"She's the only one who cared about me. There's no reason for me to live anymore."

Last November 6, while his stepfather was at work and his mother was out shopping, Morris turned from brooding to deadly action.

In any event, as he looked out the window of his home, he spotted Beebe.

Beebe was shoveling dirt from a shallow trench across the way. He was one of an eight-man crew, of which his father was foreman, digging a pipe trench

"But when I looked out the window and saw him over there, I just aimed the rifle and fired."

The shot hit Beebe in the left shoulder, knocking him down.

Terrified and unaware of where the shot had come from, Beebe staggered to his feet and

Neighbors neared the spots and called police.

A dozen police raced to the scene and surrounded the Morris home.

They called to the boy to come out but he refused. So police crept through the base-

"I just wanted to be put out of the way, that's all."

Last February 12 Morris pleaded guilty to second-degree murder.

And on March 18 Judge Philip Pratt put him out of the way — but with a life sentence.

# Jack Ruby and Lee Oswald Pals

(Continued from preceding page) went more than two hours continuing.

According to the Times, Weissman had been asked by one reporter to comment on Lane's statement.

Weissman said that he had never met Tippitt or Ruby or Oswald.

And Weissman also said he had never been in Ruby's Carousal Club.

Then columnist Dorothy Kilgallen raised this "important question" in her nationally syndicated column on April 14:

"Why did Lee Harvey Oswald, presumably fleeing from the police after the assassination, approach Patrolman J.D. Tippitt's car — in broad daylight, with witnesses standing by — and shoot the policeman three times, although Officer Tippitt had not said a word to Oswald?"

"A man who knows he is

wanted by the authorities after a spectacular crime does not seek out a policeman, usually, unless he has decided to give himself up, and certainly Oswald was not doing that.

"By shooting Officer Tippitt, instead of trying to make himself inconspicuous, Oswald put himself in double jeopardy. His act almost guaranteed his arrest."

"Why?"

"A whodunit fan would infer that the policeman knew something about Oswald that was so dangerous he had to be silenced at any cost, even Oswald's chance of escape and freedom."

Oswald's mother, Mrs. Marguerite Oswald, pointed to still another possible explanation for the murder of Tippitt.

When Mrs. Oswald was asked, "Who killed Tippitt?" by Bob Considine of the Journal-American, she replied in his column of March 13:

"Nobody seems interested in how Lee got out of the Book Depository the day of the assassination. The place was surrounded by police, absolutely surrounded. Yet Lee walked right by them."

"...You know how?"

"Because Tippitt took him out."

"Then the higher-ups in the conspiracy ordered somebody to kill Tippitt. Part of the master plan, the way I figure it. Marina's (Oswald's widow) part of it, too. CIA or one of those agencies."

Speculation that Oswald was not working alone was also voiced in a United Press International dispatch from London which was printed in the Newark, N.J., Star-Ledger on April 19.

"Millions of Europeans refuse to believe that the assassination of John F. Kennedy was not part of a larger conspiracy that has still not been exposed," the dispatch said.

"The most respectable newspapers and radio and television stations in western Europe feed this viewpoint by giving prominence to reports that insist that the late President was slain as part of a left-wing or a right-wing plot."

"On both sides of the Iron Curtain, the belief is widespread that Lee Harvey Oswald was not a psychopath who acted alone."

Many think he was the agent of a ring which most definitely included Jack Ruby as one of the conspirators."

The UPI report also notes that Serge Grussard, "one of France's best known journalists," wrote from Dallas:

"Very probably Ruby killed him to shut his mouth forever. For Oswald could not have acted alone."

In the United States, the Warren commission continues to listen to testimony from the many people concerned in the case.

But the most fantastic revelation to come to the commission was the communication from the Justice Dept. to the Dallas Police Department.

If this document exists, The ENQUIRER feels it is the right of the American public to know of it.

Is the Warren commission — and all other interested agencies and officials — keeping the lid on this shocking secret? Only time will tell.

# RUBY &

By JOHN HENSHAW — ENQUIRER Washington Bureau Chief  
WASHINGTON — The hottest story making the rounds here is that the U.S. Justice Department prevented the arrest of Lee Harvey Oswald and Jack Ruby BEFORE the assassination of President John F. Kennedy. Oswald and the man who killed him, Ruby, were suspected of being partners in crime seven days before the President's death.

The incredible details of the story are so explosive that officials won't even answer "no comment" when asked about it. But the story being discussed by top government officials reveals:

- 1. That the Justice Department deliberately kept Oswald Ruby out of jail before the assassination.
- 2. That Dallas cops suspected Oswald of being the gunman and Ruby the paymaster in a plot to murder former Major General Edwin A. Walker —

## EXCLUSIVE

There is a suspicion among the American public that there is more to the story behind the assassination of President Kennedy and his slayer, Lee Oswald, than has been disclosed.

The ENQUIRER prints this article in the hope it will lead to the solution of the mystery surrounding these tragic events.

got a job at the depository as an order filler.

And it was from a sixth-floor window of that depository that Oswald, last November 22, fired the shots that killed President Kennedy and wounded Texas Governor John Connally.

Oswald escaped and was captured an hour and a half later, but not before he had shot Dallas policeman J.D. Tippitt to death.

Two days later, as a stunned world watched on television, Jack Ruby dashed up and shot Oswald to death as police were leading the handcuffed Oswald through a basement corridor of City Hall.

Ruby, the Dallas night club owner, went on trial for that killing on March 4. He was convicted of "murder with malice" on March 14.

But after the assassination of President Kennedy and the killing of Oswald the investigations

he was shot in the temple with a bullet fired from a .22-caliber rifle.

The Journal-American said that "a local desperado named Garner was picked up by the police after the shooting but was cleared."

And this resulted in the second startling revelation: Garner's girl, Betty (Mooney) McDonald, took a lie detector test that helped to clear him. And this same Betty McDonald had worked as a stripper in Jack Ruby's Carousel.

In early February, Betty was arrested for engaging in a public brawl with a roommate — and a week later she hanged herself in her cell.

Another person who has added to the deepening mystery of the Ruby-Oswald link is Mark Lane, a former New York Assemblyman, who claims to represent Oswald.

According to the New York

# CLIPPING

J. D. TIPPITT

And no satisfying answers were really found, except that evidence was overwhelming that the President had been killed by Oswald.

The same Oswald who had gone to Russia in 1959, pledged allegiance to the Soviet Union and tried to become a Russian citizen.

The Russians supposedly, for whatever reason, turned him down and he finally came back to America with his Russian-born wife, Marina, and their baby daughter in June 1962.

From then on he tried to get mixed up in left-wing activities, ordering all kinds of Communist literature and eventually becoming a loud supporter for Castro's Cuba.

He and his family lived first in Fort Worth, Tex., and then moved to Dallas.

In addition to the apartment he had with his wife and child he rented a room under the name of "A. Hidell."

On March 20, 1963, he received a rifle under that name from a mail-order firm located in Chicago.

On April 10 a sniper fired a rifle bullet through a window of the Dallas home of Gen. Walker.

Gen. Walker was working at his desk on his income tax returns.

The bullet missed his head by scant inches, went through a 9-inch wall and came out in another room.

Dallas police investigation showed that the sniper shot from an alley 150 feet from the Walker home, using a fence to steady the rifle.

Dallas police also had the report of a witness who was near

The witness told them shortly after the attempt on Walker's life that he saw two men, not one, run to an auto and make their getaway.

And within a few days after the shot was fired Dallas police felt they had a complete case.

Then came the fantastic series of maneuvers cloaked in secrecy which kept Oswald — the man who was to assassinate President Kennedy — a free man.

After the slaying, President Johnson appointed a seven-member commission, headed by Justice Warren, to inquire into the assassination.

Then, just after the commission began work, it was reported by United Press International on December 6 that Oswald's wife, Marina, had informed the FBI that her husband told her excitedly in April 1963 that he tried to kill Gen. Walker.

The FBI declined to comment

The New York Times reported, in a story datelined from Dallas on December 7, that "evidence developed this week showed that it (the rifle used to kill President Kennedy) was first used April 10 to fire into the home here of Edwin A. Walker."

On February 4, the day after Marina Oswald's first appearance before the Warren commission, Chief Justice Warren told reporters that Marina's testimony "may not be released in your lifetime."

The Chief Justice said that the testimony would be preserved for the public but that it may be suppressed for decades. He finished his statement to the press with: "I say this seriously."

J. Lee Rankin, general counsel to the Warren commission, also talked to reporters on that day. He said that Mrs. Oswald's testimony dealt with her husband's activities in the U.S. after he returned from Russia. Rankin also said that Mrs. Oswald offered the commission some "new evidence."

Later that same day Warren refused to confirm Rankin's reference to "new evidence."

Two fantastic turns in the Oswald-Ruby mystery were front-paged in the New York Journal-American of Sunday, February 23.

First, the paper revealed that one of the men who put the finger on accused assassin Oswald also had been shot.

The man, Warren Reynolds, said he saw Oswald running away, putting new shells into a pistol as he did, after officer Tippitt was shot to death.

Then, in January, Reynolds was closing up his office when

Times of Thursday, March 5, Lane gave sensational evidence in Washington to the Warren commission.

The Times said that Lane, who has frequently challenged the view that Oswald was guilty of shooting Kennedy, had told the commission he'd heard of a secret meeting in a Dallas night club eight days before the President was killed.

Lane told the commission that at the secret meeting November 14 were J.D. Tippitt, the Dallas patrolman who was slain while trying to arrest Oswald; Bernard Weissman, a New York resident who had placed an anti-Kennedy advertisement in a Dallas newspaper the day the President was shot, and a third person.

The mystery deepened even further when Lane would not state publicly who this third person was.

But the commission knows the identity of the Mystery Man because Lane told it to them after the hearing room was cleared of newsmen and spectators.

Lane had said that the secret November 14 meeting was held in Ruby's Carousel Club, and when the public hearing of the commission resumed, Justice Warren asked a question loaded with dynamite:

"Mr. Lane, what was the PURPOSE of this meeting in Dallas?"

But the purpose remains a secret, because Lane answered that his information did not indicate what they were talking about.

But, Lane said, Tippitt, Weissman and the Mystery Man (Continued on next page)

OFFICER J. D. TIPPITT

A top-secret document — a letter signed by a high official of the Justice Dept. — was sent in April 1963 from the Justice Dept. to Dallas Chief of Police Jesse E. Curry requesting the Dallas police NOT to arrest Oswald and Ruby in connection with the attempted slaying of General Walker.

After a sniper shot at, but missed, General Walker in Dallas, April 10, 1963, Dallas police suspected that Oswald was the sniper and Ruby the payoff man.

The cops were set to arrest the pair. But they never got the chance because of the heavy pressure brought to bear by the Justice Dept. And so Oswald and Ruby were allowed to remain free. And seven months later, on last November 22 in Dallas, Oswald was able to kill the President of the United States.

The top-secret document — a copy of it is reportedly in the hands of the Presidential commission investigating the assassination — bares a web of intrigue that involves the Federal Bureau of Investigation, along with the Justice Dept. and the Central Intelligence Agency.

It is so politically explosive that the Presidential commission, headed by Supreme Court Chief Justice Earl Warren, has even withheld it from one of its own members, Senator Richard Russell (D., Ga.).

It is feared that Senator Russell, who leads the South in the fight against the civil rights bill, might use the document as a weapon against the Justice Dept. and its chief, Attorney General Robert F. Kennedy, a leader in the fight for civil rights.

Oswald.

LEE OSWALD

JACK RUBY

The document — requesting the cops not to arrest Ruby and Oswald — contradicts the FBI report on the assassination and the subsequent murder of Oswald.

According to the New York Times, the FBI report, which was turned over to the Justice Dept. on December 4 and five days later, concludes "that there was no link between Oswald and Jack Ruby."

The Times added, in its issue of December 10: "Speculation that Oswald and Ruby knew each other, or in some way were part of a prior vendetta or association, is completely discounted in the report."

The ENQUIRER learned, however, that on the day Ruby killed Oswald, a man named Bill DeMar told reporters he saw Oswald in Ruby's Carousel night club.

DeMar, under the stage name of Bill Crofte, was then master of ceremonies at the club.

# Months Before

The ENQUIRER traced DeMar to an Evansville, Ind., night club and questioned him on April 11. He told our reporter that he had seen Oswald sitting in the Carousel on the night of November 21 — the night before Oswald assassinated President Kennedy.

DeMar said: "I gave the FBI a statement about seeing Oswald in the club and that was it. I told them the same thing I'm telling you."

"I signed it and have heard nothing more about the incident to this day."

And, on March 17, just three days after a jury voted the death penalty for Ruby, the Associated Press reported from Dallas:

"District Attorney Henry Wade has disclosed how prosecutors made the 'big decision' of the Jack Ruby murder trial.

"The decision: They would not call witnesses who swore they saw Ruby and Lee Harvey Oswald together before a sniper assassinated President Kennedy here.

"Testimony from these witnesses would have made world-wide headlines. And, if jurors had believed the testimony, it would have provided a motive for the slaying of Lee Harvey Oswald.

"Wade said FBI agents and other investigators provided him with a list of witnesses who insisted they had seen Ruby and Oswald together at various times.

"The district attorney said he decided not to call these witnesses because he had doubts

about the accuracy of their statements."

And the New York Times, in an article from Dallas dated March 15, reported:

"Some law enforcement officials in Dallas continued to believe that a connection (between Ruby and Oswald) was possible but, if so, that it was personal and did not necessarily involve the assassination."

The FBI became involved in the undercover maneuverings to stop the arrest of Oswald and Ruby shortly after the attempt to snuff out the life of Gen. Walker, who had been preaching ultraconservatism since he was relieved of his command in Germany.

Walker then resigned from the Army.

GEN. EDWIN A. WALKER

# Teenager Wants Cops to Kill Him, So He Murders A Stranger

By LOUIS MANSON

Sixteen-year-old Charles Morris stood at a window of his home with a rifle and looked out.

The first person he saw was Kenneth Beebe, 18, who was digging a ditch near the house. Morris had never seen Beebe before in his life. But he aimed a rifle at him — and shot him to death.

And when police came for Morris he told them: "I killed him because I wanted to die."

"I knew if I killed someone the police would have to come and get me — and I wanted to be killed myself."

Police asked him: "If you wanted to die why didn't you just shoot yourself?"

Morris replied: "I knew I'd never have the nerve."

"This was easier. I just wanted the police to kill me."

And that's why he murdered a stranger.

It was a broken teenage romance that led to Morris' murder and suicide scheme in Wall Lake, Mich.

He had been going with a 15-year-old girl and last October they ran off to Kentucky to try to get married.

But authorities caught up with them and brought them back. The girl's parents then refused to let their daughter see Morris anymore.

**KILLER:** Charles Morris, 16, killed a youth he had never seen before.

He took a .32 caliber deer rifle his stepfather had recently bought, loaded it and went to a window on the second-floor landing of the home. He later explained:

"Rather than cause anyone any trouble I decided I'd get myself taken care of."

"I was going to shoot somebody — anybody passing by on the road."

Morris didn't explain just how he thought no trouble would be caused by shooting an innocent

**By MANUEL HERRERA**  
Evaristo Maldonado was fired out. All he wanted was to find a place where he could take a long, uninterrupted snooze.

And he found just the spot — an unused brick shaft in a hospital basement. So the 60-year-old laborer crawled through the opening and settled down for the night.

Nobody interrupted him because nobody knew he was there. Not even the two men who came along early the next morning and bricked up the only opening to Evaristo's makeshift bedroom in the Juarez, Mexico, hospital.

It was too dark inside for them to see clearly and Evaristo had crawled well inside the narrow shaft to avoid being seen.

Evaristo slumbered on. There was plenty of air coming through a ventilation grille and Evaristo had no problem with breathing.

But when he woke up, he soon found he had a more urgent problem. He couldn't get out.

He screamed but nobody heard him even though the hospital's x-rays and nurses were working only 10 feet above him.

By the fourth day, the starving Evaristo was eating the dirt he managed to scratch out from the walls. When that gave out, he ate his own clothes.

For water, he sucked the sweat

from his hands and face.

He lost track of time in the endless silence and the pitch black made him go blind from the effort of straining his eyes.

Evaristo might still have been in the shaft if, on the eighth day, Emilio Gomez and Julia Gue had not gone into the cellar to check the heating and ventilation.

They found that one of the shafts had been blocked by mistake. It took only a few minutes to knock out the bricks.

Gomez shined a flashlight inside and its beam fell on the face of Evaristo.

"It's a ghost," he screamed.

Their cries were heard by hospital workers who ran down to the basement and found Evaristo, now a 90-lb. bag of skin and bones, crouching on all fours.

"I was tired," he moaned. "I

just wanted to rest."

Carefully the living skeleton was carried upstairs and put to bed after being given stimulants and injections of liquid food.

Within a few days of his rescue — last November 1 — his sight returned and he was on the way to recovery.

Title: LEE HARVEY OSWALD

Character: INTERNAL SECURITY - R - CUBA

Synopsis:

Resident of Marathon Shores, Fla., in 12/63 reported rumor that LEE HARVEY OSWALD docked a boat at Marathon Shores a year or two ago at the dock of a man named TOPENO (Ph.). OSWALD then reportedly made long distance call from TOPENO's house to JACK RUBY in Dallas, Texas. One WILLIAM HUFFMAN, employed at boat fueling dock on Stock Island, Key West, Fla., on 11/25/63, claimed he had fueled OSWALD's boat sometime after FIDEL CASTRO came to power, and OSWALD called "RUBEN" in Key West to come to dock and pay for fuel. Bookkeeper for fueling dock stated no records now exist covering period of alleged fueling by OSWALD. Bookkeeper described WILLIAM HUFFMAN as person with abnormal imagination. PHILLIP TOPPINO, owner of the fueling dock during pertinent period, as well as owner of property in Marathon Shores, Fla., on 4/27/64 stated the rumor that OSWALD docked at his property is completely without foundation.

DETAILS:

The following investigation supplements information furnished on December 11, 1963, by Mr. JAMES STEVENS of Box 2536, Marathon Shores, Florida, who, at the time he furnished the information, was located in Jackson, Mississippi, where his wife was undergoing surgery:

Mr. STEVENS advised that several days previous to December 11, 1963, his wife was informed by BETTY FOLSOM of Marathon Shores, Florida, of a rumor which Mrs. FOLSOM had heard from the owner of the "Little Grocery Store" at Marathon, Florida. STEVENS stated the rumor, as received by his wife, alleged that about one or two years ago a boat docked at the dock of a man named TOPENO (phonetic) in Marathon Shores. The dock was said to be located at TOPENO's house. On the boat were nine Cubans and an American, and the American reportedly went to TOPENO's house and asked to make a long distance call. The call, which was said to be collect, was allegedly to JACK RUBY in Dallas, Texas, and TOPENO has reportedly said the man who made the call was LEE OSWALD, whom he recognized from television pictures.

Mr. STEVENS said that his wife had no other details pertaining to this rumor. Mr. STEVENS stated that the man named TOPENO owned a concrete ready-mix plant on Aviation Boulevard in Marathon Shores.

On November 25, 1963, Mr. WILLIAM HUFFMAN, employed at the Sands Marine Fueling Station, Stock Island, Key West, Florida, advised Special Agents of the Federal Bureau of Investigation (FBI) that he recalled LEE HARVEY OSWALD to have gassed up a boat at Key West, sometime after FIDEL CASTRO came to power in Cuba. HUFFMAN related that OSWALD, accompanied by four or five Cubans, was in a 43-foot Chris Craft diesel boat when he gassed up at the Standard Oil

MM 105-8342

Company dock on Stock Island. He said OSWALD did not have money to pay for the fuel, and so made a phone call to "RUBEN" in Key West, who came to the dock and paid for the fuel. HUFFMAN described "RUBEN" as a white male, 5'3" tall, heavy build, "pot-belly", with brown hair. HUFFMAN said that although "RUBEN" paid cash for the fuel, he (HUFFMAN) "had OSWALD sign the fuel delivery ticket and told him I wanted his autograph in case he should become famous at some later date".

On November 26, 1963, GEORGE REENA, Bookkeeper, Charley Toppino and Sons, Inc., Stock Island, Key West, Florida, advised that the TOPPINO family had owned the fueling docks, known as the Standard Oil docks, until August of 1960, at which time they were sold to Mr. SANDS. Mr. REENA stated that the cash sales of fuel were handled by BILL HUFFMAN by making out a ticket in the name of the boat or in the name of the boat owner, and inserting the amount, type of fuel and price per gallon. He stated that a complete search of the records still in his custody, which included delivery tickets for cash sales, during the period 1959 through July 31, 1960, resulted in confirming that such delivery tickets had all been destroyed.

Mr. REENA stated that BILL HUFFMAN, at times, displays an abnormal imagination. He stated that in his opinion, HUFFMAN is a "nut".

PHILLIP TOPPINO, President of Charley Toppino Construction Company, Key West, Florida, advised on April 27, 1964, that CHARLEY TOPPINO, his father, has been deceased for several years, but the company continues to be referred to as the Charley Toppino Construction Company. He

MM 105-8342

advised that the rumor that a boat containing LEE HARVEY OSWALD and some Cubans had docked at his dock in Marathon Shores, Florida a few years ago is completely without foundation. He stated his company has a branch office and rock plant on Aviation Boulevard in Marathon Shores, but the plant is located three to four hundred yards from the water, and has no dock facilities. He stated he has no residence in the area, and has never had any contact with JACK LEON RUBY or LEE HARVEY OSWALD.

TOPPINO stated that one of his employees had previously been interviewed concerning a similar allegation that OSWALD had landed at the Standard Oil docks at Key West, which are owned by his company, and possibly the rumor had traveled to his other plant at Marathon Shores by means of other employees. He stated that to his knowledge, none of his employees had ever had any contact with either RUBY or OSWALD.

RE: LEE HARVEY OSWALD  
INTERNAL SECURITY - R - CUBA

Reference is made to the report of Special Agent JAMES J. O'CONNOR, dated April 4, 1964, at Miami, Florida in the above caption, wherein JOHN V. MARTINO, Miami Beach, Florida, attributed various information regarding the activities of OSWALD in Miami and in Mexico to a Cuban source, whose identity he would not reveal. Information attributed by MARTINO to this source included an allegation that OSWALD had made a telephone call to the Cuban Intelligence Service in Cuba from a private residence in Miami, and that OSWALD had pamphlets of a pro-FIDEL CASTRO character printed in Miami, Florida, paying the printer by check drawn on the Fair Play for Cuba Committee. MARTINO, during the period March 21 to 31, 1964, was contacted on several occasions in an effort to elicit the identity of his Cuban source. He said he intended to solicit his source to consent to interview by the Federal Bureau of Investigation (FBI). He said he had been unable, however, to locate the source during that period.

A characterization of the Fair Play for Cuba Committee (FPCC) can be found in the Appendix of this memorandum.

On April 18, 1964, Mr. MARTINO was again contacted. He claimed his source was then in California, and that he had sent an airmail letter to his source on April 17, 1964, telling him to telephone on receipt of the letter relative to consent to FBI interview.

On April 22, 1964, Mr. MARTINO was recontacted and advised his source was then en route to Miami by car, and was expected to arrive on April 24, 1964.

COPIES DESTROYED

**RE: LEE HARVEY OSWALD**

MARTINO indicated his source had left California prior to delivery of the letter, and that the party in California at whose home the source had stayed telephoned Mr. MARTINO, advising him of the departure of the source.

On April 27, 1964, Mr. MARTINO stated he still had not heard from his source, but had been talking to a Cuban friend at Miami, who informed him that the source and friends of the source, all of whom were traveling together from California, were coming to Miami for the purpose of joining the forces of the Movimiento de Recuperacion Revolucionario (MRR), an anti-CASTRO organization at Miami.

It was explained to Mr. MARTINO that inasmuch as it was essential that the allegations regarding OSWALD's activities be resolved, it might be deemed necessary that he (Mr. MARTINO) be called to appear before the President's Commission on the assassination of President KENNEDY. Mr. MARTINO said he could not be forced to reveal the identity of his source. He said he would be leaving on April 27, 1964, for several days, to fulfill lecture engagements in Boston, Minneapolis and Charleston, South Carolina, but that if his source contacted his home, his wife in turn would instruct his source to contact the FBI Office in Miami.

On May 1, 1964, ALFREDO BORGES, Executive Officer of the MRR at Miami, Florida, advised no one arriving from California had recently appeared at the offices of the MRR for the purpose of affiliating themselves with the organization, and he had no knowledge that individuals were being expected from California to join the forces of the MRR.

RE: LEE HARVEY OSWALD

On May 6, 1964, Mr. JOHN V. MARTINO, who continues to reside at 2326 Alton Road, Miami Beach, Florida, advised that he had received no word from his source, and he believed his source had probably not yet arrived in Miami. He said he would continue his efforts to locate the source, and in the event he was unsuccessful, he would probably furnish the name of his source to the FBI in the matter of a week or so.

1.FAIR PLAY FOR CUBA COMMITTEE

The April 6, 1960, edition of "The New York Times" newspaper contained a full-page advertisement captioned "What Is Really Happening in Cuba," placed by the Fair Play for Cuba Committee (FPCC). This advertisement announced the formation of the FPCC in New York City and declared the FPCC intended to promulgate "the truth about revolutionary Cuba" to neutralize the distorted American press.

"The New York Times" edition of January 11, 1961, reported that at a hearing conducted before the United States Senate Internal Security Subcommittee on January 10, 1961, Dr. Charles A. Santos-Buch identified himself and Robert Taber as organizers of the FPCC. He also testified he and Taber obtained funds from the Cuban Government which were applied toward the cost of the afore-mentioned advertisement.

On May 16, 1963, a source advised that during the first two years of the FPCC's existence there was a struggle between Communist Party (CP) and Socialist Workers Party (SWP) elements to exert their power within the FPCC and thereby influence FPCC policy. However, during the past year this source observed there has been a successful effort by FPCC leadership to minimize the role of these and other organizations in the FPCC so that today their influence is negligible.

On May 20, 1963, a second source advised that the National Headquarters of the FPCC is located in Room 329 at 799 Broadway, New York City. According to this source, the position of National Office Director was created in the Fall of 1962 and was filled by Vincent "Ted" Lee, who now formulates FPCC policy. This source observed Lee has followed a course of entertaining and accepting the cooperation of many other organizations including the CP and the SWP when he has felt it would be to his personal benefit as well as the FPCC's. However, Lee has indicated to this source he has no intention of permitting FPCC policy to be determined by any other organization. Lee feels the FPCC should advocate resumption of diplomatic relations between Cuba and the United States and support the right of Cubans to manage their revolution without interference from other nations, but not support the Cuban revolution per se.

The CP and the SWP have been designated pursuant to Executive Order 10450.

Mrs. Dorothy Naccari, Export Division, U. S. Customs, Customs House, 423 Canal Street, New Orleans, Louisiana, advised a Special Agent of the FBI on April 27, 1964 that a search of the records of her agency reveals no ship listing of a ship called the "Cotton Queen". Miss Naccari said her records are only of vessels engaged in foreign commerce.

A. Trehan, Investigative Division, U. S. Coast Guard, Customs House, 423 Canal Street, New Orleans, Louisiana, advised a Special Agent of the FBI on April 27, 1964 that according to a booklet entitled "Merchant Vessels of the United States", published in 1963, by the Bureau of Customs, there is only one vessel named the "Cotton Queen" listed in these records. This vessel is listed as a "towing" vessel, #261523, owned by the Tennessee Towing Company of Louisville, Kentucky.

Don Edmondson, Edmondson Towing Company, Harvey, Louisiana, advised a Special Agent of the FBI on April 28, 1964, that to his knowledge the Tennessee Towing Company maintains no office in the New Orleans area, and he has never heard of a vessel named the "Cotton Queen".

A. J. Simmons, Streckfus Steamship Lines, Carondelet Building, 226 Carondelet Street, New Orleans, Louisiana, advised a Special Agent of the FBI on April 28, 1964 that his company operates vessels in the New Orleans area for tourists on trips of the Mississippi River and bayous; however, he has never heard of a vessel

named the "Cotton Queen". He stated there is a vessel called the "Delta Queen" owned by Greene Lines, Inc., of Cincinnati, Ohio, which ship runs between Cincinnati and New Orleans, Louisiana, carrying passengers and is built on the style of the old river ships.

E. A. ~~X~~ Martinez, Harbor Master, New Orleans Dock Board, New Orleans, Louisiana, advised a Special Agent of the FBI on April 23, 1964 that the records of his agency contained no information regarding any ship known as the "Cotton Queen". He said he has personally never heard of any vessel by this name, and the records of his agency reflect that in 1964 the "Delta Queen", out of Cincinnati, Ohio, has arrived in New Orleans on only the following two dates: March 27, 1964, left March 30, 1964 and April 17, 1964, left April 20, 1964. He said that the "Delta Queen" was not in New Orleans during the Mardi Gras season, and that the only ships that were visiting New Orleans other than oceangoing vessels, who allowed visitors aboard, were U. S. Navy ships.

It should be noted that Mardi Gras day in New Orleans, Louisiana, was Tuesday, February 11, 1964 and for a week preceding this date Mardi Gras festivities were held.

SUBJECT: BRIEF ON FBI INVESTIGATION OF THE ASSASSINATION OF PRESIDENT JOHN F. KENNEDY

In connection with the captioned Brief prepared for the Director, there are attached the following revised pages which have been prepared in order to update the Brief.

Page 30. This page has been revised to include information received from Mr. James J. Rowley, Chief of Secret Service, to the effect that Secret Service would not have placed Oswald under surveillance during President Kennedy's visit to Dallas even if it had possessed information that Oswald was in Dallas, inasmuch as there was nothing in Oswald's background to indicate possible physical violence by him.

Also attached are a revised cover page dated 4-24-64 and pages 191, 191a, and 192 of the Index. Attached pages are for inclusion in Volume I and Volume II of the Director's copy of the Brief. Copies of the above pages are being furnished to other officials by ticklers.

On 5/8/64, Contact Representative ABE KRICHESKY, Central INS, WDC, advised IC ADDINGTON, that alien file number A8320382 for ELSE (MARY) MICHAILOWITSCH is charged to the District Office of INS, Kansas City, Missouri, as of 11/22/55.

The Kansas City Office is requested to immediately review Alien File A8320382 for ELSE (MARY) MICHAILOWITSCH, and furnish all background info contained therein to Bureau and Dallas.

It is felt a review of this file is pertinent since ELSE would now be 20 years old; further, since there is no indication of any previous marriage in INS file of LYDIA BURT, the possibility exists that she may have been adopted.

Dallas is requested to handle the reporting of WFO INS information if subsequently necessary.

On 5/8/64, Mrs. ISABEL MENENDEZ, 3505 SW 16th Terrace, Miami, advised that Dr. BRAULIO CUESTA, his wife, named HILDA MENENDEZ, and two children, in Feb., 1964, moved to Clinton, Oklahoma, where Dr. CUESTA works in a hospital. Mrs. MENENDEZ did not know Dr. RAMON HERNANDEZ.

Miami files contain letter by Legat, Madrid, to Bureau, 9/26/63, in caption BRAULIO JOAQUIN RICARDO CUESTA HARRERO, born 2/7/19, in Camaguey, Cuba, who is evidently identical with Dr. CUESTA at Clinton, Okla. Legat Letter contained no derogatory information on CUESTA.

Enclosed for Oklahoma City are FD-302, and cover letter both dated 4/21/64, at San Francisco, reflecting the interview of LEE DAUGHTERTY.

Oklahoma City at Clinton, Okla. interviewed Dr. BRAULIO CUESTA for basis and details of his purported knowledge that LEE HARVEY OSWALD went to Mexico, and met CASTRO Agents for instructions on how to assassinate the President.

Other offices discontinue efforts to identify and locate the Cuban doctor destined for Oklahoma City.

Re New Orleans airtel to Bureau 4-29-64, and Buairtel 5-6-64, both pertaining to information furnished by LEE DAUGHERTY at Pebble Beach, California on 4-17-64.

Dr. BRAULIO J. CUESTA, Resident Physician, Oklahoma General Hospital, Clinton, Oklahoma, was located on 5-8-64 and interviewed briefly before being called away from interview to perform surgery. Dr. CUESTA furnished information which virtually positively identifies himself and Dr. JOSE HERNANDEZ, Western Tuberculosis Sanitarium, Clinton, as the two doctors who conversed with (LEE DAUGHERTY) an American male (name unrecalled by Dr. CUESTA) on an Eastern Airlines flight on or about 2-23-64.

Dr. CUESTA did enter the United States by way of Spain. He served an internship at St. Joseph's Hospital in Yonkers, N. Y. during 1944-45; however, he received his medical schooling in Cuba.

Dr. CUESTA stated Dr. JOSE HERNANDEZ and the unknown American (DAUGHERTY) did discuss the assassination of President KENNEDY during this flight. Dr. CUESTA stated to the best of his recollection, Dr. JOSE HERNANDEZ may have mentioned as his theory that LEE HARVEY OSWALD went to Mexico and met with some of CASTRO's agents, etc. Dr. CUESTA explained that Dr. HERNANDEZ speaks very broken English and one could easily have misunderstood his expression of circumstances as representing facts; whereas, they merely consisted of a theory expressed by Dr. HERNANDEZ.

Dr. CUESTA will be reinterviewed and Dr. JOSE HERNANDEZ interviewed at Clinton, Oklahoma, as soon as their schedules permit, for full facts.

Offices conducting investigation to identify the two Cuban doctors will discontinue that phase of their investigation.

Report will follow.

PETER CASSISI, 12 Pleasantville Avenue, Ossining, New York, was interviewed on 5/1/64 by SA JAMES E. GORDON at Bronxville, New York. CASSISI, a Patrolman with the Bronxville, NY PD, was born 11/28/37 in Ossining, NY. He served in the US Marine Corps, 9/14/55 to 1/13/60. MSN #1568496.

CASSISI was attached to Marine Air Control Squadron Number 1 at Atsugi, Japan, and served there from about 11/4/56 to 12/10/58. He recalled that OSWALD was attached to the same unit and he had a recollection that OSWALD was with the unit in November, 1957 and he believed OSWALD was still with the unit in December, 1958 when he, CASSISI, left Japan to return to the US.

CASSISI was assigned to a Transportation Unit as a mechanic and driver, while OSWALD was in a Radio Unit. The Radio Unit serviced radios used for radar sets and operated a radio relay station.

CASSISI pointed out that the men in the unit usually were close and stayed together both on duty and off duty.

CASSISI lived in a barracks which housed 72 men. OSWALD lived in the same barracks. The barracks was divided into cubicles by the arrangement of wall lockers. CASSISI was one of eight men in a cubicle, all of whom were assigned to Motor Transport. He does not recall the men who shared a cubicle with OSWALD but would assume that they were men from the Radio Section.

CASSISI stated that he had limited contact with OSWALD. Motor Transport drove radio men to duty in the radio shack and brought them back at the end of shifts. They also brought food to the radio shack from the mess hall. CASSISI probably drove OSWALD and others to the radio shack and occasionally saw him when he delivered food from the mess hall.

CASSISI stated he had absolutely no contact with OSWALD during off duty hours and had no recollection of ever having spent any time with him or associating with him in any way.

CASSISI had no recollection that OSWALD had any associates. He described him as an "odd" type, who appeared to like being alone. CASSISI had the impression that OSWALD used to go to Yokahoma occasionally during his off duty periods. On a few occasions, OSWALD returned to the barracks, after being on leave, in<sup>a</sup> completely drunken condition.

NY 105-38431

CASSISI said that he was sure of this because when someone came in and woke up every man in the barracks with his drunken shouting there was no doubt as to the identity of the person.

Other than this, CASSISI had no information as to OSWALD's activities during his off duty time. Other than on a few occasions when OSWALD appeared to be drunk, he was a very quiet person. CASSISI had no recollection that OSWALD was a fighter or was ever involved in any difficulties getting along with other men.

CASSISI said that OSWALD was very thin while in service. CASSISI did not immediately recognize OSWALD as a former Marine associate when his pictures were published after the assassination. It was only later that he realized that OSWALD was the same man he had served with in the USMC.

CASSISI had a vague recollection that an individual (FNU) (possibly RICHARD) CYR might possibly have associated with OSWALD in the Marine Corps. He pointed out that this was a very vague impression but it was the only name that came to his mind as a possible associate of OSWALD. He had no information as to the present whereabouts of CYR.

CASSISI stated that after an article appeared in "Life" magazine in February, 1964, in which his name was mentioned, he received a letter from a former associate in the USMC, SIDNEY S. ROBINSON. ROBINSON, in the letter, without being specific, indicated that he had some recollection of OSWALD. ROBINSON, according to his letter, was to attend the Federal Aviation Agency's Academy in Oklahoma City, Oklahoma, and would be there until either June 20th or July 4, 1964.

NY 105-38431

Above interview with CASSISI will be set forth  
in report being prepared by NY.

Dallas review available information to determine  
if (FNU) CYR and SIDNEY S. ROBINSON have been interviewed.  
If not interviewed, determine desirability and set forth  
leads.

For information of Bureau and Dallas, CASSISI  
had no knowledge as to whereabouts of ALLEN FELDE or  
DONALD GOODWIN.

Dear Mr. Hoover:

It appears that Lee Harvey Oswald first became acquainted with members of the so-called "Russian Community" in the Dallas-Ft. Worth area through his contacts with Mr. Peter Gregory and Mr. Max Clark of Ft. Worth. Mr. Clark testified that he thought that Oswald had obtained his name, as well as Mr. Gregory's, through the Ft. Worth office of the Texas Employment Commission.

Would you please verify Mr. Clark's testimony by interviews with the appropriate personnel of the Texas Employment Commission office in Ft. Worth. We would like to know the identity of the person or persons who provided Oswald with the names of Gregory and Clark and the reasons that they did so.

We are most appreciative of your continued cooperation with the Commission.

Sincerely,

Enclosed is copy of self-explanatory letter dated 5/7/64 from the President's Commission.

Dallas should immediately initiate investigation to develop the information requested by the President's Commission and submit letterhead memorandum suitable for dissemination.

In conducting this investigation your attention is called to the fact that Max Clark's testimony appears to be at variance with information previously furnished by him to your office. Page 262 of Dallas report 11/30/63 contains information from Clark to the effect that when Oswald telephonically contacted Clark's wife, Oswald stated he had obtained Mrs. Clark's name through some contacts at the Fort Worth Public Library. Page 290 of that report contains information that Oswald claimed he obtained Peter (Paul) Gregory's name from some person at the Fort Worth Public Library.

If your inquiry at the Fort Worth office of the Texas Employment Commission fails to develop the information desired by the Commission, you should reinterview Max Clark and, thereafter, conduct inquiry at the Fort Worth Public Library in an effort to determine identity of person or persons who provided Oswald with the names of Gregory and Clark and the reasons therefor. Handle immediately.
