MARILYN DOROTHEA MURRET

News reporters Robert S. Allen and Paul Scott are authors of a syndicated newspaper column known as the "Allen-Scott Report." In their column March 26, 1964, in the "Northern Virginia Sun," they reported under the subtitle, "Hunt On For US Defectors." This column related the administration of President Johnson is launching one of the most intensive world-wide "man-hunts" in the past ten years ---- seeking to pinpoint the whereabouts of United States citizens who have defected to Russia or satellite countries since the end of World War II. The news column listed by name some of the "most wanted" defectors, and among these names was Marilyn Dorothea Murrett.

On interview April 23, 1964, Robert S. Allen advised a representative of this agency that the newspaper column referred to had been prepared by his associate, Paul Scott, and Allen referred all inquiry concerning it to Scott.

On interview April 28, 1964, Paul Scott advised a representative of this Bureau that his information concerning defectors had been obtained by him from two principal sources whom he declined to identify. He related that he did have some additional identifying information in his possession concerning Murrett; however, he could not furnish it until such time as he was able to "confirm" it through other means not disclosed.

With regard to Marilyn Dorothea Murrett, Scott stated he had some information to indicate a "tie-up" between her and the case of Lee Harvey Oswald, who assassinated the late President Kennedy, but Scott said his information was not confirmed; also he said he believed that Murrett was "linked" in some manner with the communist "apparatus" of Professor Harold Isaacs of Massachusetts Institute of Technology. Scott said he was unable at this time to furnish any additional information in this vein; he stated he was working on the matter of obtaining additional substantive data.

Inquiry at the Passport Office, Department of State, disclosed a passport file on one Marilyn Dorothea Murrett, and information noted therein would appear to be pertinent to this investigation. The passport data is set forth as follows:

Marilyn Dorothea Murrett, born July 14, 1928, New Orleans, Louisiana, living at 3730 Lindell Boulevard, Saint Louis, Missouri, first was issued United States Passport Number 436517 on July 13, 1954, for proposed travel via air from New York City, July 24, 1954,

to England, France, Germany and Holland, on a three-week vacation. At this time she listed her occupation as Reservations Agent, Braniff Airways. On her passport application July 7, 1954, in United States District Court, St. Louis, she showed her parents as Charles Ferdinand Murret, born March 7, 1950, at New Orleans; and Lillian Sophie Claverie, born May 17, 1900, in New Orleans; both presently (1954) living at 757 French Street, New Orleans. This application was accompanied by a certified copy of her birth certificate issued by the City of New Orleans Health Department. Witness on the application was Peter W. Wujcik, 320 Ballman Drive, Ferguson, Missouri.

On April 28, 1958, New Orleans Series Passport Number 769007 was issued to Marilyn Dorothea Murret, 757 French Street, New Orleans. On this application executed April 22, 1958, at the New Orleans Passport Agency, she showed her father, Charles Ferdinand Murret as having been born March 17, 1901, and mother, Lillian Claverie Murret as having been born May 13, 1901, both presently living in New Orleans. On this application she listed occupation as teacher, and showed she planned departure from New York City, June 5, 1958, via Sabena Airlines for purposes of vacation and to attend a summer session at the University of Madrid. She indicated she would visit Belgium, France and Spain for three months. In response to questions as to past or present membership in the Communist Party, she answered such questions in the negative.

On March 14, 1960, at the Office of the American Consul, Tokyo, Japan, Marilyn Dorothea Murret executed an application for renewal of Passport Number 769007. At this time she showed her local address as Kobinoto Hotel, and indicated the purpose of her foreign travel was that of tourist. On the same date, her passport was renewed until April 27, 1962.

On April 17, 1962, before the American Vice Consul, Karachi, Pakistan, Marilyn Dorothea Murret executed application for a new passport and on that date was issued Passport Number Z-120389, valid to April 16, 1965. She showed she was then residing in the Young Women's Christian Association; that her legal address was 757 French Street, New Orleans, Louisiana. She also indicated she planned to return to the United States within seven months. Concerning her absences from the United States, she showed she had been in India for nine months dating from February, 1961; in Japan for six and one-half months dating from September, 1959; and in Karachi, Pakistan, since April 21, 1962.

MARILYN DOROTHEA MURRET

Passport application described Marilyn Dorothea Murret as a white female, five feet seven inches tall, with dark brown hair and brown eyes. Occupation was given as teacher. In event of death or accident, she requested notification to her mother, Mrs. Charles Murret, at 757 French Street, New Orleans, Louisiana.

LEE HARVEY OSWALD

This relates to a traveling bag believed to have been the property of LEE HARVEY OSWALD which has been designated Commission Exhibit C 254. This is described as a cloth bag, green in color, known as a "Bee 4" bag.

On May 5, 1964, EDUARDO CERVERA, Bus Driver, Flecha Roja (Red Arrow) Bus Line, Nuevo Laredo, Mexico, the same driver that drove the connecting bus from Continental Trailways, Laredo, Texas, to Nuevo Laredo, Mexico, on September 26, 1963, viewed the photograph of the "Bee 4" bag marked Commission Exhibit C 254, and advised that the yellow markings on the side of the bag were made by Mexican Customs at the time the bag was examined on September 26, 1963, and that this yellow marking of "9/26" only shows that the bag was checked through Mexican Customs at Nuevo Laredo, Mexico, on September 26, 1963.

CERVERA stated that it was not possible to check baggage at Red Arrow or at the Mexican Customs since they do not have lockers or storage space. CERVERA stated that even in Monterrey, Mexico, Red Arrow has no lockers or storage space for luggage.

On May 5, 1964, EMILIO CASTILLO, Mexican Customs Inspector, Nuevo Laredo, Mexico, viewed the photograph of the "Bee 4" bag, Commission Exhibit C 254, and advised that the yellow markings made on the side of the "Bee 4" bag were made by a Customs Inspector at the time the bag was checked into Mexico.

COPIES DESTROYED
A A 11-5 11

LEE HARVEY OSWALD

CASILLLO stated that the Customs Inspector who checked the bag would have written "9/26" to show that the bag was passed through Mexican Customs on that date and was okayed for entry into Mexico.

On May 5, 1964, MIGUEL MORENO IBARRA, Chief of Mexican Customs Inspectors, International Bridge, Nuevo Laredo, Mexico, viewed the photograph of the "Bag #1" bag marked Commission Exhibit C 254, and stated that the yellow markings on the side of the bag were made by a Mexican Customs Inspector at Nuevo Laredo, Mexico, and denotes that this particular bag passed through Mexican Customs on "9/26."

IBARRA explained that the yellow crayon marking system was one of two methods of marking luggage used by the Mexican Customs Inspectors. The other method is to seal the bag with tape or with a Customs sticker.

When the Mexican Customs official is busy with a lot of people passing through Customs, he will usually use the yellow crayon marking system. If the Customs official has more time he will use a sticker or colored tape and will initial the tape or sticker.

IBARRA explained that on September 26, 1963, there were six persons on duty in addition to the chief, and any of these persons could have checked the bag and written "9/26."

SUBJECT: ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY
11-22-63, DALLAS, TEXAS
MISC. - INFO CONCERNING

PURPOSE

That attached letter with enclosures concerning Robert Adrian Taylor, who allegedly purchased a U. S. Rifle, caliber .30-06, from Lee Harvey Oswald, be forwarded to the President's Commission.

BACKGROUND

Robert Adrian Taylor was originally interviewed on 12-13-64, regarding the rifle he purchased from one of two men during March or April, 1963. These men appeared at the Shell service station in Irving, Texas, where Taylor was employed, for automobile repair. The men had insufficient funds for the car repair and sold Taylor the rifle for \$12 and he subsequently charged these men \$11.50 for the repair bill. At this time Taylor stated he did not have the rifle in his possession as he had loaned it to his "son" for deer hunting. He described the rifle as a "Springfield bolt action .30-06, Model 1906, Serial No. 66091." On 11-23-63, Taylor observed a photograph of Lee Harvey Oswald on TV and he believed Oswald was the individual from whom he purchased the rifle. However, he stated "naturally, he could not be positively sure that the man who sold him the rifle was Oswald. He feels that it was Oswald as that upon viewing Oswald on television, he immediately thought of this rifle, and at that instant thought that Oswald was the man who sold the weapon to him."

By letter dated 4-30-64, the Commission requested additional information concerning this rifle. It was desired Taylor be reinterviewed at which time various specifications of his rifle in its present condition, including photographs were to be obtained. The Commission also wanted the same information concerning a similar rifle in its original condition. Upon reinterview on 5-13-64, Taylor reiterated similar information as set out above and stated "he cannot be positively sure the man who sold him the rifle was Oswald." He further stated he could not recall the exact date he purchased the rifle other than it was during March or

Memorandum to Mr. Belmont
RE: ASSASSINATION OF PRESIDENT KENNEDY

April of 1963. He said he had never seen either of the two men before he purchased the rifle and there was a possibility the man he believed to be Oswald had returned to the service station approximately a month later after he purchased the rifle from him. However, he again commented he was very doubtful that actually Lee Harvey Oswald came to his station, as the individual from whom he purchased the rifle had promised him ammunition and he was sure he would have remembered this individual because of this promise. Taylor said the weapon was in possession of his "son-in-law" Benjamin Moku on November 22, 1963, as the rifle had been registered at the Provost Marshal's office, Fort Hood, Texas, for use in deer hunting on the military reservation. He obtained the rifle on December 31, 1963. Previous investigation has established Oswald as employed in Dallas in March, 1963, until April 6, 1963, and he left Dallas for New Orleans in the latter part of April, 1963. Lee Harvey Oswald's brother Robert, has also indicated the only rifle known to have been in possession of Oswald was a small .22 caliber rifle they had when they were boys and he had bought the gun for Lee for \$10. During an interview with Marina Oswald she also indicated she has never known of any other rifle ever being in possession of her husband.

The Laboratory has determined from an examination of Taylor's rifle that it is a U. S. Rifle, caliber .30-06, Model 1903, Serial No. 66091, manufactured at Rock Island Arsenal, Rock Island, Illinois. The upper and lower bands have been removed, the front portion of the stock has been cut off, the wooden hand guard originally covering the top of the barrel has been removed, the rear sight has been removed and replaced with telescopic sight mount blocks and the bolt handle has been ground down and bent so that it would not strike the telescopic sight tube when operating the bolt. All other parts appear to be original, unaltered parts. The rifle has the standard length of 43 1/4". The barrel has not been shortened. The length of the longest portion (barrel and receiver) is 31 7/8". The stock portion is 28 3/4" long which is less than the standard length of 40 1/8" for a "non-sporterized" stock. Two photographs of Taylor's rifle assembled and two photographs disassembled are being furnished the Commission, as well as similar photographs of a U. S. Rifle caliber .30-06, Model 1903 (Rock Island), from our Reference Firearms Collection.

On May 13, 1964, at the invitation of Chief Justice Earl Warren I had luncheon with the Chief Justice in his private dining room. We discussed generally the problems affecting law enforcement and also those which have arisen in connection with the work of the Presidential Commission on the assassination of President John F. Kennedy headed by the Chief Justice and before which I was to appear the following day. The luncheon was entirely pleasant.

The following day I appeared before the Presidential Commission headed by the Chief Justice. Present at this meeting were the Chief Justice, Senator John Sherman Cooper of Kentucky, Mr. Allen Dulles, Representative Gerald R. Ford of Michigan, Representative Hale Boggs of Louisiana, and the General Counsel of the Commission, J. Lee Rankin.

I began my testimony at 9:00 AM and finished at 11:30 AM. It, of course, has been recorded and copies of it have been sent to the Bureau for review and such corrections as may be necessary. It was obvious that the stenotype operator was getting very little of what I was saying and of the questions which were being propounded to me.

I am attaching hereto a written note which was handed to me by Mr. Malley just before the hearings started. It refers to the statement which had been made in the press that the Dallas Police Department had been requested by the Department of Justice or by the FBI not to arrest Lee Harvey Oswald or Jack Ruby. This message had been phoned to the Bureau by Deputy Attorney General Katzenbach. I advised the Commission of the contents of the attached note.

Dear Mr. Rankin:

On May 25, 1964, Mr. Wesley James Liebeler of your staff requested that this Bureau obtain a copy of a recording tape made by Radio Station WDSU, New Orleans, Louisiana, on August 21, 1963, and a copy of a recording tape made by William K. Stuckey on August 17, 1963.

REC'D - ENGINEERING
MAY 28 5 21 PM '64

Mr. Liebeler requested that in obtaining the tapes the Bureau maintain the appropriate chain of evidence to establish their authenticity.

On May 27, 1964, arrangements were made through John Corporon, News Director of Radio Station WDSU, to obtain a copy of a tape of the radio program "Conversation Carte Blanche," which was broadcast over WDSU on August 21, 1963. Upon receipt, the tape will be forwarded to you.

It will be noted that William K. Stuckey was previously contacted by representatives of this Bureau on March 4, 1964, relative to obtaining the original recording tape of his interview with Lee Harvey Oswald on August 17, 1963. At that time Mr. Stuckey advised he was negotiating for the sale of his recording and preferred to maintain custody of the original tape until the sale was final. Stuckey expressed a preference not to have a copy made of the original tape until the sale was completed.

Honorable J. Lee Rankin

On May 27, 1964, Mr. Stuckey advised that he was contacted in April, 1964, by Mr. Albert Jenner of your staff who was in New Orleans at that time. Mr. Jenner inquired relative to obtaining a tape of Stuckey's interview with Oswald. According to Mr. Stuckey, he told Mr. Jenner that he was reluctant to make the tape available because of its possible commercial value to him. He told Mr. Jenner that he would come to Washington, D. C., to play the tape before the President's Commission if this was desired.

Mr. Stuckey, on May 27, 1964, advised representatives of this Bureau that he is still negotiating for the sale of his tape and that if he could be given a guarantee by the President's Commission that the information contained on the tape would not be released and placed in commercial channels to be played publicly, he would make a copy of the tape available. Mr. Stuckey advised that he believed that the monetary value to him would be lost if the information on the tape was released publicly.

In view of Mr. Stuckey's request, no further contact is contemplated with him in the absence of specific advice from you.

Mr. J. Edgar Hoover
Director
Federal Bureau of Investigation
Department of Justice
Washington, D.C. 20535

Dear Mr. Hoover:

On December 13, 1963 agents of your Bureau interviewed Mr. Robert Adrian Taylor concerning the possibility that he may have purchased a rifle from Lee Harvey Oswald sometime in March or April of 1963. The result of that interview is recorded on pages 71 through 73 of the report of Special Agent Robert P. Gemberling, dated December 23, 1963 at Dallas, Texas. Our staff members were unable to obtain Mr. Taylor's deposition while they were in Dallas because Mr. Taylor was ill at that time.

We note that Mr. Taylor described the weapon which he allegedly purchased from Oswald as a Springfield bolt action 30.06 caliber rifle on which appeared the markings of the United States Rock Island Arsenal, model 1906, and the serial number 66091. We understand that Mr. Taylor has reconditioned or "sporterized" that weapon since he allegedly obtained it from Oswald.

Would you please advise as to the overall length, in its original condition, of a rifle of the type described by Mr. Taylor. We would also like to know the length of the longest component of such a rifle in its disassembled condition. We would also appreciate having a picture of such a rifle if it is readily available.

We note that the rifle which Taylor allegedly obtained from Oswald was not available for inspection by your agents when they interviewed Taylor. Would you please re-interview Mr. Taylor to determine the total length of the weapon in its present condition as well as the length of the longest component when the rifle is in a disassembled condition. We would also appreciate it if you could supply pictures of Mr. Taylor's rifle; assembled and disassembled.

Please question Mr. Taylor again concerning the date on which he obtained the rifle. We note that Taylor said that he thought he had seen Oswald on one occasion after he had purchased the rifle. Mr. Taylor should be asked whether or not he has ever seen the individual from whom he obtained the rifle at any other time, either before or after November 22, 1963. We would appreciate advice as to where the rifle was located on November 22, 1963.

Your continued cooperation with this Commission is appreciated.

In connection with such investigation, WALKER was out of the city during the week of 5/18/64, and was not interviewed in connection with the investigation.

Furthermore, WALKER is a very controversial figure, and any contact with him would undoubtedly cause him to immediately alert the press media concerning the nature of the inquiries.

Furthermore, it is pointed out that WALKER maintains armed guards in the vicinity of his residence from time to time.

It is believed that the Commission's request has been adequately covered and, since, Major General EDWIN S. WALKER will not be contacted.

Marina Oswald has indicated Oswald admitted to her attempted assassination of General Walker on evening of April 10, 1963. Marina told us on 2/24/63 that approximately two weeks after Walker incident Oswald indicated he was going to attack Nixon but that she locked him in a bathroom to prevent him following through with such attempt. Our investigation indicated Nixon was not in Dallas during period mentioned by Marina. A comprehensive review of Dallas newspapers during pertinent period revealed President Johnson was in Dallas April 23, 1963 making a speech. Johnson, at that time Vice President of the United States. We are recontacting Marina to determine if there is any possibility Mr. Johnson rather than Mr. Nixon was the intended victim of Oswald. By separate communication we are furnishing Commission data reporting Mr. Johnson was in Dallas April 23, 1963, 13 days after the attempted shooting of General Walker.

WASHINGTON 25, D. C.

May 28, 1964

LEE HARVEY OSWALD

On May 27, 1964, Special Agent James M. (Mike) Howard, United States Secret Service, was interviewed in the presence of Inspector Thomas J. Kelley, Secret Service, by a representative of the Federal Bureau of Investigation with regard to an article which appeared in the May 9, 1964, issue of the "National Guardian", a weekly newspaper published in New York City. The article under discussion bore the caption, "Oswald Case: A New Angle", and information set out therein was attributed to Attorney Mark Lane.

Special Agent Howard explained that on Sunday morning, February 9, 1964, he, along with his brother, Pat C. Howard, Deputy Sheriff of the Tarrant County, Texas, Sheriff's Office, was assigned to transport Mrs. Marguerite Oswald from her residence at 2220 Thomas Place, Fort Worth, Texas, to Love Field, Dallas, Texas, where Mrs. Oswald was to take a plane to Washington, D. C., for purposes of her appearance before the President's Commission. Special Agent Howard further stated that at the insistence of Mrs. Oswald, he and his brother also were accompanied by Theyer Waldo, who, Mrs. Oswald explained, was making the trip with her from Fort Worth to Dallas at the suggestion of her attorney, Mark Lane. Howard related that after Mrs. Oswald was placed aboard the plane, he and his brother, along with Special Agent in Charge Forrest V. Sorrels of the Dallas office of Secret Service, went into the airport restaurant or coffee shop, also accompanied by Waldo. The news column in the "National Guardian" alleged certain conversation between Deputy Sheriff Pat Howard and Waldo and Special Agent Mike Howard stated he had no knowledge whatsoever of any such conversation between Waldo and Deputy Howard.

Re: Lee Harvey Oswald

Agent Howard related at the airport Waldo asked if Agent Howard would give him a ride back to Fort Worth from Love Field and Agent Howard acquiesced inasmuch as he was driving his personally-owned vehicle. En route to Fort Worth, Agent Howard drove the car with his brother, Pat Howard, riding in the front seat and Waldo was riding in the rear seat alone. During the ride Agent Howard, in discussion with his brother, related to his brother Pat a story which Agent Howard had been told on January 1, 1964, while on a special detail accompanied by two detectives of the Dallas Police Department. On that occasion Detective Jack Bryan had told Agent Howard about an incident involving a Negro man who was questioned by the Dallas police in connection with his being in the Texas Book Depository Building on the day of the assassination of President Kennedy and that the Negro man had left the building hurriedly after the shooting. When later questioned by Dallas police why he had left the building in a hurry, the Negro man stated that because he had a police record, he feared he would be suspected of having been involved in the shooting.

Special Agent Howard stated while relating this incident to his brother Pat, he did not know Waldo, in the back seat of the car, could have overheard the conversation; however, Waldo leaned forward over the rear of the front seat and asked Agent Howard if this person, the Negro man who was the topic of conversation, would be called to testify before the Warren Commission. Agent Howard stated that in jest he replied to Waldo, "Why yes, I'm sure he will be". In response to a question by Waldo as to where this man was, Deputy Pat Howard replied jokingly, "They probably have him hidden out someplace."

Agent Howard stated neither he nor his brother, Pat Howard, realized Waldo was a newspaper reporter and later that night, after having returned to Fort Worth, he learned television and radio coverage had been given to a story attributed to Waldo that a witness who was to

Re: Lee Harvey Oswald

testify before the Warren Commission was being hidden by police officers. Special Agent Howard stated the Fort Worth newspaper "Star-Telegram" carried a story by Waldo in the same vein and he immediately called Waldo telephonically to make inquiry where Waldo had gotten such a story. In reply Waldo told Agent Howard he (Waldo) had talked to his attorney and that Waldo did not have to divulge the source of his information and said Agent Howard had nothing to worry about. Agent Howard stated his brother, Pat Howard, also contacted Waldo telephonically and received a similar assurance.

Agent Howard stated that during the ride from Dallas back to Fort Worth with Waldo in the car, Agent Howard did not make any statements such as were attributed to him concerning, "Wait until that old black boy gets in front of the Warren Commission" Agent Howard stated he did not make any statement to the effect that the Negro janitor was a witness to the shooting of the President. Agent Howard stated these alleged quotes attributed to him were entirely a fabrication.

With regard to the article in the "National Guardian", Agent Howard prepared a memorandum dated May 27, 1964, and a copy of this memorandum furnished by Inspector Thomas J. Kelley is attached hereto. Inspector Kelley furnished the copy on May 28, 1964.

Chief

May 27, 1964

SA Howard - White House Detail

Article entitled "Oswald case: A new angle," appearing in the May 9, 1964, edition of NATIONAL GUARDIAN, a New York newsweekly.

At the request of the Warren Commission, I was interviewed on May 27, 1964, by FBI Agent Carl E. Graham in the presence of Inspector Kelley of this Service, in connection with quotations appearing in subject article (copy attached) allegedly made by me on February 9, 1964, relative to the assassination of President Kennedy.

To the best of my knowledge, the following is a factual account of my activities on February 9, 1964.

On February 9, 1964, after delivering Mrs. Marguerite Oswald to Dallas Love Field from Fort Worth (see my M/R dated 2/10/64, SS Control No. 1161, Warren Commission), SAIC Sorrels, Dallas office; my brother Pat Howard, deputy sheriff of Tarrant County; and the reporting agent were having coffee in the airport coffee shop. We were joined by Mr. Theyer Waldo, a reporter for the Fort Worth Star-Telegram, who asked if he might "hitch a ride" with me to Fort Worth. Due to the fact that I was off duty and returning to Fort Worth in my private automobile, I agreed to let Mr. Waldo ride with me. While driving between Dallas and Fort Worth, Deputy Howard and I were riding in the front seat and Mr. Waldo was in the back seat. Both front windows were completely open and the wind was blowing strongly, possibly muffling the conversation going on in the front seat, which may account for Mr. Waldo's misunderstanding of the conversation.

Deputy Howard and I were discussing an incident which Det. Jack Bryan of the Dallas P.D. had told me on January 1, 1964, concerning a Negro male suspect who was questioned by the Dallas P.D. in connection with his being in the Texas Book Depository on the day of the assassination, and having left hurriedly sometime afterwards. When questioned as to why he left the Texas Book Depository in a hurry, the suspect stated that, since he had a police record, he would probably be suspected of involvement in the shooting. However, Det. Bryan stated that the suspect apparently had absolutely nothing to do with Oswald nor the shooting.

After relaying this story to Deputy Howard, Mr. Waldo sat up in the back seat (apparently having heard part of the conversation) and asked if

this man would be testifying before the Warren Commission. Not taking Mr. Waldo seriously, and not realizing he was a newspaper reporter, the reporting agent laughed and jokingly stated "Why yes, I'm sure he will be." Mr. Waldo then asked where this man was, to which Deputy Howard stated (in a joking manner) "They probably have him hidden-out someplace."

Upon arrival at Fort Worth, Mr. Waldo asked to be dropped off at the Star-Telegram office.

On this same day at approximately 10 p.m., a television broadcast was heard by the reporting agent, to the effect that a witness was being hidden by police officers who was to testify before the Warren Commission. Mr. Waldo's name was mentioned in this broadcast. A few minutes after the broadcast, the reporting agent received a telephone call from Inspector Kelley in Washington, D.C., asking if I had heard the broadcast and instructing me to find out whatever I could about it.

I immediately telephoned the Star-Telegram office and talked with Mr. Waldo, asking him where he had gotten his information as to the "hidden witness" mentioned in the TV broadcast, to which he answered "You don't have anything to worry about, I won't mention your name." Not immediately understanding that he was referring to the story Det. Bryan had told me, I said "That's fine, but who is this witness who is going to testify before the Warren Commission?" Again Mr. Waldo told me not to worry; that he had spoken with his lawyer who told him that it was all right to print the story. When I realized that he was referring to the story that Det. Bryan had told me, I told him that there had been a misunderstanding and that I was joking with him.

When the article appeared in the Fort-Worth Star-Telegram of February 10, 1964, I tried to get in touch with Mr. Waldo again, but he was not available.

The above incidents were made the subject of an O/M to SAIC Sorrels, dated February 11, 1964. I did not try to get in touch with Mr. Waldo again on the advice of SAIC Sorrels.

In connection with the quotations allegedly made by me and Deputy Howard, to my knowledge, at no time did Deputy Howard tell Mr. Waldo that he would give him information in regard to an unidentified witness to the assassination of President Kennedy; at no time did I refer to "that old black boy" going before the Warren Commission; at no time did I refer to anyone having seen Oswald or anyone else fire a shot from a window of the Texas Book Depository; at no time did I refer to a janitor in the Texas Book Depository; at no time did I tell Mr. Waldo that I had seen the Negro man in question in the custody of the Dallas police;

and at no time did I state that a rifle had been found on the roof of the Texas Book Depository which had been dropped by a Dallas police officer.

On May 28, 1964, MARTIN SAMUEL ABELOW, who is employed by Lockheed Aircraft, Sunnyvale, California, and who resides 2727 Midtown Court, Palo Alto, California, furnished the information set forth below to Special Agents DOUGLAS G. ALLEN and JOHN P. McHUGH.

ABELOW advised that approximately one year ago he was working in Houston, Texas, and took a vacation trip to New Orleans, Louisiana. While in New Orleans he visited the United States aircraft carrier which was docked there at the time, and, while waiting to board this carrier, he observed a young man distributing leaflets to the waiting crowd, which leaflets were of the Fair Play for Cuba Committee. ABELOW stated he has no idea who this young man was and added he had never met LEE HARVEY OSWALD, to the best of his recollection and knowledge.

He noted he did travel to Mexico City around the first of July, 1963, for a vacation trip and stated he is unable to recall meeting anyone in Mexico City who would remotely fit the description of LEE HARVEY OSWALD.

This source added that Bringuier is a delegate to the Student Revolutionary Directorate.

This source advised that Bringuier did not outline the theme of the proposed book. However, based on comments made by Bringuier, it was this source's conclusion that this book would be about Lee Harvey Oswald and an attempt by Bringuier to establish a relationship between Oswald and Fidel Castro of Cuba.

This source added that there will apparently be no actual facts on which to support this alleged relationship. This source stated that Bringuier will probably relate certain incidents to create a doubt that Oswald acted alone in the assassination of President John F. Kennedy.

This source stated that the Student Revolutionary Directorate is an anti-Castro organization headquartered at Miami, Florida.

ReBuairtel, 5/21/64, and CGairtel, 5/26/64.

Late yesterday afternoon I contacted Managing Editor LUKE CARROLL in his office at "Chicago's American." He advised me that he had contacted columnist MAGGIE DALY and requested her to furnish him the source of her information in her article appearing 5/13/64, and also requested that she furnish him the name of the woman alleged by DALY's source to have stated that she "feels" that LEE OSWALD was CASTRO's deputized murderer.

Mr. CARROLL advised me that MAGGIE DALY refused to furnish either the source of her information or the identity of the woman mentioned in instant article. He stated that she finally agreed that she would advise him as to the identity of the source and the woman provided he gave her his word that he would not reveal their identity to anyone else. CARROLL stated he refused to accept the information under those circumstances and therefore she refused to furnish him the desired information.

Mr. CARROLL was obviously embarrassed about this and advised me that in the future no further items such as this would be permitted in her column unless she first advised him of the source of her information.

The following item appeared in "Chicago's American", a daily newspaper, Chicago, Illinois, in the column identified as "Daly Diary":

"Does the Warren committee know this? That a lovely looker, who dwells in Houston, Tex., was in Dallas the morning JFK was slain—and that her most generous gentleman friend in Mexico City phoned her from there and breathlessly instructed: 'Get out of there at once!' She took the first jet home. To her intimate friends (and one of ours) she allegedly stated that she 'feels' Lee Oswald was Castro's deputized murderer because Kennedy publicly pledged to Cuban exiles in Canaveral and Washington: 'I promise you all that one day soon you will return to a free Cuba!' Our source assures us that the lady is a nice person—not a name-dropper."

The "Daly Diary" is reportedly written by Columnist Maggie Daly of "Chicago's American".

On May 25, 1964, Mr. Luke Carroll, Managing Editor, "Chicago's American", Chicago, Illinois, advised a representative of the Federal Bureau of Investigation that he would attempt to obtain from Maggie Daly the source for the information in the above article and also the name of the woman mentioned in the article.

On May 27, 1964, Mr. Luke Carroll, Managing Editor, "Chicago's American", Chicago, Illinois, advised a representative of the Federal Bureau of Investigation that Maggie Daly emphatically refused to divulge the identity of the source of her information in the above-mentioned article and also refused to identify the woman mentioned therein. Mr. Carroll stated that he does not possess this information and in view of Maggie Daly's declination it is impossible for him to obtain the information desired.

INFORMATIVE NOTE

Date 5/30/64

"Chicago's American" carried a column by Maggie Daly alleging Lee Oswald was Castro's deputized murderer. Through Mr. Luke Carroll, managing editor, we endeavored to determine source for the story. Maggie Daly refused to furnish source and would tell Carroll only if he did not reveal identity to anyone else. President's Commission will be advised.
