Re Miami airtel and letterhead memo dated 12/16/60, to the Bureau, captioned "KNIGHTS OF THE KKK, INC., aka National Ku Klux Klan, Majority, Citizens League, National Klonklave Meeting, Texarkana, Arkansas, Texas, 12/10, 11/60, Bufile 105-55089".

As noted in referenced letterhead memo, the next meeting of the NKKK is scheduled for some time between 1/4/61, and 2/1/61, in the State of La. [redacted] stated he is willing to attend the next meeting if his services are needed.

It is noted that CI has attended all meetings of the NKKK to date and in each case, furnished reliable accurate and complete information on these meetings. His position among the National Klan leaders remains strange and he has an excellent opportunity to obtain pertinent and valuable information relative to Klan activity on the National basis.

New Orleans is requested to immediately advise the Bureau if they desire CI to attend this meeting. If so, the Bureau is requested to authorize \$150.00 expense money for CI to make this trip.

Re Miami airtel to Bureau 12/21/60.

New Orleans requests that [REDACTED] attend the meeting of the NKKK scheduled for some time between 1/4/61 and 2/1/61 in the State of Louisiana. There has been very little Klan activity in the Louisiana area except for some recent developments in the Shreveport area. According to info available, there is a possibility that this Klan meeting may be held in Baton Rouge where Klan activity has been dormant for a number of years. It would be helpful to know whether an expansion of Klan activities will occur in Louisiana and the identities of the persons who will be responsible for the development of these activities. It is particularly noted that the school crisis still exists at New Orleans and there is a possibility that the Klan members might come to New Orleans with the intention of exciting violence. For the above reasons, the Bureau is requested to authorize the attendance of this informant at the meeting. In event Bureau approves this, Miami should handle the payment of expenses to informant.

CI said that [REDACTED] wanted to know where he was getting the money to attend various convention meetings throughout the country. He advised them he has various ways of getting money, but this investigation concerning the union has nothing to do with his attending any meetings and, therefore, he declined further comment.

CI stated that in his opinion, [REDACTED] have interviewed [REDACTED] was informed them about his attendance at various meetings of the National KKK.

CI said that these men asked him the following questions concerning the USEA:

Why did you organize the USEA?

Who put up the money?

Did you borrow any money?

Why did you get charters in various Southern states?

CI stated that to the best of his ability, he answered these questions in a straightforward and honest manner.

Informant related that these individuals told him that the USEA is nothing more than a front for the KKK.

MM 137-363

Informant stated that [REDACTED] also asked him where he was getting money to live on. CI stated he declined to answer this question on the basis that it was not within their investigative jurisdiction to know this information. They then advised him that they have the right to ask other Government agencies to investigate, if necessary.

CI was again advised that all compensations for his services must be reported as income when filing his income tax return.

Reurairtel 1/4/61.

Reairtel informed that captioned informant had been interviewed by two representatives of the U. S. Department of Labor concerning the financial condition of the United Southern Employees Association, Inc., the trade union of which informant is an officer. These individuals also questioned the informant as to his own financial situation and asked in particular the source of his funds to live on and to attend various convention meetings throughout the country. According to your airtel, the informant made available financial records of the union but declined to answer questions concerning his own income.

This situation raises some question as to the future security of this informant. The possibility exists that other individuals, specifically Klan members or persons active in the racial field with whom informant has frequent contact, might also become suspicious on the basis of his frequent trips to various parts of the country. In this connection it is noted the Labor Department representatives questioned informant about his contacts with [REDACTED] and the informant was of the opinion these individuals may have interviewed [REDACTED] previously concerning the informant. It appears such an interview could well have taken place in view of the public announcement [REDACTED] on 12/29/60 to the effect that he had resigned his office with the Klan. As a result, [REDACTED] was allegedly contacted by a number of magazine and TV representatives. It is quite possible

that during the course of such an interview, the Labor Department representatives may have mentioned to [REDACTED] their suspicion that he was not earning sufficient money from his union to travel extensively and maintain his present standard of living.

* the informant

Bureau feels that it would be well at this time to discuss this situation with the informant and inquire into his financial situation. You advised some time ago that he was earning approximately \$50 per week from the union. By airtel 8/11/60 you advised that as a result of a National Labor Relations Board (NLRB) hearing, the United Southern Employees Association in Miami would be disbanded. It was indicated that this decision was not yet final. Advise as to the status of this union and as to the informant's position with it. Also ascertain and advise the Bureau as to the average monthly amount the informant earns through this employment. Determine whether the amount of these earnings would be known to anyone aside from the officers of the union, the NLRB or the Labor Department. In other words, is this knowledge restricted enough to permit the informant to give others the impression he earns enough money through this employment to support himself and travel as he does.

In addition to furnishing the above information and information as to the informant's financial condition, advise whether it appears informant's employment with this union is providing adequate cover for his activities. Make certain he is complying with appropriate legal requirements relative to his union activities. Also furnish your opinion as to whether it would be well to curtail this informant's travels on behalf of the Bureau wherever possible in order to preclude speculation as to the source of his income.

Reurlet 1/16/61 and your airtel 1/17/61.

It is noted that relet requested authority to pay captioned informant up to \$75 per week for services plus up to \$25 per week for expenses actually incurred for a period of four months effective 1/27/61. This request is not being granted. Instead you should continue paying informant on the same basis as your previous authorization, that is, up to \$50 per week for services plus up to \$15 per week for expenses actually incurred. This will be for a period of four months effective 1/27/61.

A review of Bufiles discloses there are a number of other racial informants and potential racial informants in the Bureau's service who are considerably more productive than captioned informant and who are paid far less money. It may be noted that only eight meetings were attended by this informant during the past period and of these only two were meetings of Klan organizations. From a review of relet it appears that much of the material furnished by him is not vital to any active Bureau investigation although, of course, it is of intelligence value in the racial field.

You have advised the Bureau that the only active Klan group in your area is located at Fort Pierce, Florida, and that no such group exists in Miami where the informant operates. You must, of course, develop informant coverage in that group and you should not rely on the services of [REDACTED] alone for information concerning racial activities in your territory. Based on the present situation in your area it appears that informant's only real value to active investigative efforts of the Bureau lies in his position with the National Ku Klux Klan, his potential in "The Hidden Hand," which is allegedly being formed in Mississippi, and his ability to pick up occasional information of value in the criminal field.

In view of this informant's position at a policy-making level in the National Ku Klux Klan, you should caution him to make no statement and take no action which could be interpreted as advocating the use of violence to deny others their constitutional rights since such action on his part could lead to embarrassment. RE: MM 607-C (RAC)

Special Agent [REDACTED] dated 1/13/61 at Knoxville in the Chattanooga bombing case. Cover page "Q" contains information from two Little Rock informants relative to a National Ku Klux Klan meeting at Texarkana on 12/10-11/60. These informants report that captioned informant indicated the only way to picket a Negro was with an ax handle or club. This specific incident, of course, should not be discussed with the informant.

With respect to reairtel concerning informant's connections with the United Southern Employees Association, Inc., page two indicates informant has authority from the board of this union to use expense money for organizational purposes. He stated union records concerning money spent for such purposes more than adequately furnish cover for his trips to attend various Klan meetings on the Bureau's behalf. He also stated that he complies with appropriate legal requirements concerning his union activities. It would appear that informant's union may be reimbursing him for some expenses in connection with trips he has made and also the National Ku Klux Klan may be reimbursing informant for any expenses incurred in attending meetings of that organization.

RE: [REDACTED]

ReBuairtel, 1/11/61.

On 1/13/61, SA [REDACTED] and SA [REDACTED] contacted informant and discussed the items as set forth in reairtel.

Informant stated that his earnings derived from the Union have been considerably reduced as a result of the National Labor Relations Board (NLRB) hearings in 8/60. He stated that since 8/60 he has received approximately \$200.00 from the United Southern Employees Association, Inc. (USEA). Informant related that he supervises and edits the publication of the USEA labor news, which is published about once every three months on behalf of the USEA. From this source informant related he earned about \$50.00 per month which is derived from the sale of ads published in this paper.

Informant stated that any income he receives in connection with the USEA would not be known to anyone aside from the officers of the Union, the NLRB and the Dept. of Labor.

"The settlement goes on to provide that U.S.E.A. Local #1 shall be dissolved and that all negotiation agreements with contractors and its members be cancelled. Also, that the U.S.E.A., so far as the operations complained of in Florida are concerned, be 'disestablished', which means that future organizational activities must not allow any locals to organize with employer members.

"As a matter of law, nothing contained in this stipulation of settlement can restrain or abridge the rights of U.S.E.A. members or any other persons to organize for collective bargaining purposes. These rights are guaranteed by the National Labor Relations Act and the Supreme Court of the United States.

"Freedom of self organization persists, however, notwithstanding the order of the Board commanding the employer to disestablish the company or independent union. The order will not prevent the same employees from immediately reorganizing themselves as an independent union, even though under the same constitution and with the same leaders, provided they do so freely, of their own choice, and are not influenced or overtly approved by the employer."

Informant goes on to say that in his opinion [redacted] NLRB, Miami, is trying to expose him and the U.S.E.A. as being Communist dominated and a front for the KKK. According to informant, [redacted] is doing this to aid and assist Local 349 which is in competition with U.S.E.A.

CI stated he believes 349 has "something" on [redacted] to make [redacted] do this. He said that [redacted] is presently contacting various contractors in the Miami area and advising them that the U.S.E.A. has been disestablished as a Labor Union in the State of Fla.

MM 137-363

Informant stated that his position with the U.S.E.A. is titled Special Assistant to the National President, which is classified as a representative and not as an officer or director of the union. His duties are to organize the U.S.E.A. in any state (a total of 9) in which the U.S.E.A. is authorized to do business.

Based on the informant's ability to readily adjust himself to any situation and the fact that his present position is the result of investigation by the NLRB and the Dept. of Labor, there is no reason why his travel on behalf of the Bureau should be curtailed. However, any office covering a meeting of the NKKK should not request CI's presence when their coverage is deemed adequate.

ReBulet 2/1/61. Re Little Rock airtel 2/14/61 captioned "Knights of the Ku Klux Klan, Inc., aka, National Klunkave Meeting, 2/11-12/61, Racial Matters."

Reairtel states a Little Rock racial informant, who attended the National Klunkave meeting, reported that informant, in private conversation at the meeting, made the statement that he and others had recently beaten up a white man, breaking a number of ribs. The reason for the alleged beating was that the white man refused to fire his Negro employees and hire white employees. After the beating the victim allegedly complied with captioned informant's demands.

Promptly advise the Bureau as to what knowledge your office possesses concerning this alleged beating and what part, if any, **[REDACTED]** played in the affair. This appears to be an incident similar to that called to your attention by reBulet and such statements are dangerous in that they could be interpreted as advocating the use of violence to deny others their constitutional rights. Advise the Bureau also as to the results of your discussion of this type of situation with the informant.

CONF. INFO
RE: [REDACTED]

ReBulet dated 2/1/61 and Buairtel dated 2/24/61.

CI has been cautioned on different occasions not to make any statements or take any action which would be interpreted as advocating the use of violence to deny others their constitutional rights. In this regard, it is noted CI in his contact with Klan members, has a tendency to be boastful and dramatic as to how he would handle various situations in regardsto integration. In taking such a position, CI believes he strengthens his position with Klan leaders, thereby obtaining their confidence.

With regard to the information furnished by the Little Rock Racial informant, the Miami Office possesses no information regarding the alleged beating of a white man because he refuses to fire his Negro employees and hire white employees. [REDACTED] had taken no part in any such activities.

Without referring to the source of this information, CI was contacted on 2/28/61, and questioned concerning this matter. CI stated that he has received a number of rumors during his travels throughout the Southeast section of the U. S. where white employers have fired their Negro employees in order to hire white men who have come South for the winter season. CI said he has made a number of inquiries regarding this matter in an effort to develop definite information

so that positive action could be taken by the Bureau. CI was advised that in attempting to develop information of this type, he should not put himself in a position as having taken part in such actions as this would be advocating the use of violence to deny others their constitutional rights.

With respect to the last paragraph of Bulet dated 2/1/61, the Miami Office has been alert to the possibility that this informant may be reimbursed for expenses from his union as well as the National Ku Klux Klan (NKKK). With regards to the NKKK, CI advised that some of the Klan Officials receive a portion of their expenses for trips from their respective Klans. However, since CI represents a "Paper" Klan, the Anti-Communist Klan of Miami, there is no way for him to be reimbursed for expenses. It is noted that the finance committee for the NKKK reported no money in the treasury as of 2/12/61.

With respect to informant's connection with the United Southern Employees Association, Inc., (USEA), the union has not reimbursed CI for any expenses in connection with trips he has made as a member of the NKKK. The money spent for organizational purposes of the USEA is actually spent in the South Fla. area. However, if it were ever necessary, CI could show the Klan that his expense money for Klan trips was coming from the organizational expenses of the USEA.

Miami appreciates the fact that CI does not attend many meetings on a regular basis of any particular Klan. However, CI has furnished substantial information of intelligence value in the Racial field and it would appear that this constitutes a large portion of the Bureau's activities in Racial matters.

On 1/19/61, CI was paid \$200.00 expense money and on that day departed on a trip to Jackson, Miss., concerning "The Hidden Hand". Report on this trip furnished to the Bureau by letter dated 2/14/61, captioned, "The Hidden Hand", aka, Bufile 157-280. Prior to returning to Miami, CI was instructed to cover the "Street Walk" and meetings of the U. S. Klan, Atlanta, Ga., on 1/28/61. On 1/31/61, CI returned to Miami, Fla., and was reimbursed \$79.18 to cover his actual

expenses to Atlanta. Report on the trip furnished to the Bureau by airtel 2/9/61, captioned, "U. S. KLANS, KNIGHTS OF THE KU KLUX KLAN, INC., aka. RACIAL MATTERS," Bufile 100-7801. *called*

On 2/8/61, CI was paid \$100.00 expense money and on 2/9/61, departed Miami to cover the NKKK meeting scheduled for Shreveport, La., on 2/11 and 12/61. On arriving in Shreveport, the Meeting place was changed to Texarkana, Tex.-Ark., where CI actively covered the meeting. The results of this meeting was set forth in Miami airtel to the Bureau 2/21/61, captioned, "KNIGHTS OF THE KU KLUX KLAN, INC., aka," Bufile 105-55089. *called*

On returning to Miami CI stopped in Atlanta, Ga., and contacted [redacted] and others concerning the U. S. Klan, Inc. Information concerning this contact re the forthcoming split of the U. S. Klan, was furnished to Atlanta by airtel. CI returned to Miami 2/15/61.

It is noted that the time spent, which includes travel time, by [redacted] is approximately 21 days. Miami paid CI the maximum authorized in accordance with Bulet dated 2/1/61, up to \$50.00 per week. None of the \$15.00 per week for expenses actually incurred were paid CI during this period as all expenses were covered in the lump sums authorized for each of the trips.

Based on the information furnished and the time spent by CI to cover the above described meetings, the Bureau is requested to authorize up to \$100.00 additional for services in connection with the above meetings.

This is in addition to your regular payment authorization and payments should be substantiated by an expense statement from the informant.

With respect to page three of reairtel, a review of captioned informant's file does not disclose any Bureau authorization for expense payments to him in connection with trips to Shreveport, Louisiana, and Texarkana, Texas - Arkansas, on 2/11-12/61, and the subsequent trip to Atlanta, Georgia, while en route to Miami. With respect to paragraph 3 of reairtel, a review of Miami files reflects the following:

[REDACTED] Miami airtel to the Bureau 12/21/60, captioned [REDACTED] requested New Orleans to advise the Bureau and Miami if CI desired at the next meeting of the NKKKK scheduled for sometime between 1/4/61, and 2/1/61, in the state of La.

By Bureau airtel dated 12/30/60, captioned [REDACTED] the Bureau authorized CI to attend the NKKKK meeting. It is noted that this meeting was actually held 2/11 - 12/61, in Texarkana, Tex., and was changed to this location from Shreveport, La. Many of the delegates attending this meeting, including CI, first went to Shreveport where they were informed of the change in location.

In connection with this trip, CI was paid \$150.00 and not \$100.00 as shown in paragraph 2, line 1 of Miami airtel to the Bureau dated 3/1/61.

Informant was not reimbursed by the Bureau for his contact in Atlanta, Ga., with [REDACTED] This contact was made by CI on his own in order to take advantage of his time while he was making train connections in Atlanta for Miami. G

Reurairtels 3/13/61, and 3/1/61.

Authority is granted to pay captioned informant up to \$100 for services rendered and information furnished by him in connection with his attendance at a number of out-of-state meetings between 1/19/61, and 2/15/61. This amount is over and above the regular payment authorization.

NOTE: [Redacted] is William Sommerset. Bureau approved various expense authorizations recommended by Miami to cover travel by informant to Jackson, Mississippi, regarding "The Hidden Hand" in late January, 1961; to Atlanta, Georgia, for National Klan Meeting at end of January, 1961; to Shreveport, Louisiana, and Texarkana, Texas, for National Klan Meeting 2/11-12/61. For obvious reasons, the above info is not being disseminated.

Since Miami is not in a position to fully appraise the info furnished to CI, Knoxville, is requested to review the above info in conjunction with info previously reported re [REDACTED] and his bombing activities.

If deemed advisable, will request Bureau authority for CI to travel to Chattanooga and contact [REDACTED]. It is noted [REDACTED] has complete confidence in CI, and would expect the informant to purchase some of his explosive materials. In addition to developing info re bombing materials, CI would also be in a position to develop additional info re captioned matter.

It is estimated that CI would need \$225.00 expense monies for transportation, food, and lodging, should his services be desired for a period of one week. It is pointed out that [REDACTED] is under the impression CI can obtain money for such a trip through the United Southern Employees Association, Inc., a national independent trade union, of which CI is Special Assistant to the National President. Informant is available for such a trip on short notice.
