I might add that at about time the working people of our country took a good look at the rugged political setup which has all of us in a straight-jacket. It is a sad state of affairs when a country like ours has to go thru a national election in which the millions in organized and unorganized labor, the voters, the small farmer, the liberal and the socialist have no real candidate of their own and no party which truly speaks for them. In no other major capitalist country - France, England, Canada, Australia, Sweden, Norway, Italy etc. could such an election be held today without a labor candidate party of some comparison from the people's point of view and with some much larger, more organized movement.

FOREWORD

THE University of Chicago Spanish-English, English-Spanish Dictionary has been compiled for the general use of the American learner of Spanish and the Spanish learner of English, with special reference in either case to New World usages as found in the United States and in Latin America.

With this particular purpose in mind, the editors have selected the words to be defined according to the relative frequency of their occurrence. The Spanish-English section, therefore, contains all the items listed in Buchanan's *Graded Spanish Word Book* (Toronto: University of Toronto Press, 1929); all the idioms found in Keniston's *Standard List of Spanish Words and Idioms* (Boston: D. C. Heath & Co., 1941); and the words and idioms used in the Heath-Chicago series of *Graded Spanish Readers* (Boston: D. C. Heath & Co., 1936—), supplemented by many words occurring in a number of textbooks used in the United States at the elementary and intermediate levels of Spanish instruction, in Spanish-American newspapers and commercial correspondence, and in technical use by the average layman.

Similarly, in the English-Spanish section the words selected for definition have been taken from the first nine thousand entries in Thorndike and Lorge's *Teacher's Word Book of 30,000 Words* (New York: Bureau of Publications, Teachers College, Columbia University, 1944), supplemented by residual words in the combined word lists of Eaton, Buckingham-Dolch, and the *Interim Report on Vocabulary Selection* (London: P. S. King & Co., 1936).

In order to equalize the two parts and not leave undefined words used in a definition, it has been necessary to introduce into each section a number of secondary entries which are a by-product of the primary definitions, bringing the total number of entries for the *Dictionary* to approximately 30,000 words.

witness in the letter from the Embassy of January
 31, 1962, you see I am at present in the Soviet
 Union only because of the technical difficulties
 in getting my family out of the Soviet Union.
 The tone of the letter, while not in official,
 hardly reflects the opinion of the American Embassy
 that I am undesirable, though some sort of
 lack of loyalty, of their attention.
 In presenting a notarial affirmation of
 my valid U.S. citizenship I have had to present
 my valid U.S. passport and valid Soviet visa.
 The document to the notary.
 In presenting my case I have avoided
 notarial affirmations, which would, under
 the circumstances, have to be in Russian.
 However I request in view of my particular
 case and my location that par. 12(B) NAVEXOS RFP
 be in force throughout the proceeding.
 Information of contacts of officials can
 be had by contacting that naval base,
