VI. OTHER INVESTIGATION RELATING TO LEE HARVEY OSWALD

42

Date December 2, 19631

Mrs. GEORGE A. MOORE, 4109 Stanford Street, Chevy Chase, Maryland, telephonically advised that at approximately 4:30 P.M. on November 22, 1963, she was watching television, probably either Channel 4 or Channel 7 from Washington, D. C., and saw a film clip of the action immediately after the shooting of the President. This film clip showed a policeman getting on a motorcycle and then showed a swing around of the buildings in the area and during this time she observed in the window of one of the buildings, a short dark complexioned woman with a high hairdo, struggling with a man much taller than she was over a gun. She stated the gun was either a rifle or a shotgun. She stated that also in this window there were two or three other people standing behind the man and woman who were struggling. She was not sure what floor of the building the window was on, nor could she describe the building.

Mrs. MOORE said that she was reporting this matter since she had not heard this particular scene referred to in any news release since that time. She stated she was an artist and remembered the scene very clearly.

On November 23, 1963, HENRIETTA JONES, 1814 Trunk, Dallas, TX, HA 1-3718 (negro domestic employee employed by Dr. CARPENTER, 4300 Lorraine, Dallas) telephonically advised SA EDWIN D. KUYKENDALL that at about 9:35 AM, November 22, 1963, she was at the lunch counter of H. L. Green Company, Main at Ervay, ground floor (not the basement), counter nearest Main Street, and noticed a white girl, employee of that counter, eating breakfast at the counter. Something was said about President KENNEDY arriving that day. JONES said she had recently written a letter to the President about not being able to obtain welfare and had received a reply from President KENNEDY. She said she was proud of the letter she had received. The white employee sitting at the counter was described as a blond, about 25 years old, 5 feet 2 inches or 5 feet 3 inches, weighed about 120-130 pounds, thin, possibly wears dress size 11 or 12, and remarked to JONES substantially as follows: "KENNEDY is coming to town and you had better be careful what you say because there will be some bloodshed and no telling what else might happen." JONES has no idea what she meant, but she wanted to report same, as it is possible she may have overheard something someone said that would be pertinent to the assassination of President KENNEDY.

The following investigation was conducted by SA'S ROBERT E. BASHAM and JAMES J. WARD:

78 employees under his supervision.

Mr. JOHNSON advised he would estimate that of his 78 employees, at least 40 of them are blonds, natural or otherwise, and the majority of them are approximately 5 feet 3 inches and weigh around 130 pounds.

Mr. JOHNSON advised that the only blond who works at the lunch counter nearest to Main is a woman approximately 45 years of age.

Mr. LLOYD W. HILBERT, 1440 West Gambrell, employed 100 University Drive, advised that on November 18, 1963, he was in a meeting with GEORGE SALLIANIAN and JOHN ADGER in the lobby of the Blackstone Hotel, Ft. Worth, Texas.

HILBERT stated he overheard an individual making a telephone call to North Manchester, Indiana. He stated that he was standing close by and introduced himself to this individual and asked the individual if he was from North Manchester, Indiana. This individual had said, "I have been there." HILBERT stated that the individual apparently was making a person-to-person call to someone at the Indiana - Lawrence and Trust Company, North Manchester, Indiana. HILBERT stated that he did not hear any conversation that this individual had with the party on the other end of the line. He stated that the man gave his name as OSWALD. HILBERT stated he is sure that the individual stated his first name, but HILBERT did not recall it. HILBERT stated that this individual was somewhat aloof, and they did not actually engage in any conversation because about the time he spoke to this individual, the conversation was made on the other end of the line. He stated that the individual was dressed in a blue military type of uniform and was holding his hat.

HILBERT stated he had approached this individual as HILBERT had previously resided in North Manchester, Indiana.

HILBERT said that this individual had the same general physical appearance of LEE OSWALD, but he could not identify the pictures of OSWALD that he has seen in the newspapers and on television as being the individual with whom he spoke in the lobby of the Blackstone Hotel. HILBERT stated it was his recollection that the conversation with OSWALD occurred at approximately 4:30 to 4:45 P.M. on November 18, 1963.
