At 4:15 p.m., 11/24/63, CHARLES STATLER telephonically advised SA J. DOYLE WILLIAMS at the Dallas PD that he had learned from the master of ceremonies at the Carousel Club that the master of ceremonies, whose name he could not recall, saw OSWALD in JACK RUBY's club (Carousel Club) about a week before the President and Governor of Texas were shot.

STATLER also stated he saw OSWALD in downtown Dallas on Friday, 11/22/63; however, he did not state where he saw OSWALD.

STATLER further stated he saw RUBY in the Mayflower Cafe in downtown Dallas on Friday, 11/22/63, and that although he could not identify the location of the cafe by address, he noted it was located across the street from H. L. Green ~~5~~ and IQ Store on ~~5~~ Oak Lawn Avenue.

STATLER stated he knew RUBY on sight ^{but} and he was not certain RUBY may know him; however, he had been to the Vegas Club on several occasions.

STATLER was reluctant to be contacted in person and he declined to furnish his telephone number or street address. He indicated he would come to the FBI Office at approximately 5:00 p.m. on 11/25/63, to be interviewed with further regard to information set forth above.

STATLER later contacted Captain FRITZ's office at the Dallas PD and stated he decided not to come to the FBI Office.

SUBJECT: JACK LEON RUBY, aka

At 8:30 AM this date an individual who identified himself as JACK HARRIS of the Hurst News called and stated that he understood that the Dallas Times Herald had a story to the effect that the FBI had on the early morning of 11/24/63 received an anonymous telephone call to the effect that OSWALD would be killed and that the Sheriff's Office received a similar call. The Sheriff's Office is supposed to have verified the fact they received this call and he understood the FBI had also verified that fact, as well as the fact that both the Sheriff's Office and the Dallas PD were immediately notified by the FBI.

I told him that I could not make any comment at the present, but I would call him back. He stated he would not be available, but that he would call me at 10:00 AM.

I made this information available to Asst. Director C. D. DE LOACH, as well as Mr. JAMES HANDLEY. Mr. DE LOACH at that time stated we should make no comment and refer the matter to Washington. He called back at approximately 9:00 AM and stated that my answer should be "Yes, we did receive an anonymous call and we immediately advised the Police Department and the Sheriff's Office."

At 9:15 AM, I called Chief of Police CURRY. I advised him that I had received this call from news media and I had checked with Washington and had been assured that they had not given out the information and I assured him that I had not given it out. In the event however, that I received inquiry, I would have to answer the question as follows: "Yes, we did receive an anonymous call and we immediately advised the Police Department and the Sheriff's Office."

On the afternoon of 11/25/63 an individual who identified himself as DICK ELLIOTT of the Westinghouse Broadcasting Company, Chicago, Ill., called and advised that he had received information to the effect some anonymous person had telephoned the FBI in Dallas, stating that OSWALD was to be killed. He desired to verify that, and wanted to know if it was or was not true that we had furnished this information to the local Police Department.

He was advised "We did receive a anonymous call indicating that OSWALD would be killed and that this office immediately advised the Police Department and the Sheriff's Office of the receipt of this call."

He requested to know whether the caller was the actual killer. I informed him that I could make no observation concerning this. He then requested to know whether the police did anything about it. I told him he would have to receive that information from the police.

ADMINISTRATIVE

[REDACTED] Dallas, advised that he is willing to discuss JACK RUBY, but does not want his name revealed as the source of the information, as he has [REDACTED]

b7d

[REDACTED] stated he feels that JACK RUBY could not possibly be as loyal to the country as he is claiming and he does not believe RUBY's statement to the police and the press that he killed OSWALD to avoid inconvenience or unpleasantness to JACQUELINE KENNEDY, the widow of President KENNEDY. He stated that RUBY is the type person who is always pushing to try to raise himself socially in the eyes of others and he feels that this was the reason behind the killing since he believes RUBY felt that by killing OSWALD he would cause people to respect him or think more highly of him.

b7d

[REDACTED] stated RUBY has always been one to attempt to do favors for police officers and liked to associate with and be seen with police officers since he believed this would create a better impression of him with his friends and acquaintances and with the public with whom he comes into contact.

b7d

[REDACTED] stated RUBY was involved in a scuffle at the Burgandy Room in Dallas with a man named DONALD TABONE and RUBY beat TABONE up rather badly. RUBY was charged in this matter with simple assault, a charge filed in Dallas City Court, and when charged was not arrested but was advised telephonically by someone at the police station to report to the police to post a bond, which RUBY did, and thereby avoided being locked up.

The following investigation was conducted by SA DANIEL B. FLEMING on 11/26/63:

AT GREAT FALLS, MONTANA

CARME PITRELLLO, 4802 South Westshore Boulevard, Avenue A 20, Tampa, Florida, and PAUL SALOS, 4802 South Westshore Boulevard, Avenue B 19, Tampa, were interviewed at the PARK HOTEL, where they are presently engaged as entertainers at night club operated by hotel. Both readily admitted to knowing JACK LEON RUBY as the owner of a strip tease night club near the THEATRE LOUNGE NIGHT CLUB, Dallas, Texas, where they were employed for 40 weeks, beginning Labor Day, 1962. Both stated they met RUBY through the night club he operated, as their club closed an hour before RUBY's did and after quitting work they went to the club operated by RUBY.

Both PITRELLO and SALOS stated that they were fond of RUBY, but described him as emotional, quick-tempered, and an employer who was interested in his help and entertainers. Neither PITRELLO nor SALOS ever worked for RUBY, but stated they observed his treatment of his entertainers, all of whom spoke highly of RUBY's treatment of them. According to the two, RUBY would not permit any rough stuff or abusive treatment of his strippers or entertainers, would not permit prostitutes or "B" girls to work in his club, and maintained good control of the patrons and activities in his club. RUBY would not permit jokes about "Jews" and, if he liked a person, he would do anything for him. Both stated RUBY they recall has a terrific memory and could remember behavior of patrons who had been there before, even if a long time had elapsed between their visits.

PITRELLO and SALOS both stated that they had been to RUBY's apartment. He had invited them and their families to come and told them to bring their children, so that the children could swim in the pool nearby, none being available where PITRELLO and SALOS resided. Both stated that RUBY is a weight lifter and extremely proud of his good physical condition, which he achieves by constant exercise. According to them, RUBY does not drink, gamble, or dissipate in any manner. Both described RUBY as a lonely man, fair in his dealings with the public and employees, and they are shocked that he shot OSWALD.

CARME PITRELLO said that he remembered RUBY was an avid follower of former President KENNEDY, never missing a broadcast or TV appearance, but not given to making any public remarks about the policies or programs of KENNEDY. PITRELLO said that RUBY is well known to Dallas, knew many people and is well known to the Dallas PD. PITRELLO said that he did not think this unusual, as the clubs are checked each night by the Dallas Police.

In regard to TRUITT WALTON, Dallas Police Officer, PITRELLO stated that he had seen WALTON at the club on several occasions checking the club, while on duty, and said that WALTON had been there off duty with a girl. PITRELLO said he did not think any unusual relationship existed between RUBY and WALTON and said that he knew that another Dallas Police Officer, known to him as "TEX," had been there several times. He added he knew of no privileges given RUBY by the Police, not afforded other club owners.

BT #44-208

PITRELLO said he had joked with RUBY about criminal syndicates and remembered that RUBY had remarked that he did not like them or think them funny, but never mentioned to PITRELLO that he knew anything about them. RUBY had indicated to PITRELLO and SALOS that he had been in Chicago, Illinois, in the past, but did not discuss it with them, telling them that it was a "hard life" and to "knock it off" referring to his Chicago life.

PITRELLO said that RUBY had told him that in the past he had been heckled by a patron who called him a "Jew boy," but he avoided trouble with this person, until by chance they met at another club, where this same person made the remark, "Look, Jew Boy with a girl." RUBY told PITRELLO that at this point he lost his temper and floored the man with his fist. PITRELLO said that he knew of no girl friend of RUBY, but RUBY frequently took the girl entertainers to dinner and was known as the type of club owner who would go out of his way to help entertainers to get a start or to make good. PITRELLO said that in his opinion RUBY's only interests in life were his club, his help, and his dogs.

PITRELLO said he knew of no organizations that RUBY belonged to and he never gave any indication that he was allied with any group opposed to the United States.

PITRELLO said that he and SALOS had put on a show one night at the VEGAS CLUB, second club owned by RUBY, which they stated was an after-hours-club, selling only beer. This club was operated by a sister of RUBY, whom PITRELLO said he knew only as "EDNA," but did not know anything about her. PITRELLO said he remembered that RUBY had told them that he had started his club with but \$3,000.00. Both PITRELLO and SALOS said that they were shocked at remarks attributed to a business associate of RUBY's, known only to them as "ABIE," who was reported as saying RUBY had shot OSWALD because of "financial loss to his club and his patriotism was based on the dollar." Neither knew of the true association existing between RUBY and "ABIE," but were perturbed over "ABIE's" remarks.

BT #44-208

PAUL SALOS stated that the Dallas Police Officer named "TEX" is GLEN D. NEAL and he could not think of any friends or associates who were close to RUBY, stating that he thought RUBY to be known to many people, but essentially a lonely man. SALOS also said that he did not know of any groups that RUBY was associated with and knew of no underworld associates or hangerson at RUBY's club.

Both PITRELLO and SALOS said they were thoroughly shocked that RUBY had shot OSWALD and both said they did not recognize the photo of OSWALD as that of anyone they had seen at the club operated by RUBY. Both stated they knew of no foreign element that frequented RUBY's club and described it as a typical Dallas strip tease night club.

~~For the information of Dallas,~~ PITRELLO and SALOS said that they would be in Great Falls, Montana, at the PARK HOTEL until 12/7/63, after which they hoped to go to Calgary, Alberta, Canada, for an engagement and thereafter go to Vancouver, British Columbia. They have an agent who represents them, JACK COLE, 515 Interurban Boulevard, Jackson Street, Dallas, Texas. Both stated they expect their wives to join them next week and if they could be of further assistance they would be glad to do so.

Dear Sirs:

For what it might be worth I would like to report an impression I had Saturday night November 23 while watching television between 10:25 p.m. and 10:55 p.m. EST. The program was originating from Dallas, and the scene was Oswald being escorted from the interrogation room in the Dallas police station (the interrogation room was to the right of the TV screen) down a hallway away from the TV viewer. All the action was moving away from the TV camera and everybody on the scene seemed to have a purpose (police, reporters, photographers) except for one man who was walking away from the action and was moving straight toward the TV camera shaking his head and muttering. My impression of the oddity of his actions was such that I remarked out loud: "Somebody ought to bag that character walking toward the camera. He doesn't belong there." As I remember the scene the man was dressed in a trench coat or rain coat with a felt hat and had a rather pointed nose.

Although I admit of the possibility that my mind could be playing tricks on me I had the impression on Monday when I saw newspaper pictures of Ruby that it was the same man about whom I had made the remark Saturday night.

I report the above personal impression for the reason that, if valid, it would place Ruby (documented in a full face-on view on TV tape) in the Dallas police station the night before Oswald was killed.

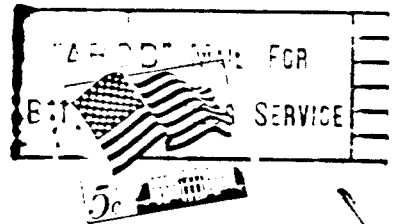

Respectfully,

R. T. MacKay

that he shot Oswald (because he just

He told reporters that he passed by the

assassination when the plan was being
med to kill the President?

Why should a night club owner hang
round the Police station constantly asking
questions, has he talked yet? When Street
Oswald was brought in, picked up and
shot him. The picture showed Oswald
running from Kubistern when he saw
hand and looked very frighten in the
until he was shot to shit him up.

Kubistern's sister said Oswald was never
Kubistern's night club but an entertainer
and he positively hate him in there two
weeks before. "The entertainer is in danger now"

According to the book "I was a courier
on the F.C.I." when a cell member is ordered
to kill someone, he has to do it or he killed.
Kubistern must have had to kill Oswald or die
it looks like a well organized plan to kill
our President, probably mapped out in Russia

Why did Oswald get a gun under an
assumed name? Kubistern is as guilty as Oswald
There is just one remote possibility. Oswald
may have been fooling around with Kubistern's

I agree with Gov. Goodwin Knight, that Dallas police were lax in the handling of Oswald matter. They seemingly had the slayer; he was no ordinary slayer but had committed the major crime of killing our President, and then did not screen every single person involved in transferring him to the County jail making it possible for this Ruby to kill him before we could get to the bottom of the tragedy. He certainly wasn't an outstanding character, owner of a strip tease joint probably frequented by some of the officers which was no reason to show him any courtesy that many a person of note would not have been able to gain entrance.

I would suggest that voters register be examined if Ruby and Oswald ever voted, what party, etc.

Also to scan the faces of dissenters when Adlai Stevenson was threatened at his recent visit to Dallas. That known dissenters carrying placards be questioned if any of them knew Oswald or Ruby.

In view of controversy reported in newspaper as to the feasibility of shots hitting their mark by said gun, that this be thoroughly investigated.

Oswald was reported to be a crack rifleman at the age of 17 yrs. That was a long time ago. Where has he practiced shooting since. Are there any rifle ranges close to Dallas.

Has a search been made for the Udahl who received the gun from the Chicago firm.

Why was not Oswald's stomach pumped to find trace of the Chicken and soda he consumed while waiting for his prey.

Why did they not administer pheno penatol, a truth serum.
