**Memorandum Legal Counsel to The Director
Re: HOUSE SELECT COMMITTEE ON ASSASSINATIONS**

Mr. Fallis advised SA Coulson that Staff Director Richard Sprague of captioned committee was extremely upset over the inability to review FBI documents in Secret Service possession and that if this matter could not be resolved in the Committee's favor in the immediate future, that he (Fallis) would desire an appointment with Director Kelley to resolve the matter.

Contact with SA Tucker by SA Coulson revealed that the Secret Service intends to honor the Third Agency Agreement and not to release any FBI documents to the Committee. Tucker further advised that the Secret Service has between three and five cabinet drawers full of FBI documents.

Memorandum to Mr. Gallagher
Re: Reproduction of Material

procedure, it is recommended that the attached Reproduction of Material memo be approved which would be maintained as the top serial of the volumes reproduced. After access by the HSC has been accomplished, the reproduced copies will be destroyed and this memo as the top serial can be removed.

In the event that any of these files or portions thereof are delivered to the HSC, a notation will be made on the appropriate original serials denoting which material was furnished.

This procedure would improve the efficiency of this Unit in preparing this material for access and enable the personnel of the Unit to handle requests for access expeditiously.

^{LS}
ADDENDUM RECORDS MANAGEMENT DIVISION LWB:dw 12/22/76

Records Management Division agrees that it would be extremely burdensome, time-consuming and impractical to note the date and number of copies prepared on each serial that will be Xeroxed in this project involving over 700 volumes of files to be reproduced on an expedite basis. It is believed the proposed form will serve the purpose intended and Records Management Division recommends the proposed form and procedure set forth be approved for use by Congressional Inquiry Unit.
