VAN HOESEN has subsequently disassociated himself with the Whitehill Taxkeeping System. HANK STILL, according to VAN HOESEN, is currently a student attending a college located at Lubbock, Texas, possibly Texas Tech.

VAN HOESEN stated that at no time during his contacts with ROY at the Ross Avenue Automotive Service did he, VAN HOESEN, observe a customer driving a 1959 white Cadillac Convertible, nor could he recollect the description of any of these customers.

On December 4, 1963, ROBERT VERNON ROY was reinterviewed at Mustang Service Station, at which time he advised that LEON WILLIAMS, an accountant, 1201 South Brighton, Dallas, Texas, had handled some accounting work for him during August and September, 1963.

DALLAS TEXAS
On December 4, 1963, LEON FREDERICK WILLIAMS, 1201 South Brighton, made available automotive repair work orders of August and September, 1963, of Ross Avenue Automotive Service, a review of which reflected no reference to a 1959 Cadillac or the name LEE. Mr. WILLIAMS stated that he had no additional automotive repair records pertaining to Ross Avenue Automotive Repair Service.

On December 4, 1963, JAMES EARL FUCUALS was reinterviewed at Cullum and Boren Company at his request, at which time he furnished the following additional information:

FUCUALS advised that he recalls now that a white man came into Cullum and Boren wanting to look at the yellow pages of the telephone directory indicating that he needed his brakes fixed and wanted to know where the nearest garage was. FUCUALS said that he could go to the Ross Avenue Automotive since he had taken a company car there and received satisfactory service. FUCUALS said that he believes the white man went to the garage on Ross Avenue, and at any rate he wrote the telephone number and address down.

This white man came into the Cullum and Boren store about two or three weeks after FUCUALS had taken the station wagon to the Ross Avenue Automotive Repair, and he described the white man as approximately 35-40 years of age, approximately 5'9", heavy shoulders, wearing a sport coat or brown jacket and slacks. FUCUALS also believes this man was wearing suede loafer type shoes. FUCUALS did not observe the kind of automobile the man wanted repaired. FUCUALS again was shown a photograph of LEE HARVEY OSWALD and said that this white man whom he referred to Ross Avenue Automotive did not in any way resemble OSWALD.

New Orleans on December 20, 1963, advised that JOHN LAURELL FORD was located on December 19, 1963, at 207 Louis Anne Avenue, Monroe, Louisiana. FORD stated he was employed at JERRY DUNCAN's service station in Dallas, Texas, from September, 1963, to November, 1963, and resided at 203 Elston Drive and 2423 Marfa Street, Dallas, during this period. FORD stated he placed a telephone call from the pay telephone located at Duncan Service Station to his mother's telephone, 323-6530, Monroe, Louisiana, sometime in the middle of October, 1963. FORD denied any contact or any knowledge of OSWALD and stated that the photograph of OSWALD does not remind him of anyone he has ever seen at the service station or in the neighborhood. FORD advised that the only person he drank beer with from the neighborhood of the station was a white male, 18-20 years of age, 5'3", 125-130 pounds, reddish blond hair, light complexion, dressed in cowboy boots and Western shirt, who rented a room from Mrs. A. C. JOHNSON across the street from the service station. FORD believes this person, name unknown, was employed at an auto parts store on Jefferson Street. FORD further advised this person does not resemble the photograph of OSWALD.

TEXAS
JERRY DUNCAN, operator, Enco Service Station, 1030 North Zangs Street, Dallas, advised SA HENRY J. OLIVER on December 21, 1963, that he had previously advised that he thought OSWALD had gone out on one occasion to drink beer with JOHN L. FORD, a former employee of this station. DUNCAN advised that the only information he can furnish regarding this is that the person he thought might be OSWALD got in a car with FORD and left with him one night after work. He cannot place the exact date but it possibly was in October, 1963. He only saw this man in the car with FORD, and he was some distance away from him at the time. He stated the person with FORD to the best of his recollection did resemble OSWALD and appeared to be similar in size. He advised he cannot furnish any further information in this regard, and it is possible he might be mistaken.

Mrs. L. A. DURDEN, 1916 Ida Street, Arlington, Texas, was interviewed at Bond's Clothing Store, A-Harris Shopping Center, Oak Cliff Section, Dallas, Texas, and furnished the following information:

She was born in Germany and came to the United States in 1950 after marrying an American serviceman. She said that she and her husband returned to Germany in 1958 and remained there until 1961, at which time they returned to the United States. She advised she is now divorced from her husband, that in August, 1962, she moved to her present address in Arlington and had a telephone installed in her home. Her telephone number is CR 4-2187.

Mrs. DURDEN stated that she receives very few telephone calls and to the best of her recollection, she did not receive a telephone call on October 25, 1963, and that she did not place a call to her residence on that date.

She could not think of anyone who could have called her from the public telephone booth located at the Enco Service Station, 1030 North Zanga Boulevard, and she has no recollection of ever having placed a call from this public telephone booth to her residence, or to any other individual.

Mrs. DURDEN stated that LEE HARVEY OSWALD and JACK L. RUBY were unknown to her prior to the assassination of President JOHN FITZGERALD KENNEDY, on November 22, 1963. She is not personally acquainted with these two individuals and the only information she has concerning them is what she has read in the newspapers and from television and radio.

~~DOUGLAS MOORE~~, 2537 West Kiest Boulevard, an engineering student at Southern Methodist University, Dallas, Texas, was interviewed concerning information which he was said to have drawn from remarks by Professor ILYA A. MAMANTOV in MAMANTOV's television appearance on December 10, 1963, at Dallas, Texas, that JACK RUBY and LEE HARVEY OSWALD had been associated with one another.

MOORE said he had drawn the conclusion RUBY and OSWALD were associated when Professor MAMANTOV had reported that OSWALD had requested he be represented by Attorney JOHN AET of New York City, New York. MOORE said he considered OSWALD's request for this particular attorney to be "some sort of code" between OSWALD and RUBY. This, he said, was the only basis for his having concluded there must be this relationship between RUBY and OSWALD, as drawn from remarks by Professor MAMANTOV. He added that he had not heard the telecast in question but had made his analysis from a report by his mother as to what MAMANTOV had said.

MOORE said it was evident to him, having followed reports closely in the manner of a detective, that RUBY shot OSWALD "to shut him up". He expressed his suspicion of the results of any investigation which might refute reports that the two were associated in the assassination of President KENNEDY. He wondered, too, where OSWALD had gotten "all that money" found in his possession upon his arrest.

MOORE said his interest in following this case had prompted him to call the Dallas Police Department during the afternoon on the day after RUBY shot OSWALD, hopeful that he could get some inside information. His call was switched to one whom he felt to be a young girl. In talking to her, he said he had deduced that some years in the past OSWALD had been employed by RUBY. He expressed uncertainty as to exactly what he had been told and could provide no information which might assist in identifying his source, a girl at the Dallas Police Department.

MOORE said that his father, a realtor, had expressed interest in part-time employment in undercover assignments for the FBI.
