Mr. J. E. Curry
Chief of Police

Subject: Interview with Mr. Fritz Kuler, of
KRLD-TV Station, and Viewing of
Video Tapes (Oswald Shooting).

Sir:

Mr. Kuler, an official of KRLD-TV Station, was contacted by the Investigating Officers and stated that on Sunday morning, November 24, 1963, he was in the Control Room at KRLD-TV Station, and was watching everything that was being monitored at that time. He stated that the Video tape viewed by the Investigating Officers was a continuous tape. He also stated that the live portion started about the time that the Caserman came from in front of the Jail Office window into the basement mess area just prior to Lieutenant R. E. Swain and Captain J. W. Fritz coming out of the Jail Office.

The Investigating Officers timed the video tape from the time Lieutenant R. S. Pierce's car left the basement and started out Main Street until the time the shot was fired. The time recorded on the video machine and checked twice was fifty-six (56) seconds.
