Bill Eaton, who is covering the Justice Department for United Press International, called Kemper at 5:20 p. m. today. He said that he had just come from covering the Commission's meeting, and following the meeting, Chief Justice Warren made the statement that he was going to ask the FBI and other government agencies to submit to the Commission all of the background reports that went into the summary which the Commission now has.

Eaton wanted to know how bulky this material would be. Kemper told him he could <sup>not</sup> comment on that matter.
