Dear Sir,

There is a document which carries a picture showing Ruby or Rubinstein and one of the principal participants at the scene of your late brother's tragedy in a position of conviviality.

Other incidents have happened which would seem to show a participation of the above mentioned principal in those events as a behind the scenes investigator.

If you are interested I would be glad to inform you of the identity of the principal mentioned.

Sincerely yours,

/s/ M. ~~X~~ Sylvester
