

Memorandum to Mr. Belmont  
Re: Assassination of President Kennedy

has requested the FDI to make all the necessary arrangements for this project and has directed a copy to Chief Rowley of the Secret Service in order that they will be aware of the request as well as to furnish any assistance that the Bureau might desire. If the Bureau refuses to carry out this request it places the Bureau in a position where considerable criticism may result.

In handling this request it will be necessary to utilize an automobile similar to the car that the President was traveling in, namely, a seven-passenger open car and Inspector Kelly of Secret Service has indicated that Secret Service will make arrangements to have such a car available in Dallas if desired.

It will also be necessary to have available a qualified surveyor and in previous work done in Dallas, a county surveyor, Robert H. West, was utilized and arrangements for this were made by Secret Service.

**RECOMMENDATIONS: (3)**

1. That Mr. Rankin be advised the Bureau will make arrangements to handle the request set forth in his letter of May 7, 1964. If approved, the Dallas Office will be issued necessary instructions for arrangements that will have to be made in Dallas, including the arrangements for handling traffic while photographs are being taken and other work is being performed. Because of traffic conditions on this busy thoroughfare, efforts will be made to perform this work in the early morning hours of Sunday, May 17, 1964, providing it can be worked out with Mr. Rankin.

2. That Messrs. Gauthier, Shaneyfelt, and Frazier, along with whatever technical assistants Messrs. Gauthier need, be utilized to proceed to Dallas to handle this project.  
and Shaneyfelt

3. Inspector Kelly of Secret Service will be requested to make necessary arrangements to have an appropriate seven-passenger open automobile available in Dallas.

**ASSASSINATION OF PRESIDENT KENNEDY**

Memorandum: Tolson to Belmont dated 5/11/64 made certain recommendations concerning personnel to be sent to Dallas over the coming weekend to obtain additional technical data needed by the President's Commission. One of the items recommended was that Inspector Tom Healey of Secret Service be requested to make arrangements to hire an appropriate seven-passenger open automobile available in Dallas.

This matter was discussed with Inspector Healey of Secret Service today and he advised that arrangements were being worked on today and he would see to it that one of the Secret Service automobiles, seven-passenger open car, would be available in Dallas no later than Saturday for the work to be performed in Dallas.

Healey also advised that J. Leo Razzia of the President's Commission had requested that Mr. Healey, be available in Dallas for the work to be done there and also desired Secret Service Agent John Hollett, who has participated in a great deal of photography and measurements for Secret Service, be available.

This morning Healey received a call from Mr. Arion Specter of the Commission staff who stated that Mr. Razzia was agreeable to handling a large portion of this project on Sunday morning, May 17. He requested that the Dallas Police Department be advised that it would probably require the greater part of the day on Sunday to complete the project. He was desirous of knowing if this was agreeable with the Dallas Police Department.

NOT RECORDED

After appropriate contact with the Dallas Police Office advised that the Police Department was in full agreement with handling the project on Sunday and stated it would be perfectly agreeable to attempt the entire day, if necessary to complete the project and they would make appropriate arrangements for handling the traffic problem.

Re: Assassination of President

The Dallas Office also advised that they had been in touch with County Surveyor Robert H. West and he advised he would be available Sunday for whatever services were needed. West indicated he would appreciate being advised in advance of as much detail as possible as to the work he would be required to perform in order that he could be appropriately prepared to carry out his duties.

In addition to the above items, Mr. Specter desired that a canopy of a size similar to that of President Kennedy be available in order that certain photographs and other examinations could be made, making use of this canopy. Such a canopy is available and will be available in Dallas in order to handle this project.

Mr. Specter indicated that numerous questions were being raised by various Commission staff members and that he was working out more details relative to the entire project and would like to have a conference with personnel who would be going to Dallas prior to any departures from Washington. He advised that he would notify Keady as soon as possible what date this conference could be held and the time for such a conference.

Dear Mr. Hoover:

The Commission would like the Bureau to conduct a limited background investigation of Officer J. P. Tippit of the Dallas Police Department, who was killed by Lee Harvey Oswald on November 22, 1963.

In the course of this investigation we would like the Bureau to do the following:

- (1) Obtain a copy of the personnel file of Officer Tippit maintained by the Dallas Police Department for the use of the Commission.
- (2) Interview Sgt. C. B. Owens, Oak Cliff Station, and other officers with personal knowledge regarding Officer Tippit's assignments, reputation and associates. In this respect we would like to know whether the absence of any promotions since October 28, 1953 (see Report of Manning C. Clements, dated December 14, 1963, at pp. 43-44) reveals that he was an above average, average, or below average patrolman in the Dallas Police Department.
- (3) Interview Mrs. Tippit regarding the interests and associations of her late husband.
- (4) Interview those persons identified as Officers Tippit's closest associates outside the Police Department regarding his interests, attitudes, leisure activities, and general background.

"She has tried again and again to bring this to your attention; she has called your office five times and left her number three times. Feb. second, 1964, she called the WHITE HOUSE BETWEEN eight-thirty and nine, and asked for you, but was refused.

"She also claims her mail has been sabotaged since June 1959, when she first tried to bring the technique of the Syndicate to the attention of Mr. Herbert Hoover. She asked me to refer this knowledge to you for her. She has the information, but will not discuss it with anyone but you. If you can get in touch with her, you may get some valuable information. 'Why don't you go to the F.B.I.?' I asked. 'I was there November 13th, 1963.'

"Mr. Kennedy, please, I do not want any publicity; I know nothing about these Organizations, -am just trying to help, I hope. My impression is it is family affair, -She spoke of book that is being written.

RE: MRS. FLORA FILKO HYATT

On May 4, 1964, Miss Berta Phillips, 2517 Taft Street, Houston, Texas, advised she had written the above letter to the Attorney General at the request of Mrs. Flora Filko Hyatt. She stated she did not know whether or not Mrs. Hyatt was a "mental case," but Miss Phillips stated she "talked of people dressed in black." She stated Mrs. Hyatt had informed her that she "heard voices" and received much of her information in this manner. Miss Phillips stated she had at first thought Mrs. Hyatt was a spiritualist but has now decided she is not because Miss Phillips stated that she is a spiritualist and for this reason knows Mrs. Hyatt could not be one.

Miss Phillips stated that according to Mrs. Hyatt it had been "told to her ear" that the plot to assassinate President John F. Kennedy was made in Houston. She stated Mrs. Hyatt told her that the main individuals involved in this plot were Mr. Sakowitz, head of Sakowitz Department Store, and Fred Mahas, a local news reporter.

Miss Phillips stated that Mrs. Hyatt was divorced from her husband and she feels this divorce was brought about by Mrs. Hyatt's peculiar actions. She stated in her conversations with Mrs. Hyatt she could get no actual sense out of her. Miss Phillips pointed out that she herself had no information whatever bearing on the assassination of President Kennedy and her action in directing a letter to the Attorney General was based solely on her desire to assist Mrs. Hyatt who was apparently reluctant to write this letter herself. Miss Phillips pointed out that she is 88 years old and due to her frail condition is unable to go about the town without assistance.

On May 4, 1964, Mrs. Flora Filko Hyatt, 402 Valentine, Apartment 1008, was interviewed and furnished the following information:

Mrs. Hyatt stated that she had requested Miss Berta Phillips, a friend of her's, to write a letter to the Attorney General to bring to his attention certain information which had come to her attention through demons who spoke into her ear.

RE: MRS. FLORA FILKO HYATT

She stated she has learned that the Attorney General was interested in the syndicate known as Cosa Nostra but she wanted to point out to the Attorney General that the Cosa Nostra was actually the lowest echelon of the syndicate. It dealt only with the physical aspects of the criminal situation in the United States and the world. She stated she was in touch with the highest echelon of the "syndicate" through demons and "werewolves" who were continually with her and spoke to her when she was in private, in her left ear. Mrs. Hyatt repeatedly referred to what she called her frequent contacts with the metaphysical world, pointing out there are sometimes five or six "beings" speaking to her at once and imparting information concerning happenings outside the physical world, to which normal people are restricted.

Mrs. Hyatt stated that she felt she could be of assistance to the Attorney General in his investigations of Cosa Nostra and had in the past endeavored to contact him by telephone and through the FBI.

Mrs. Hyatt advised that the higher echelon of the "syndicate" was made up of members of the House of Ax. She stated that in 1959 she had tried to bring this information to the attention of former President Herbert Hoover by letter. She stated since she has not received answers from letters of this type she feels that her mail has been delayed or misdirected through activities of members of the House of Ax.

She stated she had "explored" the syndicate and has determined that there are only two men who are willing and able to act against the syndicate and these are the President of the United States and the Attorney General. Mrs. Hyatt explained that her efforts to relate this information personally to the Attorney General were based on her belief there were very few people capable of understanding the metaphysical world, and she doubted that FBI Agents had had adequate training in this specialized field to equip them to handle such information.

In regard to the assassination of President Kennedy, Mrs. Hyatt states that as is frequently done by werewolves, she feels that such a demon could have entered the body of Lee Harvey Oswald, assassinated the President,

RE: MRS. FLORA FILKO HYATT

and then returned the body to Oswald. She stated in several murder cases which received considerable newspaper publicity in the Houston area she feels that the accused in these murders was not actually the one involved but his body was being used by werewolves.

She stated it is also possible that President Kennedy was not shot from the Texas Book Depository Building because werewolves could shoot him with a soundless gun from any position.

Mrs. Hyatt advised that the Attorney General could learn a lot from her through the study of the activities of the members of the House of Ax.

When questioned for specific statements concerning the circumstances of President Kennedy's assassination, Mrs. Hyatt related that a voice told her on November 18, 1963, that two businessmen from Houston had gone to Dallas on that date. She identified these men as Lewis Lechinger, owner of a large jewelry store in Houston, and a Mr. Sakowitz, one of the owners of the Sakowitz Department Store. Mrs. Hyatt stated she felt these two men were top leaders of the House of Ax, and the trip to Dallas was undoubtedly related to the plans for the assassination of President Kennedy. Mrs. Hyatt does not believe either of the above men were personally involved in the actual shooting but they had exerted their power through metaphysical forces acting on Lee Harvey Oswald. She stated information of this nature is received by her not only from voices but also from "the stars."

Mrs. Hyatt stated that she had had difficulty in bringing the above information to the attention of any responsible people because it seemed that no one wanted to listen to her story. Mrs. Hyatt stated she had been able to relate this information to Mrs. Oswald, the mother of Lee Harvey Oswald, and she understood that Mrs. Oswald had recorded her information on tape. Mrs. Hyatt stated she expected Mrs. Oswald would turn this tape over to the Attorney General.

Mrs. Hyatt advised that she was born and raised in Germany and came to the United States in 1927.

RE: MRS. FLORA FILKO HYATT

The files of the Houston Office of the Federal Bureau of Investigation reflect that Flora Filko Hyatt was interned on December 29, 1941, by an Alien Enemy Hearing Board sitting in the Southern District of Texas. This board held that Hyatt entered the United States as a quota immigrant at Houston, Texas, on December 22, 1927, under her maiden name, Flora Filko. Prior to her marriage and after her separation from her husband, she did household and domestic work for moderate compensation. She also received help from the Family Service Bureau in Houston after separation from her husband.

The Hearing Board set out that based on information furnished, Mrs. Hyatt is almost fanatical in her loyalty to Hitler and to Germany and has so expressed herself on numerous occasions. They point out that the only excuse for her attitude might be that she is mentally unbalanced on this subject. She has also been in frequent touch with German propoganda agents, if not one herself. The board pointed out there were found in her possession several photographs of Hitler and of German troops in action, and writings containing Nazi propoganda.

The records of the Immigration and Naturalization Service, Houston, Texas, reflect that Mrs. Hyatt is an alien.

Mrs. Hyatt is described as follows:

previously set forth in Paris airtel of reference. In view  
of the characterization of SERGE FLIEGERS contained in the

MISCELLANEOUS - INFORMATION CONCERNING**

Enclosed for your assistance are two copies of a self-explanatory letter from the President's Commission dated 5-12-64, requesting a limited background investigation of Officer J. D. Tippitt of the Dallas Police Department who was killed by Lee Harvey Oswald. In conducting this investigation, you should insure that the following basic investigative steps are included; such as, date of birth, education, marital status, military service and prior employment. You should limit the scope of this investigation to that period Tippitt was actually a member of the Dallas Police Department. It is suggested that the Dallas Police Department personnel file on Tippitt may include much of the information desired by the Commission, and you should be guided by the availability of this information in conducting your investigation.

Every effort should be made to expedite this investigation, insuring that the Commission's specific requests are appropriately complied with in each instance.

Results of investigation should be incorporated in a suitable LHM for immediate dissemination to the Commission without need for revision and/or correction.

NOTE: Commission in report indicates this investigation of Tippit requested to "refute unfounded allegations" (presumably linking Tippit with Oswald and Ruby) which have developed since assassination. Some of the more pertinent aspects of the Commission's requests are as follows: 1. A copy of Tippit's police file should be obtained. 2. Tippit's associates inside and outside the police department, as well as his wife, should be interviewed concerning his reputation, interests, assignments and associates. 3. Each person interviewed should be queried as to whether Tippit had any association with Oswald or Ruby.

While Commission has requested limited background investigation, it is felt any such investigation should include the above indicated investigation and encompass the period while Tippit was on the Dallas Police Department.

This matter will be closely followed at the Bureau, and when the results are obtained, the Commission will be notified.

NOTE CONTINUED:

Police Officer Tippit. Lane claims there is no credible case against Oswald today, which is counter to our inquiry in the assassination matter. Lane claims the hearings by the President's Commission are secret and deny the accused (Oswald) the right to counsel or to an attorney to cross-examine witnesses, to examine evidence and to present witnesses of his own. Lane also states that the doctors at Parkland Memorial Hospital, Dallas, first indicated the wound in President Kennedy's throat was an entrance wound, but at a later date, after contact by Secret Service agents, changed their statement and indicated the throat wound was an exit wound. Lane also claims that several witnesses state that the shots were fired in the opposite direction from the Texas School Depository Building, although our inquiry shows preponderance of evidence that the shots did come from the above building.

The "National Guardian" issue 5-9-64 contains an article captioned "Oswald Case: A New Angle" which reports a statement made by Mark Lane to that paper on May 4. Lane is a New York attorney who has injected himself into the assassination matter and has been making irresponsible statements in this country and abroad. He is on the Reserve Index.

Lane's statement to the "National Guardian" alleges that the Secret Service deliberately planted a false story in the press to cast further guilt on Lee Harvey Oswald and that a second rifle, not the one attributed to Oswald, was found on the roof of the Texas School Book Depository building the day the President was assassinated.

Lane alleges that Thayer Waldo, reporter for the Fort Worth "Star-Telegram," was asked by him (Lane) to accompany Mrs. Marguerite Oswald from Fort Worth to Dallas airport on her trip to Washington, D.C., to testify before the President's Commission in February, 1964. Lane states that Mrs. Oswald and Waldo were accompanied on the trip to the airport by Secret Service agent Mike Howard. We have learned that Secret Service agent Michael Howard, formerly assigned to the Fort Worth area earlier this year, has been transferred to the White House detail of Secret Service in Washington, D. C., subsequent to the alleged incident.

Lane alleges that Pat Howard, Deputy Sheriff of Tarrant County, Texas, who is the brother of Secret Service agent Mike Howard, advised Waldo that same day at the Dallas airport lunch room that when the Ruby trial was completed he would give Waldo a piece of news to "blow the top off everyone's head, if it hasn't come out from the Warren commission yet." Pat Howard allegedly told Waldo that he could only say that the news had to do with a witness who had actually seen the assassination of President Kennedy and could identify Oswald as the assassin. Lane also alleges that on the return trip to Fort Worth with Pat Howard and Waldo, Mike Howard indicated to Waldo that the witness in question was a Negro who had been looking out a window on the same floor of the Texas School Book Depository building as Oswald and that after the first

shot the Negro looked and saw Oswald and then ran and hid behind boxes to avoid being shot by Oswald. Lane alleges that Mike Howard claimed the Negro janitor had been arrested in the past for gambling and that Mike Howard had seen him in a cell under control of the Dallas Police Special Services Division (Gambling).

A check of Bufiles shows that Waldo wrote a story which appeared in the 2-10-64 issue of the Fort Worth "Star-Telegram." This article alleged that an informed source advised that a witness, described as a Negro janitor employed by the Texas School Book Depository building, could identify Oswald as the assassin of President Kennedy and was being held in "protective custody." A thorough check of this story at the time failed to indicate the identity of the witness and when we interviewed Waldo, he refused to reveal the source of his story. The President's Commission was advised of the results of our investigation.

Lane alleges that both Pat and Mike Howard called Waldo after the story appeared and urged that Mike Howard's name never be divulged as the source of information for the story. Lane claims that the story was quickly denied by every agency with an interest in the Oswald case except the Secret Service. Lane claims that this story was the "invention of the Secret Service" and had been released to prevent press coverage of any witness who would raise doubts about Oswald's guilt.

Lane also alleges that Mike Howard during his contact with Waldo had advised Waldo that "We found a rifle on the roof, but it was dropped by a Dallas police officer earlier in the day and he forgot to pick it up."

In the "National Guardian" article, Lane is said to have refused to reveal the source of the above stories, but stated that he had written to the President's Commission informing it of his "evidence" and offering to testify again.

OBSERVATIONS:

The Bureau could on its own initiate an immediate inquiry to pin down the allegations of Mark Lane. Based on previous encounters with Lane, his story is probably a combination of lies, distortions and half truths. The investigation would necessarily delve deeply into the Secret Service and its personnel since the crux of Lane's allegations reflect on the integrity of the Secret Service.

Memo Branigan to Sullivan  
re: MARK LANE  
SM - C

At the same time, Lane had indicated a willingness to testify and it may be that the President's Commission would want to put him under oath. In view of this and since Lane's allegations do not affect the basic issues of the investigation to determine the assassin of President Kennedy, it is not believed we should institute an independent inquiry concerning these allegations.

ACTION:

If you agree, there is attached a letter to the President's Commission calling their attention to the article, noting the fact that Lane had indicated a willingness to testify and pointing out that the Bureau is not initiating any inquiry in the absence of a request from them.

The President's Commission has forwarded an article appearing in the "National Enquirer" issue of 5-17-64. In essence, the sensational article alleges that a high official of the Justice Department sent a letter to Dallas Police Chief Jesse E. Curry requesting the Dallas Police not to arrest Oswald and Ruby in connection with the General Walker shooting.

By memorandum of 5-8-64 you were advised that Chief Curry in an interview on 5-7-64 emphatically denied that he had ever been requested by the Justice Department or any official of the FBI not to arrest Oswald or Ruby. A letter incorporating the results of the interview of Chief Curry was forwarded to the President's Commission on 5-8-64.

At the same time, since the Commission had specifically requested that they be advised as to any knowledge possessed by the Justice Department, a letter was sent to the Deputy Attorney General advising of the request from the President's Commission. The Director noted, "Follow up and get prompt action."

Assistant Director Evans was in contact with Mr. Katzenbach's office on May 12 and May 13. We have now received a letter dated May 13, attached, which was hand delivered from the Deputy Attorney General. In this letter he advises that a check of the files discloses no reference to an alleged letter from a high official of the Justice Department to Chief Curry or any reference that an FBI official was asked to request the Dallas Police not to arrest Oswald or Ruby.

The story that appeared in the "National Enquirer" is, therefore, a complete fabrication.

ACTION:

There is attached a letter to the President's Commission advising of the information furnished by the Deputy Attorney General and pointing out that our inquiry in this matter is now complete.

The President's Commission has forwarded an article appearing in the "National Enquirer," issue of 5/17/64. In essence, the sensational article alleges that a high official of the Justice Department sent a letter to Dallas Police Chief Jesse E. Curry requesting the Dallas Police not to arrest Oswald and Ruby in connection with the General Walker shooting.

The Commission requested that the Bureau interview Chief Curry concerning his knowledge of the alleged letter and also requested that the Commission be advised as to any knowledge possessed by the Justice Department or the Bureau concerning the allegations in the article.

**ACTION:**

1. SAC, Shanklin, Dallas, interviewed Chief Curry on 5/7/64. Curry emphatically stated he had never received or heard of a letter to his department from the Justice Department and that he had never been requested by any official of the FBI not to arrest Oswald or Ruby. He described the allegations as absolutely false and added that prior to the assassination neither he nor his department had ever heard of Oswald. Attached for approval is letter to Rankin advising of the interview with Curry. This letter points out that the Bureau has no information in its files concerning the alleged letter from a high official of the Justice Department, nor any reference that an FBI official was asked to request the Dallas Police not to arrest Oswald or Ruby. Rankin is also advised that we are making inquiry of the Justice Department and upon receipt of the results of that inquiry the Commission will be advised.

Although the FM-11 forms do not record, in all instances, the type of travel document from which the data for a given person was obtained, this information was secured by SA JOSEPH B. GARCIA from MACLOVIO HERRERA on the basis of the latter's knowledge of the forms used in the various categories involved.

Inasmuch as a portion of the original FM-11 forms was typed in red, acceptable Xerox copies could not be made thereof and it was necessary to prepare photographic copies of those forms.

The enclosed forms described hereinunder are listed in the order in which the names thereon appear in the letterhead memorandum:

1. Two photographs of form FM-11 with the name of FRANK WOODROW BLADES, traveling with FM-6 form, who departed from Mexico at Nuevo Laredo on 10/3/63. The first name appearing on the list is LLOYD WALTER SEIGART.

#### ADMINISTRATIVE

On 4/29/64 MACLOVIO HERRERA, Chief of the Travel Control Files of the Mexican Immigration Department, Mexico, D. F., furnished to SA JOSEPH B. GARCIA the original forms FM-11 from which information contained in enclosed letterhead memorandum was obtained. Copies were prepared of these forms and the

originals returned to him on 4/29/64 in accordance with his request.

On 4/20/64 HERRERA advised that the original travel documents, other than forms FM-5 and FM-8, which were utilized by persons entering Mexico at Nuevo Laredo, Tamaulipas, on 9/26/63 and departing Mexico at Nuevo Laredo on 10/3/63, were not readily available, but efforts would be made to locate them. On 4/24/64 and 4/29/64 HERRERA stated he had been unable to locate these documents, but was continuing his search; however, he could not assure he would be able to locate all of these documents. He stated they had been stored in bundles in an unorganized fashion in the storage warehouse and the possibility existed that many of the forms FM-17 may have been destroyed in accordance with the usual practice for those forms.

As pointed out on page 2 of referenced Mexico City airtel dated 3/16/64, a comparison of the list of persons who entered Mexico at Nuevo Laredo on 9/26/63, furnished by HARVEY CASH, American Consul, Nuevo Laredo, as contained in referenced San Antonio airtel, with the list (FM-11 forms) furnished by Attorney RAFAEL HERNANDEZ OCHOA disclosed that 22 individuals who appeared on the list supplied by CASH did not appear on the FM-11 forms supplied by HERNANDEZ OCHOA.

Further review and comparison of the list supplied by CASH with the data furnished by HERNANDEZ OCHOA reflects that, in fact, only 21 persons who appeared on the list supplied by CASH did not appear on the lists furnished by HERNANDEZ OCHOA. The name THOMAS J. ROGER does appear on HERNANDEZ OCHOA's list; in addition, it was pointed out on page 2 of referenced Mexico City airtel dated 3/16/64 that the name SOLOMON BANDACK did not appear on HERNANDEZ OCHOA's list. Further review of the FM-11 forms discloses that the name of SOLOMON M. BANDACK does appear as having entered Mexico at Nuevo Laredo on 9/27/63, traveling by automobile; accordingly, his name was not included in referenced Mexico City letterhead memorandum dated 3/16/64 as being among those who entered Mexico at Nuevo Laredo on 9/26/63.

San Antonio airtel dated 12/3/63 includes the name of SOLOMON BANDACK as being among the names furnished by HARVEY CASH of individuals who entered Mexico at Nuevo Laredo on 9/26/63. As pointed out above, a review of FM-11 forms supplied by HERNANDEZ OCHOA discloses that SOLOMON M. BANDACK, traveling with FM-5 No. 4329383, entered Mexico at Nuevo Laredo, 9/27/63, by automobile. He was described as being 43 years of age, married

MC 105-3702

nationality North American, occupation engineer, and listed as proceeding from Detroit, Michigan, with final destination of Mexico, D. F.

Of the remaining 20 persons, a record for entry and type of travel document utilized upon entry into Mexico on 9/26/63 has been located for 9 additional persons, which data is set forth in the enclosed letterhead memorandum. These 9 are as follows:

AUGUSTIN CERDA REYES  
JUAN SAUCEDO  
LEONARDO CASTILLO  
RODOLFO ACEVEDO GUEVARA  
RODOLFO MENDIOLA  
MARIA OTERO PABLOS  
ELVA VALLE RENDON  
CARLOS ALMAGUER ECHARTEA  
MARIO C. MENDIVIL

In addition, a review of the original FM-11 forms furnished by MACLOVIO HERRERA disclosed that the following 5 persons, who were included on the list supplied by CASH as having entered Mexico at Nuevo Laredo on 9/26/63, in fact entered Mexico on 9/25/63. All were listed as traveling with forms FM-17.

JOSE VEGA VERANO  
CARLOS VASQUEZ GALINDO  
JESUS ANGEL SANTOS CANTU  
GUILLERMO HEVIA VILLAR  
JOSE GERARDO BENAVIDES SALINAS

No record was located on the FM-11 forms, reviewed by SA's JOSEPH B. GARCIA and HENRY J. PRATT, for the remaining 6 persons who appeared on the list furnished by CASH and named below:

VERNON KLEIN  
LUIS Mt. VASQUEZ  
JOSEPH HARRISON BIRD  
EDWARD G. NEWMAN  
IGNACIO G. MONTEMAYOR  
JOSE MONTEMAYOR TREVINO

MC 105-3702

The foregoing six persons were named in referenced San Antonio airtel dated 12/3/63 as having entered Mexico by automobile on 9/26/63 and the type of travel document used was listed as unknown.

Regarding JOSE MONTEMAYOR TREVINO, it is believed this person is identical to JOSE MONTEMAYOR TREVINO, a prominent and well-known Customs broker at Laredo, Texas, who has been a resident of that border city for many years, and believed to be a Mexican national. It is also believed that IGNACIO G. MONTEMAYOR is MONTEMAYOR TREVINO's son.

It is noted that the FM-11 form recording CATALINA ADA DEL CARMEN CANIZARES' entry into Mexico contains ditto marks in the entry date column with the figure "26" inserted alongside the ditto marks. The date above the ditto marks is 9/18/63; the date of entry into Mexico shown for FEDERICO VICTOR VALDEZ VALDEZ, the person immediately preceding CANIZARES on the FM-11 form, which would indicate that CANIZARES entered the country on 9/18/63; however, in view of the "26" notation, MACLOVIO HERRERA advised it was his opinion that CANIZARES entered the country on 9/26/63. Therefore the enclosed letterhead memorandum lists CANIZARES among those who entered Mexico on 9/26/63.

In efforts to further verify whether CANIZARES' entry date into Mexico was 9/26/63, the following inquiry was made at the Visa Section, U. S. Embassy, Mexico, D. F., to determine if a record is maintained there reflecting a residence address for CANIZARES in order that she could be located and interviewed regarding this matter:

On 5/4/64 MARGARITA MUNGUIA, Visa Section, advised SA HENRY J. PRATT that records reflect a visa was issued to CATALINA ADA DEL CARMEN CANIZARES GARCIA on 10/26/60 valid until 1/26/61. These records reflect CANIZARES was born 9/14/32 at Havana, Cuba, and her residence address was shown as Calle Lope de Vega #341, Apartment 1, Colonia Chapultepec Morales, Mexico, D. F. CANIZARES was listed as a housewife and has had immigrant status in Mexico since 1948. CANIZARES' visa was revalidated on 9/13/63 for unlimited entries into the United States until 3/13/64. These records disclosed that as of 9/13/63 CANIZARES had been a resident of Mexico for sixteen years.

On 5/4/64 the following inquiry was conducted at Calle Lope de Vega #341 by [redacted] and [redacted]

It was ascertained that Apartment 1 is now housing a draftsman's office. A young man, approximately 32 years of age, advised he had resided in Apartment 1 for about three months. He did not know CATALINA ADA DEL CARMEN CANIZARES. He believed that a family by the name of ALATRISTE had lived there for several years prior to his moving into Apartment 1. He said the family in Apartment 2 may possibly have more information regarding CANIZARES.

Inquiry was made at Apartment 2, and a woman who stated she lived there advised that a girl by the name of CARMEN (LNU) did live in Apartment 1 with a family by the name of (FNU) ALATRISTE, but they had moved some time ago and she did not know their present location. She believed CARMEN was related to the ALATRISTE family. She stated she knew of no one in the apartment building at the present time who would know the ALATRISTE family.

Bureau airtel to Dallas dated 4/9/64 stated the Bureau was not furnishing copies of referenced Mexico City letterhead memorandum dated 3/16/64 to the offices indicated in referenced Mexico City airtel dated 3/16/64 nor were leads being set forth to interview individuals listed in this letterhead memorandum who reside outside the United States. The Bureau pointed out that OSWALD's means of travel into Mexico is known, as it has been verified by four witnesses on the bus, and his travel to Mexico City on 9/26-27/63 was further confirmed by the Red Arrow bus baggage list and Mexican Immigration records.

Since all efforts have been unsuccessful at Mexico City in determining whether a record exists for entry into Mexico at Nuevo Laredo on 9/26/63 of the above-listed six persons, and in view of the information contained in Bureau airtel dated 4/9/64, no leads are being set forth for other offices to conduct investigation in this regard.

If not already done, it is suggested that, if it is desired to further identify the above-listed six persons and ascertain the type travel document utilized by them upon their reported entry into Mexico on 9/26/63, the Bureau may wish to have American Consul HARVEY CASH recontacted at Nuevo Laredo to determine the original source furnishing the list of persons who entered Mexico at Nuevo Laredo on 9/26/63, which source may be the Mexican Customs records at Nuevo Laredo. If this lead is pursued further, an effort should be made to ascertain whether

MC 105-3702

those records contain any notations recording the type travel document utilized by those persons upon their reported entry into Mexico on 9/26/63.

BASIS FOR INQUIRY

A confidential source abroad has advised that LEE HARVEY OSWALD entered Mexico at Nuevo Laredo, State of Tamaulipas, on September 26, 1963, and departed from Mexico at Nuevo Laredo on October 3, 1963.

A memorandum dated February 27, 1964, recorded information concerning persons who departed Mexico at Nuevo Laredo on October 3, 1963, who were traveling in Mexico documented with Mexican Government tourist cards FM-5 or FM-8. This information was obtained from a review of the tourist cards (FM-5 and FM-8) of these persons and copies of the form FM-11 relating to the departure of these persons; similarly, a memorandum dated March 16, 1964, reported information obtained from a review of FM-5 and FM-8 tourist cards and the related form FM-11 for persons who entered Mexico at Nuevo Laredo on September 26, 1963.

A second confidential source abroad advised as follows:

On March 23, 1964, MACLOVIO HERRERA, Chief of the Travel Control Files of the Mexican Immigration Department, Mexico, D. F., (D. F. refers to "Distrito Federal" - Federal District or the Mexican Federal Capital) advised that in a circular instruction dated March 20, 1962, the Chief of the Immigration Department described the Immigration form FM-11 as a "statistical record to be prepared every two weeks on nationals and aliens entering and leaving the country." HERRERA explained that separate FM-11 forms are submitted semi-monthly by all Mexican Immigration stations for entries and departures from Mexico, and separate lists are prepared
