THOMAS EBOLI; NICK CIVELLA; JOE CIVELLO; SAM CAMPISI, and JOE

pertinent materials corresponding to each installation. In this respect, all logs within the specified dates are being forwarded along with any corresponding airtels, memoranda, or other communications which contain verbatim excerpts or otherwise assist in establishing the original conversations. It should be noted that the detailed or verbatim information contained in the communications may not be recorded in the same manner as the logs. This is due to the fact that the log entries were usually made by the monitors as a summary whereas the information in the communications was obtained from replays of the tapes and subject to additional evaluation as well. No tapes exist for enclosed logs, having been erased and reused following transcription of any pertinent recordings. It should be noted that in addition to technical problems, installation and removal dates may not always correspond to initial and final monitoring dates inasmuch as security considerations in some circumstances required lead time in installation or favorable opportunities for removal of the misur. Further, it may be noted that because of weekend business closings, vacations, out of town trips or other movements of the subject, monitoring on a continuous basis was not feasible in many circumstances.

 BUDED: 5/12/78

Re Bureau Airtel to Albany, 4/27/78, Detroit teletype to the Bureau, 7/25/69, and Atlanta Airtel to Bureau, 7/25/69.

In connection with captioned matter, FBIHQ indicated in referenced Airtel that a request had been received from the Department of Justice to determine if individuals who appear on the attachment to referenced Bureau Airtel, were ever overheard during the course of an electronic surveillance of any kind including wiretaps, microphone, or consensual telephone and body recorders during the period of 1/1/62 through 12/31/64. As a result, FBIHQ requested recipients to conduct a search of the ELSUR indices and general indices of all the names that appear on the attachment and to review all indicated files.

Atlanta checked the names of all individuals that appeared on the attachment through its ELSUR indices, general indices, and reviewed all appropriate files with the following results:

A review of Atlanta's ELSUR indices was negative for all the individuals that appeared on the attachment except one reference for a [redacted] namely: [redacted] Southern Christian Leadership Conference (SCLC), Atlanta, Georgia, 3/29/65.

For information of the Bureau, Atlanta operated an ELSUR on the office of the SCLC, Atlanta, Georgia, during the period of 1963 through 1966, plus an ELSUR on the residence of MARTIN LUTHER KING, JR., Atlanta, Georgia, for a portion of the above period in connection with the Bureau's investigation of the Communist infiltration (COMINFIL) of the SCLC at that time. The above-mentioned reference for [REDACTED] would have been in the logs of this ELSUR on the SCLC; however, Atlanta is not able to check this reference for a [REDACTED] as all the logs for these ELSURS on the SCLC and KING were sent to FBIHQ by Atlanta on 3/14/77 for inclusion in the National Archives per a court order in the case captioned, "BERNARD S. LEE vs. CLARENCE M. KELLEY, ET AL (U.S. D. C., D.C.), CIVIL ACTION NUMBER 76-1185 (BUFILE 62-117194)," and "SOUTHERN CHRISTIAN LEADERSHIP CONFERENCE (SCLC) vs. CLARENCE M. KELLEY, ET AL (U.S. D. C., D.C.), CIVIL ACTION NUMBER 76-1186 (BUFILE 62-117193)."

Based on the above, Atlanta is not able to check this reference for [REDACTED] to ascertain if he is identical to [REDACTED] in this matter.

The ELSUR indices also reflected an index card on [REDACTED] who was identified as [REDACTED] and therefore it was determined that this [REDACTED] is not identical with [REDACTED] whose name appears on the attachment to referenced Bureau Airtel.

A review of the general indices reflected the name of [REDACTED] possibly identical with [REDACTED] the [REDACTED] name that appears on the attachment to referenced Bureau Airtel. A search for the appropriate files for [REDACTED] revealed that all substantive files where [REDACTED] name appears were destroyed by the Atlanta Division. However, Atlanta control file 66-285-857 reflects referenced Detroit teletype to the Bureau dated 7/25/69 in which [REDACTED] appears in the title. A review of the teletype reflects that the source of information concerning [REDACTED] was developed through Detroit source [REDACTED]. As previously set out, Atlanta substantive

AT 66-825

files re [REDACTED] have been destroyed; therefore, Atlanta does not know the identity of this source. (b)(7)(c)

Referenced Atlanta Airtel to Bureau, 7/25/69 reflects that no further dissemination was made of the information provided by Detroit source [REDACTED] as set forth in Detroit file 92-608. (b)(2) (b)(7)(D)

On 5/5/78, Detroit Supervisor OSCAR WESTERFIELD was telephonically advised of the Detroit teletype to the Bureau, 7/25/69 in order to assist Detroit's response to captioned inquiry.

The search of Atlanta ELSUR indices was handled by Secretary LINDA R. URHEIM of the Atlanta Office. The search of the general indices was conducted by Supervisors CATHERINE J. ANDERSON and LINDA KING of the Atlanta Office. Appropriate files were reviewed by SAs RONALD E. KNAUBER, JOSEPH LOUIS CROTTA, GERALD D. HVIZDAK, and FRED ROGER RUHLMAN.
