Chicago, Ill.

Mrs. HAROLD KAMINSKY, also known as EILEEN KAMINSKY, nee RUBENSTEIN, 6724 North Talman, stated that on November 22, 1963, sometime between 1 and 3 p.m., her brother, JACK RUBY, called her from Dallas, Texas. He was emotionally upset and crying about the assassination of the President. He asked if she had heard the news and how the people in Chicago were taking it. He sounded completely unnerved about the incident and commented he was going to close his business that night. He made no threats against anyone. He thought very highly of the President. He is not known to have been active in politics. During the conversation which lasted about five minutes, she told RUBY to be at the home of their sister, EVA GRANT, about 9 p.m. and she would call. She called her sister later that night, but JACK had gone to the synagogue. *P.M. 1916*

*Mrs. Harold Kaminsky Eileen Kaminsky*  
Mrs. KAMINSKY said JACK had resided in Dallas, Texas (Oak Cliff) for the last 17 or 18 years. He was in Chicago for short periods during the illness and decease of their father about five years ago. He also attended her wedding in 1947. *Eileen Kaminsky*  
*Eileen Kaminsky* According to Mrs. KAMINSKY, she visited JACK, her sister EVA GRANT, and brother SAMUEL RUBY in Dallas, Texas, during the last two weeks of August, 1963. She traveled round trip by Santa Fe railroad and stayed with her sister, EVA GRANT, while there. She left Chicago on about August 19, 1963, and returned to Chicago, September 1, 1963. While in Dallas, she heard JACK make no radical statements against anyone or any group. He mentioned on several occasions that one RALPH PAUL, a Dallas businessman, was a friend of his. Mrs. KAMINSKY said PAUL was not otherwise identified and that she never met him. JACK seemed to be friendly with and well known to Dallas police officers. While on an automobile ride, a number of policemen waved to him or would yell "Hi, JACK." *Eileen Kaminsky*

Approximately a week before Mrs. KAMINSKY went to Dallas in August, 1963, JACK stopped through Chicago for an hour or so stopover between New York and Dallas. He had been in New York on business to obtain "talent." He was traveling via American Airlines and was visited for a short time at O'Hare Field, Chicago, Illinois.

Mrs. KAMINSKY characterized her brother, JACK RUBY, as a patriotic American. To the best of her knowledge, JACK has not been a member of, or has never been associated with, any subversive group or the "Fair Play for Cuba Committee." He has never been known to have been arrested or to have associated with hoodlums. JACK RUBY has never mentioned LEE HARVEY OSWALD and she never heard the name until November 22, 1963.

Mrs. KAMINSKY said she had no knowledge why JACK would shoot LEE HARVEY OSWALD. She said it was not like him to do something like that. She suggested that he might have been so emotionally upset and disturbed that he suffered "temporary insanity." She said JACK never referred to possessing a firearm and she never saw a firearm in his possession when in Dallas.

Mrs. KAMINSKY said JACK assumed the surname "RUBY" in the late '40's or early '50's for business reasons. His true surname is RUBENSTEIN. He had a friend named LEON, full name unknown, who died. Out of respect and remembrance of him, he uses "LEON" as a middle name. JACK was born in Chicago, Illinois, and is 52 years of age. He is single and a "confirmed bachelor."

Mrs. KAMINSKY appeared in a highly emotional condition and stated she could not be more specific regarding the background of RUBY. She declined to furnish any additional information at this time.

Doctor COLEMAN JACOBSON, 6121 Preston Haven Drive, Specialist in Dermatology, advised he has been acquainted with JACK RUBY for about 8 years, during which time he has seen him on a professional basis, perhaps six or eight times. He stated his treatments of RUBY were for minor skin irritations, such as fungus. He stated there was nothing in his medical history insofar as he knew which would reflect upon the recent action of RUBY, namely the assassination of LEE HARVEY OSWALD.

Dr. JACOBSON stated that RUBY told him a number of years ago that he had a "metal plate" in his head but JACOBSON stated he knew none of the details concerning this and was only reminded of this after reading the reports of RUBY's background in the local newspapers.

Dr. JACOBSON stated that a number of years ago he learned RUBY was single, after which he occasionally invited RUBY to his home during holidays to visit. He stated RUBY appeared to be a very pleasant and congenial individual and insofar as he knew, honorable. Dr. JACOBSON stated he never noted anything impulsive about RUBY's personality and considered him very sentimental and sensitive, particularly concerning animals, as RUBY kept a number of dogs, which he seemed to love dearly. Dr. JACOBSON stated RUBY seemed to adore children and enjoyed associating with them very much.

Dr. JACOBSON stated that he knew of nothing "shady" about the endeavors of RUBY. He further stated that he had been in the night club operated by RUBY not more than an average of once a year, and the close acquaintances and associates of RUBY were unknown to Dr. JACOBSON. He heard RUBY say on a number of occasions he carried a gun because of the fact that he frequently maintained the proceeds from his business establishments on his person. He stated he last saw RUBY personally about September, 1963.

Dr. JACOBSON stated at approximately 4:00 or 5:00 p.m. on Friday, November 22, 1963, he received a telephone call

He said he always considered <sup>Hymen</sup> that there was something in the nature of an instability running through JACK RUBY's family and he evidenced signs of it in HYMEN, whom he considered undependable and in EVA, who had spell approaching a breakdown on several occasions.

He could not recall even attending the funeral of FANNIE RUBENSTEIN, which indicated how far the families had drifted apart.

He does not know the nature of the mental illness for which she was hospitalized but believed it may have resulted from the loss of a baby.

He advised that he knows of no Diabetes history in his family and knows of no epilepsy history in his family.

He advised that his brother, EARL RUBENSTEIN, within the past two years, was hospitalized in the psychiatric ward of a Veterans Administration Hospital in Chicago, Illinois, or Detroit, Michigan. He believes this was as a result of EARL having suffered a nervous breakdown.

EARL RUBY, 29925 Woodlawn Drive, advised he has returned to Chicago to be with his brothers and sisters over the Thanksgiving Holiday. He is presently at the family residence at 1044 Loyola Avenue, Chicago, Illinois, where he intends to remain until Sunday, December 1, 1963.

He advised that he had been interviewed by Detroit Agents on November 26, 1963, and had advised them to the best of his knowledge of brother, JACK RUBY'S, background, places of residence and occupation at Chicago, from the time of his birth until he left for Dallas in about 1947.

He stated that he had discussed with his sisters, MARION and ANN, the subjects covered at their interview with FBI Agents on the afternoon of November 27, 1963, and felt that they were substantially correct in all places of residence and occupations engaged in by their brother JACK.

Regarding an allegation that JACK possibly had a metal plate in his head from some unknown injury, he stated that this was absolutely untrue and that JACK enjoyed good health to the best of his knowledge and belief.

He stated that his mother at one time was a patient at the Elgin State Hospital, Elgin, Illinois, where she was being treated for a mental disorder. He stated that he was reluctant to talk about this, but that this mental condition was brought on by the menopause, a thyroid condition and was possibly the result of her brooding over the death of her last born child, which occurred several years prior to her hospitalization. He stated her stay in Elgin Hospital was short, and that she returned home to the family and lived from about 1938 until her death in about 1942, when she died from a thrombosis coronary condition.

He stated that he, himself, had been a patient in the Veterans Hospital in Chicago, Illinois, located on the near north side of the lake, about three years ago, which would be about 1960. He said this hospitalization was the result of his mental depression about the failure of his business and general financial decline. "run away from things". He said that he was a patient at this hospital for approximately four weeks. At this time he advised that even though he had been a patient, he had never heard or considered that his brother JACK was in any way subject to mental illness or depression. Speaking of JACK, he stated that he had the usual childhood diseases, but suffered no serious illnesses or injuries. He reiterated that his brother, JACK, had never been connected in any way with a tavern or night club in the Chicago area, and that his only connection in this field had come about following JACK'S move to Dallas, Texas. He said that he, himself, had at one time been engaged in the tavern business for about two months in about 1950, when he took over a small neighborhood tavern at Madison and California in Chicago, Illinois. He said that he took this business over from an individual named BERNIE FELD, whose present whereabouts are completely unknown to him. He said he closed this business after "a couple of months", as he could not "make a go of it". Records of Elgin State and Veterans Hospitals will be checked.

Mr. EARL RUBY was specifically asked regarding his residence in New Haven, Connecticut in 1940. He stated that he had never been in New Haven, Connecticut in his life, and that at about that period he was engaged in the dry cleaning business on Cicero Avenue in Chicago, Illinois.

Date November 29, 1963

Mrs. RUTH SIKLWOOD, Assistant in Charge, Medical Records Section, Elgin State Hospital, Elgin, Illinois, advised that the following information is located in the medical records section files on microfilms under Elgin State Hospital number 46464, concerning Mrs. FANNIE RUBENSTEIN, also known as FANNY RUBENSTEIN:

FANNIE RUBENSTEIN, wife of JOSEPH R. RUBENSTEIN, living, age 63, was admitted to the Elgin State Hospital from the County Court of Cook County on July 16, 1937 with her mental illness being described as a senile deterioration, senile state, at the time of admission. She was described as being born in 1875, date not listed, in Russia, City or area not listed, and being of the Jewish religion and of the Hebrew race. She was 62 years old at the time of admission and resided at 624 South Independence Boulevard, Chicago, Illinois, residing in Chicago the last 32 years. She was listed as having eight living children and one deceased child. The living children are as follows:

HYMAN R. RUBENSTEIN, son, age 35, residing at home;  
 ANNA VOLPORT, daughter (this name could possibly be spelled VOLPERT or VALPERT as it is not clear on the film), age 33, 2510 North Kedzie Avenue, Chicago, Illinois;  
 MARIAN RUBENSTEIN, daughter, age 31, residing at home;  
 EVA GRANT, daughter, age 28, Los Angeles, California;  
 JACK RUBENSTEIN, son, age 26, address not listed, however, listed as traveling salesman;  
 SAM RUBENSTEIN, son, age 24, residing at home;  
 EARL RUBENSTEIN, son, age 21, residing at home;  
 EILEEN RUBENSTEIN, daughter, age 20, residing at home.

RUBENSTEIN was brought to the Elgin State Hospital by the Cook County, Illinois Sheriff's Office, at the advice of a Doctor at the Michael Reese Hospital, Chicago, Illinois, where she had been attending clinics for many years. She was described as becoming unmanageable and gets into hysterics and shouts and screams both day and night. The hospital authorities received information from her daughter, MARIAN RUBENSTEIN, that the Michael Reese Hospital should have a complete record of FRANCES RUBENSTEIN.

2  
DL 44-1639

In the family and personal history section of the file, it was reported that FRANCES RUBENSTEIN's parents died in Russia from old age and she has one brother, name not listed, living in Denver, Colorado. As to education, it was reported that she is illiterate and speaks little English.

MARIAN RUBENSTEIN, daughter, described FRANCES as being very temperamental, domineering and self willed and had to have her own way. According to MARIAN, if her mother's wishes were not granted, she went into a regular tantrum, became disagreeable and very unfair. She was described by MARIAN as never taking much interest in her children's welfare.

In a letter dated July 16, 1937, the Michael Reese Hospital, Chicago, Illinois, reported that FANNIE RUBENSTEIN has been known to the Michael Reese Hospital since 1926 due to her complaining of a sticking sensation in her throat over a 15 year period which she insisted was a fishbone. She was diagnosed at the psychiatry clinic of the hospital as having a psychoneurosis with marked anxiety state.

The letter further reported that since 1926, FANNIE RUBENSTEIN returned to the psychiatry clinic of the Michael Reese Hospital at intervals sometimes voluntarily and in the past four years at the request of her son and daughter. They found her behavior increasingly difficult in the house. During the past four years, according to the letter, FANNIE has been exceedingly quarrelsome, used profanity and was very markedly suspicious of the motives of her family and constantly expressed the idea that her sons are conspiring against her and influencing the other children to be impatient and cruel toward her.

In another report at the hospital dated August 12, 1937 it was stated that FANNIE in an interview with hospital authorities, gave her age as 62 and born in Poland in October, but could not give the year. This report, which differs from information in other sections of the file and which is set out above, states that FANNIE advised that she also has two sisters in Poland in addition to her brother in Denver. Two other sisters, according to FANNIE, died in infancy and another sister died in Poland of Malnutrition during the war. She claimed to be married to JOSEPH RUBENSTEIN at the age of 24 when he was then thirty and the match was made as customary through a professional match maker and her marriage to JOSEPH was an unhappy marriage.

3  
DL 44-1639

The file reflected that FANNIE's deceased child died at the age of 29 months due to scalding. It was noted that FANNIE RUBENSTEIN was illiterate and that she speaks very little English. She was questioned at the hospital, according to the records in "Jewish" by a Doctor SHAPIRO, first name was not entered. In October, 1937, date not entered, FANNIE RUBENSTEIN was entered in the records as an "escape" from the hospital. She was then placed on parole for 90 days by the hospital on October 17, 1937 to her daughter, MARIAN RUBENSTEIN, 624 Independence Boulevard, Chicago. Mrs. SILKWOOD explained that apparently MARIAN RUBENSTEIN was located at the above Chicago address. Therefore, as was the custom of the authorities at the time, Mrs. RUBENSTEIN was placed on parole for 90 days in care of her daughter. She at that time, was entered in the records as improved, however, was still in a paranoid state.

On January 14, 1938, FANNIE was entered on the records as returned from escape and parole due to a request from her family because she was uncooperative and caused constant discord in the family and was noisy and using obscene language.

FANNIE RUBENSTEIN, on May 27, 1938, was again paroled for 90 days to her daughter, ANN VOLPORT, 3806 Washington Boulevard, Chicago, Illinois, as improved. She was still described as being in a paranoid state with an unfavorable prognosis.

The last information in the files reflected a monthly progress report from the Illinois Department of Public Welfare dated August 23, 1938 which was at that time at the end of the 90 day parole and it was reported that MARIAN RUBENSTEIN, daughter, advised that she was now living with FANNIE at 3884 West End Avenue, Chicago, and that FANNIE was getting along much better, even going to the park during the day. The report stated that FANNIE, however, does not go back to 624 South Independence Boulevard, Chicago, where her husband and children live, therefore, much trouble has been avoided.

Mrs. SILKWOOD stated that her records reflect that FANNIE RUBENSTEIN on August 25, 1938, received an absolute discharge from the hospital as improved.

In addition to the above, FANNIE RUBENSTEIN was further described as white female, 4'6", 182 pounds, build obese, hair red, eyes blue.

He stated MAC worked on the morning shift at the hospital and had told him JACK RUBY and his wife, name unrecalled, were patients at the hospital two weeks ago and were noisy and troublesome.

GLADYS MCKENNA, Gaston Episcopal Hospital, Dallas, Texas, stated she had been on duty at the hospital on the morning of November 24, 1963, and had recalled talking to Doctor HAWKINS about the shooting of President KENNEDY and the subsequent shooting of the man who was accused of shooting President KENNEDY.

Miss MCKENNA stated she and the Doctor were conversing about the incident and the Doctor had told her, as she recalls, that RUBY "was a gangster from Chicago." She stated, however, she did not tell the Doctor that JACK RUBY and "his so-called" wife were patients at the hospital.

Miss MCKENNA stated JACK RUBY's sister, EVA GRANT, had been a patient on her floor several weeks prior to this, and EVA had caused considerable confusion among the personnel at the hospital concerning her stay at the hospital. Miss MCKENNA stated she had never seen RUBY visit EVA and it had been rumored among nurses at the hospital that EVA was using bad language while a patient and was causing trouble concerning her treatment at the hospital.

Miss MCKENNA had no other information to furnish and did not know any other personnel at the hospital that might have had contact with RUBY while his sister, EVA GRANT, was a patient.
