[redacted] advised that a check of all canceled tickets from Cuba did not reflect any incomplete calls from Cuba for a RUBENSTEIN on 11/24/63. Since 11/29/63, a review of micro-film records has been in progress to determine if there were any completed calls to a RUBENSTEIN on 11/24/63. The review has not yet been completed, but has been negative to date and this is being set forth for the information of New York, since it appears that checking of telephone company records in New York City may be necessary.
