Dearest Dad,

I was very happy to get three letters from you last week, one after the other. This week, I have not received a single one and it is Wednesday already.

We are still astonished at the turn of events and we are very anxious to know the effect over there of the untimely appearance of our top and only leader, as he took it for granted that he was referred to in a matter of which he had not been accused. What will SERGIO say about the charge made against him to the effect that he knew what was going to happen? In short, we are assailed by hundreds of unanswered conjectures.

On the other hand, you have the fact that our government agreed that OSWALD had gone to the Cuban Embassy in Mexico to ask for a Cuban visa en route to Moscow. Could he have been trying to get a visa or money for services he was going to render? Besides, it is known here that RUBINSTEIN was here a little less than a year ago visiting a Mr. PRANSKI, owner of a shop dealing in tourist articles, located on Prado Street between Animas and Trocadero, opposite the Sevilla Biltmore. In short, there is something rotten in Denmark. When you answer me, tell me what comments are being made there about these facts.

Here, some important persons in the government consider the government here definitely established. Also, the worms believe that it is coming to an end, and that there is no help for it. Who are you to believe? God, alone, will have the last say.

I am still improving, but there is a saying, which I don't remember very well, about a dog who loses his fleas. Now, I have caught a cold and I spend the nights coughing and going without sleep. After taking Benadryl, Cosedal and Largactil, I have finally given up. Now, it is after 3 A.M. Naturally, I then spend the following day in a daze.

My wife is well, constantly fighting with all the orders issued and keeping house. Mother is the same.

EVELINA was here last night and asked me to send greetings. She always tells me to, and I forget to do so. We were not able to go and see the photos at the home of CONCHA, because my car was not running for several days. I have already found the part, and thank God, they are going to fix it for me one of these days.

Do you still see SUSO? How is that sour drink? Is he

getting any sweeter, or what?

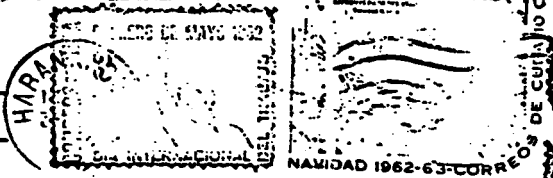

Well, I don't have much more to tell you today, so I will say goodbye until the next letter. Give our love to CARY and family, and our love, kisses and embraces to you, as always.

PRIETA and EHINO*

The word "Prieta" may mean "the dark one" and "Chino", the Chinese man.

Queridísimo Papá:

Era mucha dicha la de la semana pasada, de recibir tres centos tuyos, seguidos una de la otra. Esta vez nos recibiste una y ya estamos a miércoles.

Continuamos asombrados con el desarrollo de los últimos acontecimientos y nos hacemos agua pensando que efecto habrá causado por allí la conflagración intempestiva, dando por aludido, de algo que no se:

le había acusado; del primer
y unico mandamiento nuestro. Que
día seigo de la acusación que
le formuló de que él sabía lo
que iba a pasar. Es fin son
sientos y sientos de carpetas
sin contestación, las que nos
asaltan.

Por otro lado tienes que
nuestro gobierno aceptó que
Oswald había acudido a la
Embajada cubana en México
para solicitar visa cubana
en ruta a Moscú. Peria a

buscar un o dueño por
servicios a prestar?

además, a qui se sabe que
Rubinstein estuvo a qui hace
poco menos de un año visi-
tando a un señor Prauski,
dueño de una tienda de
artículos de Turismo situa-
da en la calle Prado entre
Quintas y Trovadero, frente
al Penilla Biltmore. En fin,
algo sucedió se cree en
la franquicia. Cuando me
contasteis decir lo que se es-

mientras por allá respecto de
esos hechos.

Aquí algunas figuras ^{del gobierno} consi-
deran estabilizados este gobier-
no al fin y al cabo. También
los quisieron considerar que se
casi, de lo que no tiene reme-
dio. A quien creen? Solo Dios
dirá la última palabra.

Yo continuo mejorando, aunque
no recuerdo muy bien me dicho
sabe un perro al que le sacan
las pulgas; ahora he cogido ca-
tarro y me llevo las noches truen-
do y sin dormir ni dejar dormir
a nadie. Después de tomar Pl-

Madrid, cosedat y Bergantín,
al fin me rindo, pero ya para
esa hora por las 3 de la mañana
ya me voy a dormir. Después me
pasé al día a dormir.

En un momento de la vida,
y la casa, lo mismo la ma-
ma:

Aunque estoy aquí Enli-
na y me encargó saludarte. Aun-
que me lo dice y no leido co-
municarlo. No hemos podido ir
a ver las fotos a casa del Con-

cha porque he tenido el carro
parado por varios días. Ya encon-
tré la pieza y gracias a Dios
me lo van a arreglar en es-
tos días en sábado.

Has continuado siendo a la usanza?

Como siempre cuando, se
transforma en afeitar o
qué?

Bueno por hoy poco más
tengo que contarte de modo
que me despierto hasta la
proxima, da nuestros afectos

a Cary y familia, y tu rec-
be nuestro cariño invariable
y muchos besos y abrazos de
La Princesa y el Chino.
