

I have heard and read of the Americanism in the US. It is not the right type, but rather the political position Americanism expressed by the "American Foreign Group" of the foundation.

and yet even in these times, under patriotic gestures, there is the obvious "safe being ground" by the ~~financial~~ vested interests of the sponsors of these expensive undertakings.

To where can ~~the~~ ^{the} turn? To factional interests of both systems, to old but ~~frustrated~~ ^{frustrated} ~~advertisers~~ ^{advertisers} out of touch with reality, religious groups, to servile ~~or~~ ^{too} absurd anarchists, no!

Two great representations of
this are the world, simply expressed

any practical attempt at an attempt
must have as its nucleus the traditional

opposed to both systems.
for not system can be entirely
new, that is where most revolutions
are identical or political in
nature. And yet the new systems must
be opposed unequivocally to the old that
they are where revolutions go on.

We have already seen a few organizations who have declared that they shall become effective only after conflict between the two world systems leaves no ~~world~~ country without defense or foundation of government, organizations such as the Minute Men for instance, however, they are preparing to simply defend the present system and reinstate its influence after ~~the~~ mutual defeat of both systems mutually which is more or less taken for granted.

These armed groups will represent the remaining hard core of fanatical American capitalist supporters.

There will undoubtedly be similar representations of this kind by Communist groups in Communist countries.

There will also be many divided religious segments of ~~putting~~

the winter of 1959 my funds were very

for me to receive a certain amount of
money every month as it came to [unclear]

by the U.S.D. I told myself it was
simply because I was broke and they
knew it. I accepted the money because I
was hungry and there was several inches
of snow on the ground in Moscow at
that time but what it really was
was payment for my denunciation of the
U.S. in Moscow in 1952 and a [unclear]
promise that for as long as I lived
in the U.S.S.R. life would be all right
I didn't object to this, of course for
about two years.

Dear Mr. [Name]

As soon as I return to the U.S. my pay
 allotment was cut off. I understand
 this was not difficult here at all
 in and out of the Embassy as claimed
 as is common knowledge in the
 Embassy itself.

I have never mentioned the fact
 of these monthly payments to anyone.
 I do so at order to state that
 I shall never sell myself intentionally
 or unintentionally against anyone.

As for the fee of \$_____ I was supposed
 to receive for this _____ I refuse it
 I made pretense to accept it only because
 otherwise I would have been considered
 a crack pot and not allowed to remain
 to express my views. After all who would
 worry!!!
