MRS. F. FRANCES H. WATSON

Of course you find out the real truth  
 general and Ruby kind Oswald to order the gun for him  
 for the job he planned or was hired to do he could not have  
 it back to himself. He was laughing up his sleeve what a  
 wicked Oswald was. I suppose he decided Oswald if the gun  
 was not and made one day or two before the episode was to  
 the place Oswald smelled a rat and decided to use it  
 himself. The temptation was so great he never expected  
 to get caught. He saw a elegant way to get back to Russia.  
 He was well trained in all theories and deceit and was  
 an apt pupil. Of course he could clean it up and get a  
 few more cartridges turn it over to Ruby after school finger  
 prints would be on it. take a guess. He could say it just  
 arrived. Tip off the police. They knew each other in the rats.  
 I suppose Ruby had the same idea when Ruby said  
 they punched Oswald it made him so mad he rushed  
 into the jail and murdered the rat. You know the  
 way he hung around the jail finding out everything he  
 could the murder was deeper than patriotism. That  
 does not mean anything to those kind of people. But  
 that is his story and he will stick to it. Ruby in crude  
 because he shows his emotions when Oswald is a slick a glass.  
 Oswald and his wife convinced Russia they could do more  
 damage to us over here than to stay in Russia. He thin  
 brain child exceeded all expectations. The answer is they  
 love is why they got out of Russia so easy. He proved it  
 if they thought Ruby's place with a first tooth comb they  
 will probably find a map traced in with some more maps  
 very innocently. He must have a secret cupboard or well  
 safe where he keeps his secret drops drugs etc.  
 they even find a gun catalog in his place of business  
 with where he lived. You can see by his face he is  
 petty and revengeful. Oswald was taught to kill or  
 nothing as I said he is a lone sheep. You cant be  
 too obvious in a world like that. Every child  
 could see through Ruby. They may even find something of some  
 value that disappeared once Oswald was sure he would be outside the continen  
 tal limits of the United States before he was suspected. Do not think I am  
 a swastion because I figured this out while I was reading  
 that is why I concentrated on within a dishen or a drug addict  
 some time if you want to know I will tell you what past drops have to do  
 with this and the wife of Oswald she knows more than she tells.  
 I am appreciate your interest. I am sure I will tell you all it is.  
 How many years are we supposed to live. Frances H. Watson  
 has special protection for her. 1372-27th Avenue
