Mr. LE BLANC stated he knew of no associate, friend or relative of LEE H. OSWALD and could furnish no information as to whether OSWALD owned a firearm. He did recall, however, that he had observed OSWALD looking at gun magazines maintained in the waiting room of the Crescent City Garage located next door to William B. Reilly Company, Inc. He explained that employees of the Reilly Company would go to the waiting room of the Crescent City Garage for soft drinks on their breaks and that someone in the garage apparently collected guns and maintained gun magazines on a coffee table which were available to employees. He stated he, however, had never discussed guns with OSWALD.

Mr. LE BLANC advised that the only other employee with whom OSWALD would have been in contact was ARTURO RODRIGUEZ, maintenance man.

 Mr. ~~ARTURO MENDEZ RODRIGUEZ~~, 323 Marais Street,
 Apartment U, New Orleans, Louisiana, voluntarily furnished the
 following information:

He stated that he recalled LEE OSWALD as a fellow employee at the William B. Reily Company, 640 Magazine Street. He stated that as best as he can recall, OSWALD worked there about three months and he recalled that OSWALD was working there when he, RODRIGUEZ, took his vacation in June, 1963.

He emphasized that he was never closely associated with OSWALD and that his only contact with him was when OSWALD started working for the Reily Company, in that he instructed him how to oil and clean the machines. He also stated that as far as he could tell, OSWALD was not friendly with any of the employees and he described OSWALD as a person who did not talk much, was very quiet and did not associate with any employees.

He stated that when the workers took a break, OSWALD always stayed by himself, sometimes he went to the driveway and smoked a cigarette, and sometimes he just sat in a chair and appeared to stare into space.

OSWALD never discussed his past and RODRIGUEZ knew nothing about his background. Shortly after he began working he did state that he had just gotten out of the military service and came to work for Reily Company. RODRIGUEZ stated that he did not know that OSWALD was married and did not know where he lived. RODRIGUEZ said that to the best of his knowledge, he did not believe that OSWALD had an automobile as he sometimes saw him come to work on a bus.

RODRIGUEZ advised that he has never received any mail from OSWALD and did not know where he went when he quit working for the Reily Company. He stated that he believed OSWALD did not quit his job voluntarily, but was asked to leave by the company. He informed he did not know anyone by the name of HIDEELL.

The following description of ARTURO MENDEZ RODRIGUEZ was obtained by personal observation and questioning:

Mr. JOHN C. CLARK, Assistant Vice President in Charge of Production, William B. Reilly and Company, Inc., 40 Magazine Street, advised that he knew LEE H. OSWALD only while OSWALD was employed by that company and only because he was so employed. He continued that his only contact with OSWALD was to reprimand him a couple of times. He explained that OSWALD was not an aggressive worker and had to be reprimanded concerning this.

Mr. CLARK stated that he had no conversation with OSWALD concerning outside activities and that he did not know any of OSWALD's friends or associates nor any member of OSWALD's family.

Mr. CLARK stated that an inquiry of all employees of the plant revealed that only the following individuals employed by William B. Reilly and Company, Inc., had had any conversation whatsoever with OSWALD.

EMMETT CHARLES BARBE, JR., maintenance foreman, OSWALD's immediate superior.

CHARLES JOSEPH LE BLANC, a maintenance man who worked with OSWALD."

ARTURO RODRIGUEZ, a maintenance man who worked with OSWALD.

Miss ROSE SCHAMBRA, a floor lady in the plant.

Mr. CLARK advised that OSWALD was actually employed by ALFRED A. CLAUDE, who was plant manager at the time. He continued that CLAUDE is no longer employed by this company, but he understands CLAUDE is presently employed by the Chrysler Aerospace Division in New Orleans.

He explained that Mr. CLAUDE had not necessarily had conversation with OSWALD.

He advised that the only other person who perhaps would have necessarily had contact and conversation with OSWALD would be JOHN D. BRANYON, 7937 Oak Street, New Orleans.

Louisiana, who is believed to be presently employed by Boeing Aircraft Corporation. He explained that BRANYON would have worked with OSWALD while OSWALD was employed at the Reily Company.

Date November 25, 19631New Orleans La.

Miss ROSE SCHAMBRA, 5528 Catina Street, advised she is a "floor lady" at William B. Reilly and Company, Inc., 640 Magazine Street, and as such supervises the packaging of coffee.

She stated she has supervision over three coffee packaging machines which machines have to be greased regularly by maintenance men employed by the company. She continued that during the Summer of 1963, LEE OSWALD was employed as a maintenance man and as such would grease the machines under her supervision. She stated she found OSWALD to be a quiet and shy person who never seemed to converse with anyone. She recalled that when he did make his rounds to grease a machine, she would sometimes tell him which machine needed oiling and he would make no reply to anything she said. She recalled that on occasions she would tell him not to put too much oil in the fittings and he merely shrugged his shoulders without comment. Because of this shyness and quiet attitude, she felt sorry for him and one day approached him asking him his name. He merely replied "LEE", and kept walking.

Miss SCHAMBRA said that this more or less seemed to be typical of his attitude while he was employed at that company. She added that his mind seemed to be on something else instead of his work and never about conversation with employees. She stated she did not know any people with whom he might have been in contact and certainly none of his friends, associates, or members of his family. She added that she had had no contact with OSWALD away from the plant where they worked.

Miss SCHAMBRA advised that she knew no one by the name of HIDELL or name similar to that and certainly had never heard OSWALD speak of anyone by this name.

Mr. CHARLES JOSEPH LEBLANC, Maintenance Man, William B. Reilly and Company, Inc., 640 Magazine Street, was questioned further concerning his inability to find LEE H. OSWALD on occasion while OSWALD was employed by that company.

Mr. LEBLANC explained that plant employees have two breaks during the day, one at 9:00 AM and the other at 1:30 PM. He continued that on several occasions he had noted that OSWALD would overstay the 15 minute break and would be missing for 20 to 30 minutes at a time. He further recalled that OSWALD was also gone from his employment on other than extended breaks for 20 to 30 minutes and on a few occasions as long as 45 minutes. He added that the extended periods of 45 minutes were not often.

When questioned as to how frequently OSWALD would be gone from his employment during the day, he stated that while it happened several times it was not as often as once a day during his period of employment there but came close to being on the average of once a day.

Mr. LEBLANC could not say where OSWALD had been during periods that he was missing from his place of employment and although he asked OSWALD on several occasions where he had been he had not received an answer to this. He stated that he had never observed OSWALD to come into the plant from the outside except on break periods and had never observed OSWALD leave the plant except to go next door to the Crescent City Garage where employees frequently obtained soft drinks from dispensing machines. He commented that it was at this place where he had observed OSWALD reading gun magazines and thought perhaps OSWALD may have overstayed his break periods to read such magazines.

Mr. LEBLANC advised that OSWALD was a "loner" even at lunch period. He continued that OSWALD usually ate his lunch out and he recalls having seen OSWALD eat lunch at Martin's Restaurant located at the corner of Tchoupitoulas and Girod Streets near the plant.

Mr. LEBLANC advised that he knew no one by the name of HIDEELL or names similar to that and that he had never heard LEE OSWALD speak of anyone by this name.

Mr. HEDRICK advised that sometime during the month of August, 1963 he recalled seeing LEE OSWALD at the corner of Canal and Carondelet in the bus stop area distributing leaflets, however, he himself had no contact with OSWALD. He further advised that on one occasion he recalled seeing OSWALD in conversation with another individual whom he described as heavy set with swarthy, Latin complexion. He was not able to identify this individual carrying on conversation with OSWALD except to say he is of opinion that perhaps they were arguing in view of the motions of their hands and arms.

Mr. HEDRICK stated that when he saw OSWALD it was usually in the late evening around 5:00 PM when he would make his trip to the bank to make a deposit in the National Bank of Commerce night deposit box.

Mr. HEDRICK advised that he is unable to furnish further information regarding the Dolly Shoe Company but suggested a contact be made with Southern Shoe Company, 214 Decatur Street, since this company is the wholesale outlet for shoes in this area.

FRED OLSEN, Personnel Director, Katz-Besthoff, Inc., 900 Camp Street, furnished the following voluntary information:

New Orleans, La.

He stated that he recalled LEE HARVEY OSWALD applying for employment with Katz-Besthoff and as best he can recall, this was in the latter part of July or early part of August, 1963. He stated that he could not locate the application executed by OSWALD and inasmuch as it is company policy to destroy applications after two months, it was quite possible that OSWALD's application was destroyed.

OLSEN stated that the reason he is able to recall OSWALD applying for employment, was that it was only a short time prior to OSWALD applying for employment that he had been involved in passing out handbills on Canal Street in regards to Fair Play for Cuba or something in that regards. OLSEN stated that in the event that the application would be located, he would notify the FBI of same.

Mrs. KASE related that to the best of her knowledge these records on the Dolly Shoe Company have probably been destroyed due to the fact that at the time of the operation of this company, her brother was residing at 7718 Nelson Street and upon the death of his wife, moved from this address and at that time the records were probably destroyed. Mrs. KASE advised she is not aware of any of the specific details regarding the operation of the Dolly Shoe Company.
