

January 17, 1964
GENERAL INVESTIGATIVE DIVISION

The Bureau previously learned of the existence of one safety deposit box in Ruby's name. We advised the District Attorney's Office who caused access to safety deposit box to be gained and it was found to be empty. FBI did not participate in gaining access to this safety deposit box. We have previously been advised that SAs Hall and Clements who interviewed Ruby would be subpoenaed by defense to testify at bond hearing on 1-20-64. This has been cleared with Assistant Attorney General Miller and Dallas has been instructed that Agents should testify in answer to subpoena. Agents will testify only as to statements made by Ruby in their presence and statements made by Ruby to them.
