Dear Maxine

Your letter was most
welcome, and explaining

All Division is stopping,
it gave me a real lift
to hear from you.

I guess Bob Lawrence

needs up the money he
needs in three weeks, he
wishes he still is in
Calif. and not in Dallas.

I'll run that I kid
go personally to the

district attorney's office
and try to get them
not to touch on him,
but they wanted all

of the money by Friday
I hit that judge that

II

was the day that will
go down in history as
the blackest of days.

Of all the names you
mentioned I hit names
to please you. Rules

try the way, I intend
to write to him, before
all this happens, and

I don't want you, this
that you understand
your letter, just to

know I have plenty
of time on my hands.

As for Al, Dallas,
I understand deeply,
him as a human being.

By your letter it
butter me as to what

III.

to look back.

Now the first part
to some benefit has
stand there, (rather do
) and then he looked
has many with getting
\$600.00 worth of clothes,
of which his share they
will & never see a line
of it. Secondly, I gave
him \$5.00 so he would
take a little little-billy
his way back to Calif.
and I suppose this is
his way of paying back.
That's what I would
worry about him, because
he will not take it
from some one that

IV.

of in the way near
future & may need
again as a reflection
written to, he will
pay me back with
spoke.

What regards to Bob,
Harry, days and for,
& I think I need for,
many a time I would
ask him to have a
card with me,
but he would always
say that he went
to Hungary. Don't like
strange, I'll bet you
guys have Rick's
great blue & blue
blue why you ever

V.

comes to Dallas, the
hardships and rough
times you guys went
through, and then
Koreban's fate struck
me leading to meet
one another. Of course
I realize that you are
forgone, but at least
I've made an effort
to be a second friend
if nothing else.
Thanks again for
meeting and we'll
best regards to all
your family
Dale Kelly

As for Bill, there is a
very handsome girl there
and she is all I
have left for me. He
is still working at
that and you know
you'll know the address
1312 1/2 Division. You
I will tell her the
you're wanting to hear
from her.
I know you will be
to forgive me for
letting you know that in
the least hope all
to yours, but I
as your own or give
for each of yours.
