It is understood that the Department now contemplates giving out no information concerning Lee Harvey Oswald but that after the reports concerning Jack Ruby have been reviewed for the purpose of removing any confidential information, they will be shown to Dallas County District Attorney Henry Wade in order that he may indicate the material that would be useful to him and that Mr. Wade will probably be given the material he requests. It is also understood that the Department contemplates furnishing Ruby's attorneys only with a list of the names and addresses of persons who have furnished information having a bearing on Ruby's mental condition.

From your review of these reports, you are undoubtedly aware that in many instances they contain information which may be in the nature of gossip and rumor and which has not been substantiated. Nevertheless, such information represents the views of the persons interviewed and has been reported as it was received by us. This is being called to your attention in view of the fact that if this type of information should be misused or become a matter of public knowledge, it would reflect most unfavorably upon the Department of Justice and the President's Commission.

Although the reports are self-explanatory, I thought you should be alerted to the foregoing observations and I have also alerted Mr. J. Lee Rankin of the President's Commission.
