Mr. CLAYTON H. CLARK, Route 2, Frisco, Texas, was interviewed on 12/12/63, by Special Agents ALTON E. BRAMBLETT and LANSING P. LOGAN as a result of a letter dated 11/28/63 to the Dallas FBI Office and letter dated 11/30/63 to Congressman RAY ROBERTS, Washington, D.C., from CLARK. Verifax copies of these letters are being enclosed herewith.

Mr. CLARK advised that in the Fall of 1961, he was in the Ace of Clubs, a Dallas bar. While in this bar, he met a girl by the name of MARIE, last name unknown. He described this girl as blonde, 5' 7", early 20's, wearing glasses, and rather nice looking. They had a few drinks and later went for something to eat. She gave him her phone number and about a week later, he made a date to meet her again at the Ace of Clubs. They had a few drinks and then she asked him to go to a private club that she belonged to on Greenville Avenue in Dallas. When they entered this private club, name not recalled, he noticed a mural on the wall and he made some mention that the mural was the type of art that was degrading to the general public. He could not recall what the mural looked like or exactly why he considered it degrading. She became angry about his comments regarding the mural and excused

herself and went to the ladies' room. She stayed about a half hour and when she returned, she said she would like to go home. This girl said she worked for an insurance company and had been formerly employed in Austin, Texas, and was originally from Berlin, as he recalls.

He made another date to meet her in a Chinese Restaurant on Greenville Avenue, name not recalled, about a week later. He arrived early and decided to drive around while waiting for her. He saw her drive by the restaurant and followed her but soon lost her. He returned to the restaurant and waited and she never showed up. He thought there was something strange about this and he later telephoned her and learned that the telephone had been disconnected.

CLARK further advised that in the Summer of 1962, he was in the Joker Restaurant in Dallas, Texas, which he described as a restaurant and bar. He noticed an attractive girl sitting over in the corner and in a few minutes she came over and told him that he looked like a General. He could not recall her name. She asked him to go over to her table and have a drink and they had three or four drinks together. She suggested that they go up to her apartment for a few additional drinks. He went over to her apartment, location not recalled and had a few drinks. She kept talking to him as if he were a General and asking him about Physics. He told her that he did not know anything regarding Physics, but she kept asking questions regarding Physics. She then suggested that they go to her private club in South Dallas. They got in to her Sports car with her driving and she drove exceedingly fast, running stop signs and breaking every traffic law. He stated that he was extremely scared and wondered why she was driving so wreckless. Before they got to South Dallas, she said she wanted a drink of ice water and stopped at a motel, name not recalled, and demanded from the manager of the motel a glass of ice water. She became very angry with him and the manager, but finally the manager gave her some ice water. It seemed to him that she wanted something from him, but exactly what, he did not know. They then went to a downtown Dallas restaurant and ate and drank coffee about 4:00 AM. It seemed to him during their conversation that she was trying to get something from him but he did not know exactly what she wanted from him. She then took him back to his car and before

he left he asked her for her phone number. She gave him her phone number and later he determined that the number she had given him was not correct. He was sure she was in some sort of conspiracy as he felt she thought him to be a General and had important information.

He described this girl as blonde, about 34 years old, 5' 5", 125 pounds and very nice looking.

CLARK stated he has not seen the above two girls again, but he has the feeling that they may have been in some sort of conspiracy to obtain information from him.

One night in the Summer of 1962, he had visited the Carousel Club in Dallas. When he returned to his car located in a opened parking lot near the Carousel Club, four men in an automobile had his car blocked in. When he approached his car, these men kept looking at him. He got into his automobile and was afraid to get out due to these men staring at him. He finally asked them to move their car so he could get out which they did. He believed that these men were looking at him to see just what he would do and was possibly trying to harrass him.

In the Fall of 1962, he was driving to Dallas from Frisco and in Highland Park, a carload of men stopped him. These men said they were police officers and that he had committed a traffic violation. These men used very strong language but finally let him go. He never did know exactly what traffic violation he was supposed to have violated. He stated he felt these men had picked him out to stop for some particular reason but he could not give any reason for their action.

He stated one night he came out of a club on Lovers Lane at Dallas and noticed that four women were beating another woman. He believed this woman being beaten was the band leader's wife in the club that he had just left. One of the women made some comment that she was from Irving, Texas. He did not want to get involved and left. Later a policeman came into the Toddle House where he was eating and questioned him regarding the fight but did not take him in. He believed that they were trying to get him into trouble and this was the reason the women had attempted to involve him.

DL 44-1639
100-10461

131302

In October, 1963, he noticed a blue and white two-door Ford driving by his house on numerous occasions. This car was occupied by two men and one of these men could possibly have been LEE HARVEY OSWALD but he did not see him clearly enough to recognize him. He became suspicious of this car as there had been cattle rustling in the neighborhood about that time. He started following the car in his automobile and after following for some distance, he decided to get the license number. He started moving up closer to the car and the car picked up speed. They reached the speed of about 95 miles per hour but he did not obtain the license number. He no longer has the license number nor did he notify the Sheriff or the DPS of the incident. He believed that these men have been watching him for some reason but could not give any particular reason for their action.

He believed that all of the above facts are some sort of conspiracy against him to obtain information from him. He did not know of any information he had that would be of value to such persons.

He has seen JACK RUBY in the Carousel Club but has never had a conversation with him. He has no information regarding the background of RUBY. He has never seen LEE HARVEY OSWALD nor does he know of any association between OSWALD and RUBY.

It was believed by interviewing agents that this individual is emotionally unstable and appears to have a complex of some sort as he feels that most people are against him or trying to hurt him in some way.

CLARK telephonically contacted the Dallas FBI Office on 12/17/63, and advised that he wanted to make sure the FBI had received his letter of 11/28/63. He stated he was afraid that if this letter fell into the hands of the Communist some harm might come to him.

The above information is being furnished to the Bureau for information and is not being included in next Dallas reports as captioned above.

Dear Sirs:

CONFIDENTIAL INFORMATION PLEASE

As a frequent visitor to Dallas and to many of its night spots I might be able to supply important information regarding subversive activities as far as two years back. Previous to the past week end I hadn't given serious thought to reporting some incidents which might have involved my personal safety-not realizing information I had could blow up a conspiracy. I am single and moved around quite a bit, at different clubs.

Some of the events are listed as follows: details omitted.

1. Meeting an attractive woman from Berlin. Date Summer 61
Germany
2. Meeting a second woman who thought I was a General that pressed me for information. Fall 61
Capt. Repeating This
3. Blocking of my car by four men in another car against curbing as a date and I left Jack Ruby's in July or August 62. This was on a lighted parking lot ~~usual~~ for daytime parking- only a few cars were on the lot at the time, about 2AM later
4. Meeting of a few strangers who seemed to get violent in a discussion-especially when an opinion was voiced.
5. The beating of a bandleader's wife at the closing time of a club on Lover's Lane by an unidentified woman -four women involved-one claiming I was involved, sending a policeman to the Toddle House for me. One had stated they were from Irvi

An investigation of a blue & white tudor Ford by me which had been circling around the farm for several hours at separated intervals-resulted in a high speed chase north on 239 to get license nos. This is real shocking to me as this man I recall could fit Lee Oswald-*DRIVER OF CAR.*

These series of events may not mean a thing but I am convinced that after I told the first story about this Berlin woman a reason for the other events would be in order, and could be related.

Very truly yours,

Clayton H. Clark

Dear Mr. Roberts,

I am somewhat disturbed and angry at the speed, efficiency and possibly of the loyalty of our security system which I believe needs going over with a fine tooth comb. I have lived in the southwest corner of Collin most of my life on the land my ancestors settled. Also I have mixed and mingled with many people who live in Dallas. Sometimes a person who has kept his eyes and ears open can hear startling things and actually by accident or curiosity get involved in what I believe to be an international plot or conspiracy.

As far as two years ago I became acquainted with a strange woman in Dallas via way of Austin and later Berlin who impressed me as being on an important mission of some kind-possibly I was a mistaken contact and got to know too much and a series of events that followed would not read good ~~anyway~~ reading before the assassination of President Kennedy. At the time those events seemed a little shallow to report, although on two occasions I actually started to call FBI.

Dallas Thanksgiving Day about 4 P M, I left a letter with important information for the FBI, at a letter box on the west side of the Federal Building-a car drop. Saturday morning Nov. 30, 63, I had heard nothing from anyone about more details which I omitted.

Sir, if it takes an act or Congress or act of the State Legislature that trial should not come off by Dec. 9, 63 of Jack Ruby. There ~~are~~ too many missing links to hurry and let possibly a real big Communist plot get away.

Very truly yours,

Clayton H. Clark

STATED RUBY HAD DONE WHAT MILLIONS OF OTHER AMERICANS WANTED TO DO AND AMERICA WAS PROUD OF HIM. O-NEAL ALSO STATED HE OFFERED TO HELP RUBY IN ANY WAY HE COULD.

O-NEAL ADVISED THAT HE WAS NOT ACQUAINTED WITH RUBY AND DOUBTED HE WAS ACQUAINTED WITH ANY INDIVIDUAL WHO KNEW RUBY. HE STATED HE KNEW NOTHING OF THE ASSASSINATION EXCEPT WHAT HE HAD HEARD THROUGH NEWS MEDIA. O-NEAL ADVISED HE HAD RECEIVED A PHONE CALL FROM EARL RUBY IN ROYAL OAK, MICHIGAN, BROTHER OF JACK RUBY, SEVERAL DAYS AGO AT WHICH TIME EARL RUBY ASKED IF HE, O-NEAL, COULD HELP. WHERE UPON HE ADVISED EARL RUBY THE ONLY WAY HE COULD HELP WAS TO POSSIBLY RECOMMEND A GOOD ATTORNEY. O-NEAL EXPLAINED THAT HE HAD FOUR CHILDREN AND IS HARD PRESSED FINANCIALLY AT THIS TIME. INSERT BEING SENT TO DALLAS.

Rerep SA Manning C. Clements dated 12/11/63 at Dallas.

Your attention is directed to page 23, paragraph 2, which outlines the walking distance and time taken to walk from the Western Union Office to the Main Street ramp at the Dallas Police Department. It appears there is an omission in paragraph 2 as compared to other descriptive phrases used in measuring the walking distance from the Western Union Office to the Main Street entrance of the ramp.

Page 186 containing the interview of William J. Newman, Dallas Reserve Policeman, is not clear as concerns paragraph 3. Newman stated "that from his position where he was assigned he was unable to see the top of the Main Street ramp but could see the lower part of it. He stated approximately one minute before the shooting occurred, he saw a man coming down the Main Street ramp but since he could just see the lower part of it, he was unable to see whether or not he was challenged or whether or not he had any identification. He could not see the man as there were too many people in between where he was stationed and where the Main Street ramp was." This should be resolved as to exactly where Newman was, what did he see, whom did he see or was his position such that he did not see anything of pertinence to this investigation.

Rerep contains the interview of Detective Thomas Donald McMillon. It is noted that Detective McMillon's name was spelled
