

LEE HARVEY OSWALD

GARZA also stated that CHAPA was the Inspector who stamped OSWALD's tourist permit on October 3, 1963. These permits are then placed in the outgoing box and are taken to GARZA's office located in the Immigration and Customs Building, International Bridge, Nuevo Laredo, Mexico. These permits are taken to GARZA's office at the end of each day. The next day clerical personnel enter information thereon into FM-11 Ledger Book. According to GARZA, in the case of OSWALD, CHAPA did not note on OSWALD's tourist permit at the time he cancelled it on October 3, 1963, the mode of travel, thus accounting for the reason why the tourist card of OSWALD did not reflect mode of travel. The clerk who recorded the cancellation in the FM-11 noted the mode of travel was "Auto." According to GARZA, this clerk was ROSA MARIA SOLALINDE and her initials appear at the bottom of the typed page of FM-11 showing name of "HARVEY OSWALD LEE." GARZA stated that from SOLALINDE's initials, "RMSR", he knew she was the person who typed the FM-11 showing cancellation of FM-8 24085 on October 3, 1963.

ROSALIA SOLALINDE, on February 19, 1964, advised Special Agents ROBERT L. CHAPMAN and LEOPOLDO E. ARMIJO in the presence of CASH, GARZA, and TIJERINA, that she did not recall making the entry in the FM-11 on OSWALD and does not know why she entered "Auto." on this FM-11. Normally she only records the information that appears on the FM-8 when typing the FM-11. Since copies of the FM-8's are sent to Mexico City, SOLALINDE could not tell whether she had made any additional such mistakes. She said that to her "Auto." means automobile and if it was autobus, she would have written autobus.

On February 29, 1964, GILBERTO CAZARES GARZA, supra, advised that ROSA MARIA SOLALINDE is a clerk who works on the second floor of the Immigration Building at Nuevo Laredo, Mexico, and has no contact with tourists or persons entering or departing Mexico in connection with her official duties.

On February 29, 1964, SOLALINDE advised Special Agents CHAPMAN and ARMIJO in the presence of GARZA, CASH, and TIJERINA, that she does not know nor has ever met LEE HARVEY OSWALD. SOLALINDE said she does not know why OSWALD's name was not in alphabetical order and does not know why it was written "HARVEY OSWALD LEE" on the FM-11.

LEE HARVEY OSWALD

GARZA continued, advising that Clerk SOLALINDE was wrong in making this entry of "Auto." since it was not so recorded on the FM-8 of OSWALD by Inspector CHAPA when OSWALD arrived at the border on October 3, 1963, and that Mexican Immigration headquarters in Mexico City has been so advised that this was a mistake on SOLALINDE's part since she had no idea how OSWALD was traveling. According to GARZA, the actual mode of travel of OSWALD when he arrived at the Mexican border October 3, 1963, is unknown to Mexican Immigration officials at Nuevo Laredo, Mexico. He further stated his records in Nuevo Laredo are copies of the FM-11 and that the original is in Mexico City, as is the FM-8 of OSWALD cancelled at Nuevo Laredo on October 3, 1963.

It is to be noted the name "OSWALD" appeared on passenger manifest of Transportes Frontera, Mexican bus line, of bus leaving Mexico, D. F., October 2, 1963, and arriving Nuevo Laredo, Mexico, October 3, 1963.

It is to be further noted Transportes Frontera Bus Line does not cross the International Bridge into Laredo, Texas, but has its bus station at the International Bridge on the Mexican side. Therefore, a passenger on a Transportes Frontera bus could have walked across the International Bridge to Laredo, Texas, which is approximately three blocks, or taken a taxi, since no shuttle bus operates across the bridge.

On February 11, 1964, H. O. DOLGNER advised Special Agent ARMIJO he is a bus driver for Continental Trailways, and on October 3, 1963, he drove the Trailways bus from Laredo, Texas, to Corpus Christi, Texas, leaving Laredo at 7:25 a.m., and arriving in Corpus Christi, Texas, at 10:05 a.m. He added that this bus goes by way of Alice, Texas.

Upon viewing a photograph of LEE HARVEY OSWALD, DOLGNER advised that this individual was not on his bus on October 3, 1963, or any other time. He stated that this morning run is usually light with passengers and if OSWALD had been on that bus, he would remember him.

LEE HARVEY OSWALD

He was exhibited a photograph of JACK RUBY and stated he did not know this individual and stated that he had never seen him before.

Concerning the question as to whether OSWALD was actually in an automobile when he crossed the Mexican border at Nuevo Laredo, Mexico, on October 3, 1963, this has not been determined from records and sources available.

Similarly, from information and sources available at Nuevo Laredo, Mexico, it has not been possible to determine who might have been in any automobile with OSWALD at the time he crossed the border or thereafter.

The list of names obtained on December 2, 1963, from Mr. CASH of persons entering Mexico at Nuevo Laredo on September 26, 1963, except that of OSWALD's, was set out in the report of Special Agent JOHN M. KEMMY dated December 4, 1963, at San Antonio. A list of names of persons departing Mexico on October 3, 1963, by bus and by unknown means, with the exception of OSWALD, was set out in Special Agent KEMMY's report. This was done in view of the information set forth above concerning the name "OSWALD" appearing on manifest of Transportes Frontera Bus Lines of bus arriving Nuevo Laredo October 3, 1963. Names of persons departing by other means on October 3, 1963, were not set out in Special Agent KEMMY's report.

The list of names of persons entering Mexico on September 26, 1963, as obtained from CASH, was set out in its entirety with this exception of OSWALD's name since the fact of OSWALD's travel by bus to Mexico City was not known at that time. This was done to determine his mode of travel. It was subsequently determined that he traveled from Nuevo Laredo to Mexico City by Flecha Roja (Red Arrow) Bus Lines and some fellow passengers were located and interviewed.

The information pertaining to OSWALD's entry into Mexico on September 26, 1963, and departure on October 3, 1963, was not set out in Special Agent KEMMY's report since this information had been reported elsewhere.

LEE HARVEY OSWALD

According to GILBERTO CAZARES GARZA, Chief of Mexican Immigration at Nuevo Laredo, the FM-5 is a Mexican Immigration tourist permit for persons over 15 years of age that is good for six months. The FM-8 is a Mexican Immigration tourist permit that is good for 30 days at the present time. When obtained by LEE HARVEY OSWALD on September 17, 1963, at New Orleans, Louisiana, this permit was good for 15 days only. The FM-8 originally was issued for five days only. GILBERTO CAZARES GARZA advised Special Agents CHAPMAN and ARMIJO in the presence of CASH and TIJERINA on February 29, 1964, that the Mexican Immigration Service has numerous types of permits and questionnaires, of which the FM-5 and FM-8 are only two of seventeen such permits or questionnaires. GARZA stated that the bulk of persons entering Mexico are tourists and enter under the FM-5 or FM-8 tourist permits.

GARZA stated that the FM-11 is a form for recording the statistical data for a 15 day period of persons entering and departing Mexico in all categories, either Mexican nationals or foreigners. GARZA stated that the FM-11 is typed daily and contains only the information taken from the FM-5, FM-8, or from any other type of permit being used by the person entering or departing Mexico. The FM-11 is typed daily for a period of 15 days and then this 15-day record of all persons entering or departing Mexico at Nuevo Laredo is forwarded to the Mexican Immigration Service Headquarters in Mexico City. GARZA stated he has five days from the end of the 15-day period in which to forward the FM-11 to Mexico City.

GARZA furnished a mimeographed copy of instructions for the use of Immigration forms. This list sets forth FM-1 through FM-17 and explains each form and its use.

Photostats of the originals of FM-11's showing entries into Mexico at Nuevo Laredo on September 26, 1963, for persons traveling with FM-5 and FM-8 tourist permits and Photostats of the originals of FM-11's showing departures from Mexico at Nuevo Laredo on October 3, 1963, for persons traveling by FM-5 and FM-8 tourist permits, as obtained from Mexican Immigration in Mexico City, were exhibited to GARZA. GARZA compared these Photostats with the copies of the FM-11's of persons entering Mexico at Nuevo Laredo on September 26, 1963, with FM-5 or FM-8 tourist permits and with the copies of FM-11's in Nuevo Laredo of persons departing Mexico at

Nuevo Laredo on October 3, 1963, with FM-5 and FM-8 tourist permits. GARZA advised that the lines drawn on the FM-11's were drawn at Mexico City and that they do not appear on his copies. He stated he did not know the significance of the lines, except to separate dates, *his guess* it being noted that on the Photostat of the original of the FM-11 showing the FM-5 entries on September 26, 1963, the line appears between Nos. 367 and 368 and that all entries above the line are for September 25, 1963, while those below are for September 26, 1963. The same applies to the line drawn on the second page of the Photostat of the FM-11 and the name below the line drawn between Nos. 399 and 400 reflects that a person with that name entered on September 27, 1963.

OK
On the Photostat of the originals of the FM-11 for recording the FM-8 entries on September 26, 1963, the line between Nos. 761 and 762 likewise shows that the name above the line entered Mexico on September 25, 1963. The line drawn on the last page between Nos. 835 and 836 reflects that the names below the line entered Mexico on September 27, 1963. GARZA advised the same appears to be true on the Photostat of the original of FM-11 recording the FM-5 departures on October 3, 1963, and that the line between Nos. 78 and 79 would indicate that the names above the line departed Mexico on October 2, 1963. This would also be true for the line between Nos. 118 and 119. The names listed below this line are persons who departed Mexico at Nuevo Laredo on October 4, 1963. GARZA advised that the Photostat of the original of FM-11 showing the FM-8 departures on October 3, 1963, contains a line between Nos. 75 and 76. It is his opinion that all names above the line departed October 2, 1963; those below the line departed October 3, 1963.

The line between Nos. 99 and 100 appears to be a line drawn by someone to show information pertaining to "HARVEY OSWALD LEE." GARZA again stated that this line was not drawn in Nuevo Laredo and is not shown on his copy of FM-11.

On the same page the lines between Nos. 85 and 86, GARZA advised, were drawn on his copy, and they show the typographical error of repeating the name of DALLAS ZELMA CLINE.

LEE HARVEY OSWALD

The line drawn between Nos. 114 and 115 on the last page, according to GARZA, is for separation of dates. Those names below the line are those of persons who departed Mexico on October 4, 1963.

GARZA advised that at the top of the page of Photostat reflecting entry of persons holding FM-8 and FM-5 tourist permits on September 26, 1963, is the word "Entrada" (entry), and the form itself contains the caption "Movimiento de....." On entries, the word "Entrada" is written in on the caption. On the Photostats of originals of the FM-11's recording FM-5 and FM-8 tourist permit exits on October 3, 1963, the word "Salida" (departure or exit) is placed in the caption, and shows the departure or exit of persons from Mexico on that date.

GARZA advised that Column 16 of the copy of the FM-11 maintained in Nuevo Laredo by him is blank. All of the information contained under Column 16 has been added by the office of Mexican Immigration Headquarters at Mexico City, with the exception of the first page of the FM-11 showing FM-8 entries on September 26, 1963, Nos. 762 through 780, reflecting the initials of the Mexican Immigration Inspector who stamped the FM-8 on September 26, 1963. He stated these initials were inadvertently typed under Column 16 and should have been under Column 14.

GARZA advised that he could not further explain Column 16 since this information is recorded by Mexican Immigration Headquarters at Mexico City and that the date September 16, 1963, contained under Column 16 on the Photostat of the original of FM-11 showing entry of OSWALD on September 26, 1963, and departure on October 3, 1963, could not be explained by him. GARZA volunteered that September 16th is Mexican Independence Day and is a holiday in Mexico, on which day Government offices are closed.

Concerning the single-letter entries in Photostats of originals of FM-11's, Column 4 pertains to the "sex." Abbreviations are as follows, according to GARZA:

"M" - "mujer" (woman)

"H" - "hombre" (man)

LEE HARVEY OSWALD

Column 7 pertains to "marital status." Abbreviations are as follows, according to GARZA:

- "C" - "casado" or "casada" (Married)
- "S" - "soltero" or "soltera" (single)
- "D" - "divorciado" or "divorciada" (divorced)
- "V" - "viuda" (widow)

The "ff.cc." entries in Column 13 stand for "ferrocarril" which means railroad, indicating travel by railroad, according to GARZA.

GARZA further advised that the complete information concerning all types of Mexican Immigration permits and all of the statistical data recorded on FM-11 are sent to Mexican Immigration Headquarters, Mexico City, and can be obtained through that office.

GARZA stated that his copies of FM-11's maintained at Nuevo Laredo contain the same identical information as the Photostats of the originals of the FM-11's maintained in Mexico City with the exception of the information appearing in Column 16, noted above, and the lines drawn on the Photostats of the originals of the FM-11's as noted above.

Since the FM-11 copies at the Mexican Immigration Office, Nuevo Laredo, Mexico, are identical with Photostats of originals of FM-11's, with noted exceptions, the information on the originals of FM-11's is being set forth as follows:

Entry of persons into Mexico at Nuevo Laredo, Mexico, on September 26, 1963, holding FM-8 Mexican tourist Permits:

LEE HARVEY OSWALD

It is noted from comparison of above, that list of names of persons entering Mexico on September 26, 1963, as obtained from Mr. CASH, was not complete even as it pertained to those persons entering under FM 5 and FM-P tourist permits.

Mr. CASH again advised on February 29, 1964, that he had made his original request for all of the names of persons entering Mexico on September 26, 1963, at Nuevo Laredo, and those departing Mexico at Nuevo Laredo, Mexico, on October 3, 1963, of Assistant Chief ARNOLDO TIJERINA, Mexican Immigration, Nuevo Laredo, since the Chief of Mexican Immigration, GARZA, was in Mexico City. CASH again advised that the information he obtained from TIJERINA concerning the September 26, 1963, and October 3, 1963, entries and departures, respectively, was alleged by TIJERINA at the time it was obtained to be a complete list.

This information as obtained from CASH on December 2, 1963, was set forth, as previously noted, in the report of Special Agent JOHN M. KEMMY on December 4, 1963, that is the names of all persons entering on September 26, 1963, as obtained from CASH and of those persons departing by bus and unknown means on October 3, 1963, were set out with the exception of OSWALD.

In comparing the information obtained by CASH on December 2, 1963, with the Photostats of the originals of the FM-11's, it is noted that the names of ALAN STEPHEN BRILL and ELAINE ESTERMAN BRILL, as appear on the Photostat of the originals of FM-11's showing FM-P entries on September 26, 1963, are not on the list of persons entering as obtained from CASH on December 2, 1963.

LEE HARVEY OSWALD

Right The names of RENATE and DIETRICH KRAMER were not included in the list of names of persons entering Mexico on September 26, 1963, obtained from CASH on December 2, 1963.

None of the names of persons appearing on the Photostat of originals of FM-11's entering Mexico on September 26, 1963, under FM-8 Mexican tourist permits following the name of OSWALD LEE HARVEY were included in list of names of persons entering Mexico on September 26, 1963, as obtained from CASH with the exception of FLORENCE S. ROCLEVICH and RICARDO SANDOVAL, which names apparently came from Mexican Customs records since the type of Mexican Immigration permit was not known. Thus, it is apparent that Mexican Immigration employees preparing the list of names furnished to Mr. CASH of persons entering September 26, 1963, at Nuevo Laredo stopped with the name of OSWALD.

The Photostats of the originals of FM-11's recording FM-5 Mexican tourist permit entries on September 26, 1963, contained the following names that do not appear on list set out in the report of Special Agent KEMMY of December 4, 1963, of persons entering Mexico at Nuevo Laredo, Mexico, on September 26, 1963, as obtained by CASH:

CHAMPASUR SARA MARQUELA YANIS DE
GALLARDO OSCAR ENRIQUE
MAGUER LUISA
HENDRICKSE, J. M.
OWENS, TOMAS JERIEL
PLEITEZ, AHIBAL
PLEITEZ, JOSE HUMBERTO.
TREVINO, TEODORO OSCAR.
VIGGIANO, VIOLA MARIA YANIA.
YANIS, FLOR DE MARIA SUCRE DE.

The list of names of persons entering Mexico on September 26, 1963, as obtained by CASH and set out in the report of Special Agent KEMMY dated December 4, 1963, contained the following names of persons that do not appear on the Photostats of the originals of the FM-11's recording FM-5 and FM-8 Mexican Tourist permit entries at Nuevo Laredo:

The twenty-one names of the persons set out above were furnished to CASH from Mexican Customs records at Nuevo Laredo, Mexico. The Mexican Customs records at Nuevo Laredo, Mexico, record only the names of drivers of automobiles entering Mexico since persons entering Mexico with an automobile must leave Mexico with the same automobile or they must show that Customs duties were paid on the automobile if it was disposed of in Mexico. The Mexican Customs records do not record the type of FM form being used by the driver of the automobile. No record is made in Mexican Customs records of any passengers in the automobile other than the driver. Of the twenty-one persons listed above, only MARIO O. MENDIVIL, 4952 Butterworth Place, N. W., Washington, D. C., was shown to have a Mexican tourist permit, and this was shown to be an FM-5. Since MENDIVIL's name does not appear on the Photostat copy of the original of FM-11's or on the copies of FM-11's in Mexican Immigration, both recording entries of persons into Mexico on September 26, 1963, with FM-5 tourist permits, this was apparent in error, and MENDIVIL apparently held some other type of Mexican entry permit. Therefore, all twenty-one persons listed above entered Mexico on September 26, 1963, on other than FM-5 or FM-8 Mexican tourist permits.

LEE HARVEY OSWALD

T-123
It is further noted that the name of SOLOMON BANDACK was obtained from CASH on December 2, 1963, and set forth in the report of Special Agent KEMMY on December 4, 1963, as that of a person entering Mexico on September 26, 1963, under FM-5 tourist permit. The Photostats of the originals of FM-11's, as well as copies in Mexican Immigration, Nuevo Laredo, reflect that BANDACK entered Mexico at Nuevo Laredo, Mexico, on September 27, 1963, instead of September 26, 1963.

T-124
It is further noted that the name of ARTURO H. GUERRA is set forth on page 13 of the report of Special Agent KEMMY dated December 4, 1963, and also on page 17. Page 13 shows the type of tourist permit as being unknown, and page 17 shows it to be an FM-8 tourist permit. This is duplication, resulting from check of FM-11's at Nuevo Laredo, and check of Mexican Customs records at Nuevo Laredo. In this instance, ARTURO H. GUERRA was the driver of an automobile and also the holder of an FM-8 tourist entry permit. This is also true with duplication entries, page 17, of the report of Special Agent KEMMY showing FRANK H. JIMENEZ entering on September 26, 1963, with FM-8 Mexican tourist permit and the duplication on page 14 reflecting FRANK JIMENEZ, Tourist Permit unknown.

The same is true for ALONSO FELIX, 1004 Hebert Lane, type of tourist card unknown, on page 14 of Special Agent KEMMY's report, and FELIX ALONZO, with FM-8 tourist permit on page 16, and ELSIE GIBBS, type of tourist permit unknown on page 15, and ELSIE M. GIBBS, with FM-5 tourist permit, page 18.

On February 29, 1964, ARNOLDO TIJERINA advised there was no record of check of OSWALD's luggage as he departed Mexico by Mexican Customs and that Mexican Customs records contained no information concerning entry of OSWALD or departure of OSWALD from Mexico at Nuevo Laredo, Mexico.

It is further noted that the name of SOLOMON BANDACK was obtained from CASH on December 2, 1963, and set forth in the report of Special Agent KEMMY on December 4, 1963, as a person entering Mexico on September 26, 1963, under FM-5 tourist permit. It is further noted that the name of ARTURO H. GUERRA is set forth on page 13 of the report of Special Agent KEMMY dated December 4, 1963, and also on page 17. Page 13 shows the type of tourist permit as being unknown, and page 17 shows it to be an FM-8 tourist permit. This is duplication, resulting from check of FM-11's at Nuevo Laredo, and check of Mexican Customs records at Nuevo Laredo. In this instance, ARTURO H. On February 29, 1964, ARNOLDO TIJERINA advised there was no record of check of OSWALD's luggage as he departed Mexico by Mexican Customs and that Mexican Customs records contained no information concerning entry of OSWALD or departure of OSWALD from Mexico at Nuevo Laredo, Mexico.

SUMMARY FROM SPANISH

Lee Oswald

"Politica," No. 94, March 15, 1964, Mexico, D. F.

The item "Who Killed Kennedy?" on page 29 attacks "the Yankee propagandist machinery which has tried to 'show' that President John F. Kennedy's assassin was Lee Harvey Oswald."

"The U. S. people are asking 'Who Killed Kennedy?' and begin to demand of the L. B. Johnson Administration to reveal everything it knows... L. B. Johnson, then Vice President of the U. S., drove in another car and was not attacked at all... Chief Justice Warren received a multitude of documents and heard many witnesses, but behind closed doors. Among the witnesses were Oswald's widow, a Soviet citizen, and his mother... Mark Lane appeared voluntarily before the Warren Commission and stated on March 4 that 8 days before the assassination of President Kennedy a secret night meeting was held in Jack Ruby's cabaret in Dallas, attended by the transit agent J. D. Tippit, Bernard Weisman and a third person whose name he could not reveal in public... A great newspaperman and writer, Thomas Buchanan, has dedicated himself to recompile and analyze all the declarations and 'official' information in connection with the death of President Kennedy. Buchanan's work is extensive, well-substantiated and convincing; however, its publication was not desired in the U.S.A. and, thus, it had to be published in the French paper 'L'Express,' Paris, on February 20 and 27... Thomas Buchanan finally arrived at the conclusion that Kennedy's death was the plot of many persons, in which Oswald played a secondary role; there were two rifles and two assassins: one at the window of the Book Depository and another on the bridge. Oswald did not kill Kennedy, but knew all about the plot or at least about its essential part... Well, Kennedy's assassins feared that Oswald would denounce them and, therefore, killed him..."

With reference to Ruby's trial, the item says that there was not one Negro among the 12 jurors... "Observers have the impression that Ruby's trial was a comedy which covered up and tried to hide the true tragedy of Kennedy's assassination; a tragedy in which, according to Earl Warren, 'matters concerning the security of the state' are involved."

It is noted that MARINA OSWALD identified the bracelet as a gift to her from her husband; that she stated that the bracelet was given to her immediately after OSWALD had returned from New Orleans early in October, 1963; and that OSWALD had purchased a similar bracket for himself with his name on it prior to the time they moved from Dallas to New Orleans in the spring of 1963.

She stated that OSWALD wanted her to have a bracelet like his; that he had not stated where he bought the bracelet, and that she did not know he had gone to Mexico.

The lead for the Dallas office is set forth because the above information presents the possibility that if OSWALD bought a bracelet with his name on it prior to leaving Dallas for New Orleans and since he wanted a similar one with his wife's name on it, he purchased the second bracelet where he purchased the first, probably in Dallas, Texas.
