Under date of April 11, 1964, the Kansas City Office advised that on that date Mr. AL DAVIS, Textile Marking Machine Company, Kansas City, Missouri, had advised that he does not know the location of all cleaners using Tag-O-Lectric machines in Dallas and Fort Worth, Texas, and New Orleans, Louisiana. Mr. DAVIS suggested contacting a Mr. TYSON at the White Star Laundry, 4535 Cole Street, Dallas, Texas, and in the event Mr. TYSON could not be of assistance he suggested the following jobbers be contacted in Dallas:

HENRY MILLER, Dallas Tailor Supply Company, 502
Second Avenue
Mr. KRISS, Southern Cleaners and Laundry Supply
Company, 146 Glass Street
GEORGE DURDIN, Lasco Supply Company, 2219
Griffin Street

Mr. DAVIS advised that the above jobbers in Dallas, Texas, also cover the Fort Worth, Texas, area.

Mr. DAVIS advised that he has not worked in the New Orleans area in two years and does not know the present location of Tag-O-Lectric machines in that area, but suggested contacting the following jobbers, all in New Orleans:

RUDOLPH RAMELLI, Rudolph Ramelli, Inc., 1700 Poydras

Forwarded to you for information the following information concerning the laundry and/or cleaning marks on Oswald's grey jacket.

Under date of April 14, 1964, the Bureau advised that none of the other items of OSWALD's clothing available contained any dry cleaners or laundry markings that were similar or could be associated with the "30 030" laundry marking and the "B9738" dry cleaner tag appearing on the K-42 jacket.

The Bureau has advised that the location of the country has its own system of marking clothing.

However, the "30-030" marking might be indicated by the sign preceding the figure pertaining to the retail cleaner or laundress and the number of the individual customer. The marking of numbers into the cloth is indicative of a retail laundry or a dry cleaning plant which sells the goods. The "B9738" marking is an identification number of a garment in an establishment which provides for the cleaning or an effective means, however, of the garment. The marking may be cleaned or removed from the cloth, according to inspection.

Detective Edward Thompson, Laundry Mark File, Technical Research Bureau, furnished the following information concerning the laundry and/or cleaning marks located on K-42, a gray jacket:

The Laundry Mark File maintained by that department pertains to laundry and cleaning establishments in the northeastern section of the United States, with occasional submissions from other sections of the country. The imprinted number, 30-030, and the tag containing the number B-9738, were not identified in this file, however, each geographic section of the country has its own system of marking and filing.

In general, however, in regard to the 30-030 mark, the first group of numbers (including any letter prefix which might be indicated by the blur preceding the first 3) pertains to the retail cleaner or launderer and the second group to the individual customer. The imprinting of the number into the cloth is indicative of a steam laundry or a dry cleaning plant which sends its work out. The B-9738 stapled ticket is indicative of a "one hour cleaner" or an establishment which performs work on the premises. For an effective check, however, the area where the garment was cleaned or laundered would have to be known, according to Thompson.

**C. Investigation to Locate Source of
Identification Bracelets of LEE
HARVEY OSWALD and MARINA OSWALD**

Date 4/8/641

On April 8, 1964, SA J. HALE McMENAMIN purchased a silver-colored identification bracelet from the jewelry counter of the H. L. Green Company, 1623 Main Street, Dallas, Texas. This bracelet was sold as a "girls' hand-engraved expansion ident" bracelet for the retail price of \$1.00 and was contained in a gold-colored cardboard box bearing a price tag with the following information:

"McCroory's"

O 12311

1.00

Mr. CHARLES PEZET, 5738 Goliad Street, Dallas, Texas, advised he operates the H. L. Green Watch Repair Company located in the main floor of the H. L. Green Company Department Store, 1623 Main Street, Dallas, Texas. Mr. PEZET advised that prior to November, 1962, his watch concession was located in the basement of this store; that he moved his operation to the third floor of this same building just prior to Thanksgiving day, 1962, and has been in his present location on the main floor of the H. L. Green Company since March, 1964.

Mr. PEZET was shown photographs of the expansion identification bracelets belonging to LEE HARVEY OSWALD and MARINA OSWALD and he stated he at one time stocked cheap bracelets similar to the ones in the photographs but does not have this type of bracelet in stock at present. He said he was unable to recall whether the bracelets he previously stocked were identical with those in the photographs and would be unable to resolve this since his records would not show the type of bracelet he previously handled. Mr. PEZET advised that bracelets of this type have the decorative border machine engraved on the name plate when they are received and that the only additional engraving would be the name desired by the customer. He examined the engraved name "Marina" on Mrs. OSWALD's bracelet and advised this work was very similar to work done by him. He said it appeared to have been done by an electric Burgess Vibro-graver type machine and that although he does not use one at present he has employed this type of engraver in his work in the past. Mr. PEZET said that in order to be positive he would like to engrave the name "Marina" on some test plates to compare with the name shown in the photograph. He then engraved the name MARINA on two test plates and compared these engravings with the name appearing on Mrs. OSWALD's bracelet. After a careful comparison, Mr. PEZET advised it was his belief he had engraved this name on the bracelet. He observed that due to the vibration of the engraving tool, no two name engravings are exactly identical but that since the formation of the letters in the name MARINA was the same as his writing, it is his belief that he engraved this name.

Mr. PEZET was shown a photograph of LEE HARVEY OSWALD and

he advised he was unable to recall OSWALD as a customer of his watch shop at any location in the H. L. Green Store.

He added however that it was quite possible OSWALD may have purchased articles in his shop and he would not recall him since he waits on numerous persons during the course of his business day. He stated he could not recall OSWALD as a watch repair customer at his shop. He advised that until one month ago he did not keep a name file on customers and accordingly was unable to determine whether OSWALD might have been a customer of his at any time.

He was shown photographs of the bracelet of LEE HARVEY OSWALD and stated that while the bracelet appeared similar to those sold by him at one time he is positive the name "Lee" engraved thereon was not done by him.

Mr. PEZET was shown a girl's silver-type metal expansion identification bracelet bearing the stamped mark "Japan" which had been purchased by SA J. HALE McMENAMIN on April 8, 1964, at the jewelry counter of the H. L. Green Company. After examining the bracelet construction and machined decorative border engraving on the bracelet, he advised it was his opinion the bracelet was identical to Mrs. OSWALD's bracelet before the name "Marina" was added.

Mr. PEZET recalled that in October, 1963, the electric engraving tool being used by the girls working at the jewelry counter of the H. L. Green Company broke down and he was asked whether they could use his Burgess Vibro-graver. He said since he was using a larger engraving machine at this time he readily agreed.

He advised he did not normally do engraving work for the purchases made by customers at the H. L. Green jewelry counter but does recall that in the first week in October, 1963, he believed on a Thursday evening, he received a call at his shop on the third floor from one of the H. L. Green Company's managers on duty that night who asked him whether he might be able to engrave a purchase for a customer. The manager, who he believed was either KEN WOMACK or BOB WEBER, informed him that the girl who normally did do the

engraving was away from the counter and he desired PEZET to expedite the sale. He said he proceeded to the jewelry counter of the H. L. Green Company on the main floor where he engraved an item purchased by the customer. He was unable to recall whether this was a bracelet or some other item. He said neither could he recall the nature of the engraving nor could not definitely say whether he had engraved the name MARINA at this time. Mr. PEZET pointed out that since the article was not purchased from him he paid very little attention to the customer and the article and could not now recall specific details concerning either. He said the jewelry counter was using his engraving machine at this time but had also repaired their own machine and he could not state which machine he used to make this engraving. Mr. PEZET, who is 6' tall, stated that while engraving this purchase he had the impression of a shorter person who was the customer standing near by waiting the finished article. He added he did not observe this person closely at any time and was unable to say whether it was a man or a woman.

bracket bearing the engraved name MARINA at the same place as the bracelet and identified this bracelet as the one which he had purchased from the jewelry store and which was engraved and required expertise of this type of skill but the name MARINA and the engraving on the above bracelet were not engraved by her.

Miss DAVLOS advised that the H. L. Green Company of the stores owned by the McCroxy, including the stores in Dallas - Fort Worth area, also had other stores in this area which handle these bracelets and that she is the originator of New York Corporation, Inc. She stated the bracelet purchased by the customer was as a girl's hand-impersonal expansion bracelet and that she had by her to be identical with the bracelet purchased from originator of New York as a study and identification of what she had.

Miss DAVLOS stated she is not sure if any other jewelry store carry this bracelet other than the H. L. Green Co.

Miss JUANITA DAVALOS, Merchandise Buyer, Jewelry and Cosmetics Department, H. L. Green Company, 1623 Main Street, Dallas, Texas, viewed photographs of a silver-colored expansion identification bracelet bearing the engraved name "Marina" and advised it was similar in design to a bracelet sold by the H. L. Green Company. She then viewed a bracelet presented to her by SA J. HALE McMENAMIN which was purchased from the jewelry counter of this store after which she stated she thought it definitely to be the same design as the bracelet appearing in the photographs. Miss DAVALOS continued that the border design on the name plate of the bracelet is done by the manufacturer and purchased with the border design already etched; however, any names engraved into the name plate are done by employees of the H. L. Green Company.

Similarly, Miss DAVALOS viewed photographs of an expansion bracelet bearing the engraved name "Lee" on the name plate of the bracelet and identified this bracelet also as being handled by the H. L. Green Company. She stated that on occasion she waits on customers at the jewelry counter and when engraving is required is capable of this type of skill but that the names MARINA and LEE as they appear on the above bracelets were not engraved by her.

Miss DAVALOS advised that the H. L. Green Company is one of the stores owned by the McCrory, McLellan, Green Stores Corporation and in the Dallas - Fort Worth area there are four other stores in this chain which handle these bracelets both of which are purchased from Originalities of New York Corporation, 890 Broadway, New York City. She stated the bracelet purchased by SA J. HALE McMENAMIN is purchased as a girl's hand-engraved expansion identification bracelet, order No. 1231, while the bracelet bearing the engraved name "Lee" is believed by her to be identical with order No. 1220 and purchased from Originalities of New York as a men's expansion identification bracelet.

Miss DAVALOS stated she is not aware that any other stores in Dallas carry this bracelet other than the H. L. Green Company at

Mrs. PEGGY LINDIG, 3111 W. Jefferson Avenue, Dallas, Texas, advised she is employed as cashier and payroll clerk at the H. L. Green Company department store, 1623 Main Street, Dallas, Texas. She said the personnel records system of the store is not set up by individual departments due to the turnover of personnel and transfers within the store of employees from one department to another. She said for this reason it would not be possible to determine from her records the names of girls who had been employed at the jewelry counter of this store during the period March through October, 1963.

Mrs. LINDIG suggested that these names be obtained from either JUANITA DAVALOS, merchandise buyer for the jewelry and cosmetic department, or from Mrs. VELMA SCOTT, the floor supervisor who arranges the working hours for girls in these departments. Mrs. LINDIG stated neither Mrs. DAVALOS nor Mrs. SCOTT are required to keep records for these girls and that both would have to rely on their personal knowledge and recollection of these employees.

Mrs. ~~VELMA~~ SCOTT, 770 Bethpage Street, Dallas, Texas, advised she is employed as supervisor of Department No. 25 at the H. L. Green Company department store, 1623 Main Street, Dallas, Texas, and this department is made up of the drug and cosmetic counters. She said one of her duties as supervisor is to arrange the working hours for the girls employed at the jewelry counter.

Mrs. SCOTT advised she has no records to show exactly which girls worked at the jewelry counter during the period March through October, 1963, but from notations in her workbook regarding the hourly schedules, she believes the following girls were employed at the jewelry counter during this period of time:

PAT STONE
DORIS BRADLEY
SANDRA KINSLOW and
BRENDA DANIEL.

Mrs. SCOTT said she did not have complete names or addresses for these girls but believed they could be obtained from the payroll records.

Mrs. SCOTT advised she believes a young school girl worked part time at this counter but stated she could not recall her name.

KEN
 Mr. ~~KENNETH~~ WOMACK, 3915 Buena Vista, Apartment D, Dallas, Texas, advised he is currently employed as manager of the M. E. Moses Store, Pleasant Grove Shopping Center, Dallas, Texas having formerly been employed as a store manager with H. L. Green Stores, Inc., 1623 Main Street, Dallas, Texas.

Mr. WOMACK advised that in early October, 1963, at 6:00 or 7:00 PM, which would have been on a Thursday evening as the store does not stay open that late on other nights, he recalls that the girl at the jewelry counter called for him to assist in engraving an identification bracelet. He stated he examined the bracelet and decided he would rather obtain the services of Mr. CHARLES PEZET, who runs a watch repair concession within the confines of the H. L. Green Store, and called upon him to come down from his quarters on the third floor of the store and perform this piece of engraving.

WOMACK stated he cannot now recall who the girl was on duty at the jewelry counter that particular evening and paid no particular attention to the customer and had no conversation with this customer. He pointed out the only thing he can recall is that the customer was a male, but from viewing the photograph of LEE HARVEY OSWALD, advised he could not determine whether this customer was identical with OSWALD.

Mr. WOMACK viewed a photograph of a bracelet belonging to MARINA OSWALD which bears the engraved name, "MARINA", on the name plate of this bracelet and advised that although he has done some of this engraving in the past, the engraving on this bracelet was definitely not performed by him. He pointed out, however, after viewing photographs of this bracelet, he does recall that the bracelet mentioned above, which he felt required the services of CHARLES PEZET to engrave, was similar in type to that appearing in the photograph as he recalls the name plate on the bracelet had a curved rather than a flat surface.

Miss SANDRA ELAINE KINSLOW, 3911 Palacios Street, Dallas, Texas, advised she was employed at the H. L. Green Company department store in downtown Dallas during September and October, 1963, however, she is quite positive she never worked at the jewelry counter at any time. She said her main employment at this store was at the hair goods counter and she worked for a short period of time at the cosmetics counter. Miss KINSLOW stated she never did any jewelry engraving at any time while employed at this store.

A photograph of LEE HARVEY OSWALD was shown to Miss KINSLOW and she advised she had never seen this person in the store at any time.

Miss KINSLOW stated that she did not recall seeing any person who resembled LEE HARVEY OSWALD at the store during her employment there. Mrs. DORIS ELAINE ~~BRADLEY~~, 5407 Parry Street, Dallas, Texas, advised she was employed by the H. L. Green Company department store in downtown Dallas from March, 1963, until the first week of April, 1964. She said during this time she was mainly employed at the jewelry counter although she did fill in at other counters occasionally. She said her normal hours of employment were from 9:30 a.m. to 5:30 p.m. daily with the exception of Thursday of each week when she worked from 9:30 a.m. to 9:00 p.m.

Mrs. BRADLEY was shown photographs of the expansion identification bracelets belonging to LEE HARVEY OSWALD and his wife, MARINA OSWALD. She said she feels sure these bracelets are exactly the same as identification bracelets which were sold at the jewelry counter of the H. L. Green Company store. She examined the name engravings on both bracelets and said she did not engrave either of these names. Mrs. BRADLEY advised she could not determine who had engraved these bracelets but it was her belief they could have been done by CHUCK PEZET who sometimes engraved articles for the jewelry counter employees. Mrs. BRADLEY stated that occasionally articles were sent to Mr. PEZET on the third floor of the Green Company department store building when other personnel were not available to engrave them. She said she also recalls that Mr. PEZET came to the counter on several occasions to engrave articles for the employees.

Mrs. BRADLEY advised the only other person she could recall who may have engraved articles at the jewelry counter in addition to those furnished by the personnel department was LINDA RAGLAND who was a student at Woodrow High School and who worked part time at the store at the jewelry counter.

A photograph of LEE HARVEY OSWALD was shown to Mrs. BRADLEY and she advised she had never seen this person in the store at any time.

The following investigation was conducted by SA'S RAYMOND J. FOX and J. HALE MC MENAMIN at Dallas, Texas:

Mrs. LUCILLE MC MILLEN, 340 1/2 Laks Cliff Drive, advised on April 13, 1964, that Mrs. PATRICIA STONE no longer resides at this address. She said that Mrs. STONE rented an apartment in her home for a period of a few months and moved out about February 15, 1964. Mrs. MC MILLEN advised that Mrs. STONE left no forwarding address, but she believes that her mother, Mrs. BEULAH FREMMING, 1431 Arizona Street, Dallas, Texas, may know her present address.

Mrs. BEULAH FREMMING, 1431 Arizona Street, Dallas, Texas, advised on April 15, 1964, that her daughter, PATRICIA STONE, was employed by the H. L. Green Company Department Store, 1623 Main Street, Dallas, Texas, until approximately three weeks ago. Mrs. FREMMING advised that PATRICIA is married to TOMMY STONE and that until Saturday, April 11, 1964, both resided at 4315 Bryan Street in Dallas. Mrs. FREMMING stated that PATRICIA's husband is [an alcoholic] and that she quit her job in order to take care of him. She said that PATRICIA and her husband moved from the apartment on Bryan Street on Saturday, April 11, 1964, and she does not know their present address.

Mrs. FREMMING stated that PATRICIA and her husband have moved on various occasions in the past and the only way she could learn her daughter's address was when PATRICIA called her after several weeks' absence. She stated that she and her husband have made numerous efforts to locate her daughter, PATRICIA, since last Saturday with no success.

Mrs. FREMMING advised that, in the past when TOMMY STONE has been [drinking] for several weeks, PATRICIA has taken him to his parents' home in Grand Saline, Texas, and she feels they may be living with his parents at present. She said that TOMMY STONE's father is EUGENE "DUCK" STONE, that he resides at Grand Saline, Texas, and has telephone number YO 2-3528. She said that EUGENE STONE is [also an alcoholic and not reliable.] Mrs. FREMMING stated that TOMMY STONE's grandmother is

very reliable and may know where PATRICIA STONE and her husband, TOMMY, are residing. She said that TOMMY STONE's grandmother is Mrs. S. T. SCOTT, SR., and that she resides on Frank Street, Grand Saline, Texas.

Mrs. PATRICIA STONE, 4315 Bryan Street, Dallas, Texas, appeared at the Dallas Office of the Federal Bureau of Investigation on April 16, 1964, at which time she advised she had just returned to Dallas from Grand Saline, Texas, where she had been residing with the parents of her husband, TOMMY STONE.

Mrs. STONE stated she was employed by the H. L. Green Company department store, 1623 Main, Dallas, Texas, from September, 1963, to March, 1964, and that during this time she was employed mainly at the jewelry counter although she also did some work at the cosmetics and novelty counters.

Mrs. STONE was shown photographs of the identification bracelets of LEE HARVEY OSWALD and his wife, MARINA OSWALD, and, after examining both, she stated they appear to be identical with bracelets sold at the jewelry counter of the H. L. Green Company. She said these bracelets appear to be the same as the bracelets sold to the store by Originalities, Incorporated, of New York City.

Mrs. STONE examined the engraving on both the bracelets and she said that neither the name LEE nor the name MARINA was engraved by her. She pointed out that she estimated that approximately twenty of these bracelets were sold each week and it was extremely difficult to recall any particular sale. Mrs. STONE advised she was unable to recognize the engraving on the bracelets but stated the engraving could have been done by most any of the employees. Mrs. STONE said that in addition some engraving was done at this counter by Mr. CHARLES PEZET who operated a watch repair counter in the store and that this engraving could have been done by him.

A photograph of LEE HARVEY OSWALD was shown to Mrs. STONE and she advised she could not recall having seen him as a customer at the store at any time.

Mrs. STONE stated she and her husband plan to move back into an apartment at 4315 Bryan Street, Dallas, Texas.

Miss LINDA CAROL RAGLAND, 3110 Minoco Street, Dallas, Texas, advised she was employed by the H. L. Green Company department store at downtown Dallas from August 22, 1963, to October 4, 1963. She said during this period of time she worked at the jewelry counter from 1:00 p.m. until the store closed. Miss RAGLAND advised she did quite a bit of jewelry engraving during this period and that the evening hours were her busiest. She was shown photographs of the identification bracelets of LEE HARVEY OSWALD and his wife, MARINA OSWALD, and she identified both bracelets as being identical with the type sold at the H. L. Green Company department store. She examined the name LEE engraved on one of the bracelets and said she is positive she did not engrave this name. With regard to Mrs. OSWALD's bracelet, she said she did not believe she had engraved this name. Miss RAGLAND stated that due to the vibrations of the engraving tool it was difficult for her to determine who might have engraved the name MARINA on this bracelet. She pointed out that an identification bracelet is particularly difficult to engrave since it cannot be placed flat on the table and the expansion band interferes with the engraving procedure.

Miss RAGLAND advised that since her last day of employment with the H. L. Green Company store was October 4, 1963, she clearly recalls that on the night before she worked until 9:00 p.m. and this was a Thursday evening. She said it is her recollection that during that evening a man purchased a bracelet as a gift however she is unable to recall who engraved this bracelet. She was shown photographs of LEE HARVEY OSWALD and was unable to identify him as a customer at the store at any time. She advised however that it is possible he could have been the person who purchased the bracelet on the Thursday evening before she left this employment but could not definitely identify him.

Miss RAGLAND advised she believes that CHUCK PEZET engraved some articles at the counter on her last evening at the store but since so many sales were made she is unable to recall the exact circumstances under which he did the engraving.
