding of this changing, perplexing and exciting age.

SCOPE believes that knowledge can be achieved and intellectual confidence and spirit avoided only through continual study and discussion. All students are encouraged to participate actively. As the goal of SCOPE is to provide a unique opportunity for the study and discussion of Marxism.

With the founding of the N. Y. School for Marxist Studies, SCOPE chose to become an organic part of the School while retaining full autonomy as to its own curriculum. It participates in the conducting of the School as a whole, and simultaneously has full responsibility for its own particular program.

WHO MAY ATTEND; WHO ARE THE TEACHERS?

Any one may attend. The School welcomes everyone, regardless of previous education, of nationality, color, creed, or political belief. The teachers are men and women of considerable experience as teachers and in the labor and progressive movements of our nation. They believe that Marxism is the most significant philosophy available for comprehending the world in which we live.

WHAT SUBJECTS ARE TAUGHT?

The School offers courses in economics, politics, history, philosophy, literature, music and other arts.

WHO FINANCES THE SCHOOL?

The students through their course fees are the largest source of income. Dispenditures are kept to an absolute minimum. We have no paid personnel nor do we pay on having any during the coming school year. Even so the School cannot exist on the basis of the tuition fees alone; hence we shall accept a seasonal program of money-raising through affairs, donations, and other aid undertaken by our students and friends.

FEES

Fees are \$6.00 for regular courses (7 sessions, 1½ hours per session). For double courses (7 sessions, 3 hours per session) the fee is \$10.00. For college and high school students the fee is \$3.00 per course; \$8.00 for a double course. Fees are payable in full at registration; where this entails hardship, half payment will be accepted at registration with full payment to be completed not later than the third session of the course. Scholarships are offered, both partial and complete. Ask for a scholarship application at the office.

BOOKS

The School maintains a book shop in the office (Room 1922) where books for all classes will be on sale.

EXTENSION CLASSES

Where 10 people or more wish to attend a class but have difficulty in coming to the central School, extension classes, taught by members of the School Faculty, will be organized. The fees for such classes will be the same as at the School itself, plus the instructor's fee. Arrangements for such Extension Classes may be made at the office.

LECTURES, FORUMS AND CONFERENCES

The School will sponsor a number of lectures, forums and conferences held here and elsewhere.

JESUIT HOUSE OF STUDIES

MOBILE, ALABAMA

August 22, 1963

Dear Lee:

This morning I was speaking with one of our professors who heard the talk you gave to us. He thought that you made a number of good points. One of these was your criticism of speculation in the capitalistic system. He equated stock speculation with gambling. It seems to be another form of it. Another point was your criticism of exploitation which occurs in capitalism. On both these points, speculation and exploitation, the Popes have spoken strongly against them in the past 70 years.

On the other hand, the professor to whom I am referring thought that you hadn't made sufficient application. Applying the criticism of speculation and exploitation in our country, it seems that these things are regulated. In the instances where certain individuals do overstep their bounds, it seems that such occurrences are practically inevitable in a free society. If we are going to have freedom rather than strict regimentation, then the government will naturally find it very difficult to curb all abuses. The difficulty with communism is that it suppresses freedom, as you indicated, in order to obtain efficiency.

You mentioned that there are good and bad points in each system and that possibly the best system would be a fusion of the good points of both capitalism and communism, something approaching socialism. It seems that socialism might work in a small society but again, when we apply this to our own country, it appears that we are very complex and that it would be very difficult for the government sufficiently to control such a complex society as ours along the lines of socialism. Also here again, socialism means the sacrifice of freedom in practice if it is going to work. Freedom seems to be a fundamental human value precious to every man. I think that freedom can be retained and yet we can still have a just economic, political and social system. Of course this requires that each man live up to the obligations and responsibilities of respecting the freedom of other men and exercising his own freedom in a just way. Perhaps it is more difficult to achieve a just social order by relying on individuals to show initiative and responsibility in respecting rights and living up to duties, but it seems that a society based on respect for justice and individual worth is much more lasting and solidly founded and more in accord with man's nature.

The Popes beginning with Leo XIII in 1891 and continuing up to the present day have given considerable thought and energy in trying to think through to a solution of economic and social and political abuses. You might get some ideas from the enclosed article as to how the Popes have been trying to work out the problem as well as some stimulation to your own thinking on the matter.

That's about it for now. Give my regards to Marina.

Sincerely,

Gene
